MEXICAN BANDITS KILL AMERICANS; BURN TRAIN.

Dawn.

TO RENEW RELATIONS WITH MEXICO TODAY.

Official Recognition of the Carranza Faction by the Pan-Americans.

Breach Between the United States and the Latin Republic that Occurred Two Years and Eight Months Ago to be Formally Bridged by a Personal Letter from Secretary of State Lansing to the Supreme Jefe.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 18.—Diplomatic relations between the United States and Mexico will be formally renewed tomorrow after a lapse of two years and eight months by the formal recognition of Venustiano Carranza as the Chief Executive of the de facto government of Mexico.

Secretary Lansing and the Ambassadors from Brazil, Chile and Argentina and the Ministers from Bolivia, Uruguay and Guatemala, constituting the Pan-American conference on Mexican affairs, met today and decided upon the form in which their respective governments would present recommendation and fixed tomorrow as the time for the act.

OFFICIAL STATEMENT.

Afterwards, Secretary of State Lansing made this announcement:

"The conferees, under instruction from their respective governments, will recognize tomorrow the de facto government of Mexico of which Gen. Carranza is the Chief Executive."

Each government will address to Gen. Carranza a letter of note of recognition to be delivered to Eliseo Arredondo, personal representative of Gen. Carranza here. Mr. Arredondo, who is a first cousin of Mr. Carranza, will leave here Wednesday or Thursday to convey in person the letters of recognition from the several governments.

With the decision on the form of recognition, the Pan-American conference on Mexican affairs adjourned. Five meetings in all had been held, the first two being devoted to framing an appeal to the contending Mexican factions to reach an agreement on their internal affairs. In view of the failure of the important elements to agree, the conference decided that recognition should be accorded to the strongest faction.

Since recognition was agreed on, a week ago, official reports show that a material change for the better has taken place in Mexico; that railroads and telegraph lines are being rapidly repaired, and that conditions are fast becoming normal in many places. Thousands of troops hitherto under Gen. Villa have taken advantage of the offer of amnesty and laid down their arms, and Secretary Lansing and the Pan-American diplomats feel that a fair start has been made toward restoration of peace and reconstruction, the success of which depends now upon the administrative ability of Carranza and his advisers.

ASSURANCES.

Assurances have been given by Carranza that foreigners will be protected in their lives and property, that claims will be paid, that amnesty will be given to political enemies who swear allegiance to the new government, and that there will be no persecutions of the clergy. The American government is hopeful that these promises will be fulfilled.

Tomorrow's action will mean the immediate proclamation of an embargo on arms in connection with the joint resolution passed by Congress in

Science of War.

SERVIANS OUTWITTED BY GERMAN STRATEGY.

Invaders Capture Pozarevac Almost Without a Struggle, Although the Preparations Made There by the Defenders Indicated They Expected to Hold the Teutons at Bay for a Long Time.

[BY ATLANTIC CABLE AND A. P.]

BERLIN, Oct. 18 (via London, 10:15 p.m.)—Telegraphing under date of October 17, the Lokal Anzeiger's correspondent with the German forces operating in Servia says:

"The German and Austrian operations are proceeding successfully along the whole front. The Germans by an extended enveloping movement compelled the Servians to evacuate Pozarevac almost without a struggle, although the defenses of the city has been so strengthened and the advanced positions prepared for keeping the Teutons at a distance that the Servians evidently had planned making a long stand.

"After the evacuation the Servians retired to the heights southward and southeastward, which also were strongly fortified. On the following day heavy fighting occurred there. The contour of the country offered great difficulties, there being few roads. The Servians made a stout resistance on the whole line, but suffering great losses under the bombardments of the German heavy artillery. Especially on the mountain of Vranovo did the enemy fight desperately, but finally after long resistance he yielded this strong elevated position to one of the Brandenburg regiments."

Another correspondent describes the Vranovo Mountain as steeper than the famous Spicherer Heights near Saarbrucken, which was captured by the Germans from the French in 1870.

The Lokal Anzeiger's correspondent in describing the spirit of resistance shown by the Servians says they did not abandon the plateau behind the mountain after the Germans had won the important heights, but continued holding the ground, fighting under greatly unfavorable tactical conditions, until they were slowly pressed back.

Other correspondents also emphasized the bravery and persistence of the Servians, who they say often hold positions until hand to hand encounters become necessary to force their abandonment.

The Lokal Anzeiger's correspondent says that at some places the civilian populations, even women and children, are participating in the fighting.

Editorial Comment.

SIR EDWARD CARSON RESIGNS FROM CABINET.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 19, 3:04 a.m.—Much regret is expressed in the London morning papers over the resignation of Sir Edward Carson as Attorney-General, and there is lively apprehension expressed that it is not impossible that his giving up his portfolio may be followed by other resignations.

The Times says Sir Edward's action was taken on what he holds to be the fundamental question of policy, and that it is understood he is by no means alone in his attitude toward the conduct of the war.

According to the Daily Chronicle, the question of conscription did not come to a head at yesterday's Cabinet meeting, as matters arising out of the Balkan situation, especially the enigmatic attitude of Greece, occupied the Cabinet the whole of the time. But, the Chronicle says, the conscriptionists have not abandoned their intention to force an early decision on the question, and before the week is out there may be sensational developments unless the wiser counsels prevail. The newspaper adds that ministerial resignations are freely talked about, and says the very existence of the coalition government may soon be in jeopardy.

Asking where an alternative government is to come from, the Chronicle contends that even if the conscriptionists should succeed in forming an administration, they would be without a majority in Parliament, and have at least half the nation arrayed against them.

USE WIRELESS TO BEAT CENSORS.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, Oct. 18.—Suggestions that the wireless be used by Americans in communicating with neutral European countries to avoid censorship by belligerents were contained in a letter from Secretary of State Lansing, made public here today by United States Senator James D. Phelan. The letter stated that the State Department was endeavoring to obtain freedom from interception and censorship of commercial messages by the British censors, but that the problem was "obviously a most difficult one."

Outrage.

PASSENGERS, TRAINMEN AND SOLDIERS FALL THE VICTIMS OF OUTLAWS.

[BY A. P. NIGHT WIRE.] (30)

BROWNSVILLE (Tex.) Oct. 18.—A southbound train on the St. Louis, Brownsville and Mexico Railway was wrecked tonight six and a half miles from Brownsville, supposedly by Mexican bandits, and the engineer, several passengers and three United States soldiers were reported killed by the bandits and in the wreck.

A negro reached his home four miles from Brownsville and gave the first report of the wreck and killings. Four companies of United States Infantry were rushed to the scene by special trains followed by two troops of cavalry.

Mexicans severed the telephone line between Brownsville and Villa Nueva, five miles from here, which resulted not only in delaying information reaching Brownsville, but also interefered with communication with Troop B, of the Thirtieth Cavalry, on duty near the scene of the hold-up.

A long trestle half a mile south of the wreck was set afire half an hour after the train was held up, and almost destroyed. This hindered the progress of the first detachment of troops which was sent in pursuit so that the bandits had ample time to flee into the brush.

Passengers who reached here on a relief train early today said that the train was derailed, that Mexicans poured into the coaches shouting "Viva Pizana" and commenced to shoot at the passengers.

Pizana, the man the bandits were cheering, is the supposed leader of the so-called "Texas revolution," nurtured under the "plan of San Diego," which last year contemplated the seizure of border States and returning them to Mexican rule.

Among the dead are:

H. H. Kendall, engineer.

United States Cavalryman, name unknown.

The injured are:

Dr. E. S. McCain, Cameron county physician, probably fatally shot.

Harry Wallis, seriously wounded in abdomen.

Conductor P. E. Moran, slightly wounded.

WEST SHORE TRAIN ROBBED.

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 18.—Six men held up and robbed a West Shore train in Haverstraw and then escaped in an automobile, according to a telephone message received from the police in Weehawken, N. J., late tonight.

After holding up the engine crew the robbers detached the engine and had it run down the track while others opened the baggage car and removed a large number of packages. All then jumped into the automobile and started toward this city.

The amount of their booty is not known.

GERMAN MINE BOAT BLOWN UP.

[BY ATLANTIC CABLE AND A. P.] (30)

LONDON, Oct. 19 (3:50 a.m.)—A German mine patrol boat has been blown up in the Baltic Sea and her crew of ten men are missing and are supposed to have been drowned, says a dispatch to the Exchange Telegraph from Copenhagen. The dispatch adds the wreckage of the boat has been found at Marstal.

Double-decker.

INDICT ALLEGED SPY FOR PASSPORT FRAUD.

[BY A. P. NIGHT WIRE.] (30)

NEW YORK, Oct. 18.—Franz Rintelen, now held in a detention camp in England as an alleged spy for the German army, was indicted in the United States District Court today on a charge of engaging with Edward Meloy in a conspiracy to defraud the government in attempting fraudulently to obtain a passport.

In August Rintelen and Meloy sailed for Holland on the steamer Nieuw Amsterdam. At Falmouth, Eng., both men were seized by the British authorities. Rintelen was held in England and Meloy was sent back to this country. Meloy was arrested on his arrival here and is out on $10,000 bond.

The indictment against Rintelen charges that the conspiracy began last July, when Rintelen appeared in the Federal District Court and applied for a passport to travel in belligerent countries as Edward V. Gates, a native of Pennsylvania. It is charged that Rintelen, as Gates, took an oath of allegiance to the United States. In addition, the indictment alleges that Meloy swore the applicant's name was Gates.

The passport was not issued. But Meloy and Rintelen, who was provided with a Swiss passport bearing the name of Edward V. Gasche, sailed for Holland, with the result that they were stopped at Falmouth.

Recouping.

RUSSIANS DRIVE GERMANS ACROSS THE RIVER Aa.

[BY ATLANTIC CABLE AND A. P.] (30)

PETROGRAD, Oct. 18 (via London, Oct. 19, 2:07 a.m.)—The official communication issued by the War Office today follows:

"In the region of Riga, on the River Aa north of Mitau, enemy elements, which advanced beyond Herzogshof, were thrown back across the river.

"On the Dvinsk front, after the attack repulsed yesterday, the enemy remained passive throughout the day. Only near the village of Pochilini did he make attempts to dislodge us from trenches in the occupied section. We repulsed both these attacks. Artillery fighting continues. Between the Demmen and Dreswiaty lakes there has been no cessation in the fighting.

"The Germans were dislodged with enormous losses from positions north of the village of Nourviantzy, on the southern shore of Lake Dreswiaty. We captured prisoners and machine guns.

"On the upper Niemen, above Deliatheil, we carried by assault the village of Chtchersy.

"South of the Pripet region and on the middle Styr our troops yesterday gained an important success during the occupation of the village of Soviechtchichity, above Rafalovka. We captured thirteen officers, including two battalion commanders and 500 men.

"Detachments of our cavalry charged the enemy near the station of Podcherevitchi, west of Rafalovka. Thus far thirty officers and over 1000 men and some machine guns have fallen into our hands.

"We have occupied the village of Kozlinitchi, below Czartorysk.

"By simultaneous attacks from the north and south our troops occupied the village of Novoselki, on the Styr above Czartorysk, and its bridgehead. After we had repulsed an enemy counter-attack we took over 800 German and Austrian soldiers and a number of bomb throwers and some telegraph stores.

"At dawn yesterday our troops got into the village of Kulikovichi, above Novoselki. Thus far we have captured over 1000 prisoners and many machine guns and bomb throwers.

"On the Caucasian front there were no engagements on the 16th."

MASONIC TEMPLE IS DEDICATED.

[BY A. P. DAY WIRE.]

WASHINGTON, Oct. 18.—The new $2,000,000 Masonic Temple, headquarters of the Supreme Council of Scottish Rite Free Masonry for the southern jurisdiction of the United States, which is also called the Mother Council of the World, was dedicated here today with elaborate ceremonies and in the presence of a large assemblage of distinguished Masons from many parts of the country.

The stately structure fashioned after the famous mausoleum erected for King Mausolus by Queen Artemisia at Halicarnassus—one of the seven wonders of the ancient world—is unique among the many magnificent buildings in the national capital. It stands in Sixteenth-street, about one mile from the White House in a section of the city, where many of the nation's most celebrated public men have lived during their public service in Washington.

The ceremonies were performed by Sovereign Grand Commander George Fleming Moore, assisted by Lieutenant Grand Commander Charles E. Rosenbaum and Sovereign Grand Inspectors-General Charles F. Buck of Louisiana; Ernest B. Hussey of Washington; Trevanion W. Hugo of Minnesota; John H. Cowles of Kentucky; John W. Morris of West Virginia; Adolphus L. Fitzgerald of Nevada and Sam P. Cochran of Texas, the next highest officers of the Supreme Council.

Hard Luck.

MISS MOTT'S JAW IS BROKEN.

SUFFRAGE LEADER SUFFERS MISHAP AT COLUMBUS.

Congressional Union is Notified of the Accident, but Without Details, and Sends Miss Whittemore to Ohio to Carry on the Work There Until Miss Mott Recovers.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON BUREAU OF THE TIMES, Oct. 18.—That her jawbone has been fractured and she will be unable to continue her suffrage speech making is the news contained in a telegrame received at headquarters of the Congressional Union for Woman Suffrage today from Miss Isabel Mott, who is in charge of the union's activities in Columbus, O.

The message gave no details, merely stating that the suffragist had been injured and would be able to make no more speeches for several weeks. How her jaw was dislocated, while making a speech or whether it is the result of a fall or some other accident, no one at union headquarters could say today. All they could say was that Miss Mott's jawbone was broken and that the mishap had robbed them, temporarily at least, of one of the best workers for the cause.

Miss Mott's home is in New York, but she is well known here, having spent several months in the union offices, during which time she took an active part in the open-air meetings and other suffrage work. Miss Margaret Whittemore has been sent to Columbus to carry on the work while Miss Mott is recovering.

EXCITED CHINESE IN NEAR RIOT.

(30)

Five traveling salesmen and about twenty Chinamen as well as half a score of policemen and a special watchman early this morning engaged in a near riot which extended from the New China Cafe on South Main street down to Seventh and San Pedro streets. The trouble all started over an unpaid bill in the cafe and ended when the mistake was explained and the bill made good.

The traveling salesmen among whom were R. F. Daly, registered at the Stillwell Hotel and A. F. Thompson stopping at the Van Nuys Hotel, went into the cafe and ordered some sandwiches and some beer. They paid for the beer and thought they were paying for the rest of the order as well.

When the five left the place they walked by the cashier believing that their bill was all settled. At once the Chinamen in the place, about twenty in number, all rushed into the street and began to blow police whistles. Every patrolman in the down-town district took up the chase after the five luckless traveling salesmen who had never before in their lives traveled so fast.

As the bunch rounded the corner of Seventh and San Pedro streets a special night watchman seeing the fleeing five and the policemen bearing down in the rear, fired three shots in the air. Daly could stand no more and stopped. The rest escaped.

They all then returned to the cafe where the police found out what it was all about. The captive explained that he thought he had paid the bill and gave the name of Mr. Thompson as one of the ones in the party, the rest he declared he did not know by name. Later the bill was paid and the Chinamen all broke into smiles.

LESTER HAYWARD INJURED. (30)

Lester Hayward of No. 2501 Wilshire boulevard, son of Dr. Henderson Hayward, proprietor of the Hayward Hotel, and who a short time ago was much in the limelight when his wife sued his father for $100,000 claiming that he had alienated her husband's affections, was taken to the Receiving Hospital last night suffering from abdominal injuries which, according to the doctors, may prove serious.

Mr. Hayward explained to the doctors that he had received his injuries when he slipped and fell down the stairs leading from the mezzanine floor to the main floor of the Owl Drug Store at Fifth and Spring.

The Great War.

CHANGE OF GENERALS IN GALLIPOLI CAMPAIGN.

Maj.-Gen. Monro is Sent to Dardanelles to Succeed Gen. Ian Hamilton.

Entente Allies More Optimistic Since Receipt of News that Strumitsa has Fallen and that Troops Have been Landed at Enos to Divide the Forces of the Bulgars Co-operating with the Germans.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 18, 10:40 p.m.—Sir Edward Carson, Attorney-General, has resigned from the British Cabinet.

The resignation of Sir Edward Carson, the first open manifestation of the divergence of views known to exist among the ministers, is the result, according to an authoritative statement, not of the controversy over conscription, but of the condition of affairs in the near east. It is expected that there will be exciting debates in the House of Commons this week, as severe attacks on the government are planned by members of the House in connection with the general military policy, especially in the near east.

LONDON, Oct. 19, 12:10 a.m.—Maj.-Gen. Charles Carmichael Monro has been appointed to command the Dardanelles expedition, in succession to Gen. Sir Ian Hamilton, who is returning to England to make a report. This announcement is made by the War Office.

Pending Gen. Monro's arrival at Gallipoli, Maj.-Gen. William Riddell Birdwood will temporarily command the troops.

LONDON, Oct. 18, 10 p.m.—The reports that the allies have occupied Strumitsa and landed at Enos, which was recently transferred from Turkish to Bulgarian rule, has caused a more optimistic feeling in the allied countries.

As to the progress of the near-eastern campaign, it is known from both Servian and German accounts that Field Marshal Von Mackensen's army is meeting with greater resistance than was expected, and, although it is probable that the Servians eventually must fall back on stronger strategic positions in the north, the fact that the allies are bringing heavy forces against the Bulgarians and so placing them that the Bulgarians will be compelled to divide their armies, gives hope here that the Germans may be balked in their latest attempt to reach the sea and bring assistance to the Turks.

All along the Servians and their Montenegrin neighbors, who also are being attacked, are offering very stubborn resistance to both Austro-Germans and Bulgarians, and while they have given up a number of towns and positions, they have not yet reached the line on which they expect to make their stand.

The Bulgarians, so far as can be learned, have made progress only in the Zlotokopska Valley, near the River Morava, north of the town of Vranya, where they blew up a bridge. There is no confirmation, however, of the report that they cut the railway in this district, the bridge which they destroyed being a wooden one near the railway. The Bulgarian force which penetrated the valley is not a large one.

On the other hand, it is pointed out, the capture of Strumitsa is of real strategic value, as its occupation permits the defense of the southern end of the railway and compels the Bulgarians to keep a force there. Enos, too, is of value, and, although not a good landing place, its occupation threatens Dedeaghatch, which has a great harbor and is fortified and mined. The civilian population has already left Dedeaghatch, which is entirely in the hands of the military under German officers.

The Italians, according to the latest reports, will not send a contingent to the Balkans, but co-operation of their navy in the Aegean, where an allied fleet has already gathered, is looked for.

The point at which the Russians will strike has not yet been disclosed. The expectation is, however, that the allies have a surprise for the central powers, and that steps are being taken to bring Turkey to her knees before assistance can reach her.

There has been plenty of heavy fighting on both the eastern and western fronts, but in neither case has either side attempted a general offensive. The Germans are still making a great effort between Riga and Dvinsk, and have met with some minor successes, but thence to the Rumanian border, wherever there has been any fighting, it is the Russians

(Continued on Second Page.)

Prophecy.

SAY ALLIES WILL QUIT DARDANELLES CAMPAIGN.

[BY WIRELESS AND A. P.] (30)

BERLIN, Oct. 18 (via Tuckerton, N. J.)—A special dispatch to the National Zeitung, from the Russian border says:

"Your correspondent learns from a well-informed source that the abandonment of the Dardanelles campaign by France and England already has been decided upon. Russian circles interested in this matter have been informed that the allies will not suspend operations on the Gallipoli Peninsula all at once, but will gradually withdraw troops from there.

"Military circles of the Entente powers are fully convinced of the hopelessness of the Dardanelles undertaking in its present form."

The correspondent adds that another reason for the abandonment of the campaign is that the troops are needed for service in Servia.

CHURCH NO PLACE TO CONTINUE HATE

ENGLISH CHANCELLOR REFUSES MEMORIAL TABLET MALIGNING GERMANS.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 18.—"The wall of a church is not an appropriate place to perpetuate hatred," was the reason given by Sir Philip Wilbraham, chancellor of the diocese of Chester, when refusing to permit a memorial tablet to a victim of the Lusitania in a Holyoke church to bear the inscription "Who was murdered on the Lusitania by the Germans."

The chancellor then suggested that the inscription should read "Who lost his life when the Lusitania was torpedoed by the Germans." This was agreed to.

MAN BADLY HURT IN AUTO CRASH.

(30)

F. G. Rawson of No. 137 South Johnson street, driver of a city water wagon, was seriously injured early last night and Charles A. Brazelle of the La France Apartments at Seventh street and Burlington avenue and R. C. Gartz of Pasadena, were landed in the city jail as the result of a collision between the water wagon and an automobile at Seventh and Olive streets.

According to Rawson and the police who investigated the accident, the two men in the automobile were returning from a beach town. They drove the machine into the rear of the water wagon. The driver of the wagon was hurled from his seat and at the Receiving Hospital he was found to have suffered a broken left leg and other injuries.

Diplomacy.

SAFETY DEFINED IN FRYE NOTE.

Chance to Escape in a Lifeboat not Quite Enough.

Text of the Latest Communication to Germany.

No Rights Waived by Agreement to Arbitrate.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 18.—Publication tonight of the text of the latest note sent by the United States to Germany in the case of the American ship William P. Frye reveals that the United States does not regard "an opportunity to escape in a lifeboat" as sufficient safety for passengers and crew of any American vessel destroyed when carrying contraband.

In the note, which is dated October 12, Secretary Lansing expressed satisfaction that Germany agreed to the American proposal for a joint commission of experts to fix damages for the loss of the Frye, sunk by the commerce raider Prinz Eitel Friedrich, and concurs in the suggestion from Berlin that it is not necessary to appoint an umpire in advance.

In agreeing to submit to arbitration differences which have arisen over the interpretation of the Prussian-American treaty of 1828, the United States places on record its understanding that no rights are waived in the interval. Germany already has given assurances that, pending arbitration, American ships carrying conditional contraband will not be molested, but since practically every commodity of importance has been made absolute contraband, the value of the assurances is regarded by officials as comparatively small. The American government holds that the treaty of 1828 does not permit the destruction under the circumstances of American vessels carrying contraband of any character, and in its note insists that while the arbitration proceedings are in progress more security than is afforded in lifeboats should be given to passengers and crews on American vessels which the German naval commanders may deem it necessary to destroy for carriage of absolute contraband.

"Without admitting that the Declaration of London is in force," says the note, "and on the understanding that the requirement in article 50 of the declaration, that 'before the vessel is destroyed all persons on board must be placed in safety,' is not satisfied by merely giving them an opportunity to escape in lifeboats, the government of the United States is willing, pending the arbitral award in this case, to accept the Declaration of London as the rule governing the conduct of the German government in relation to the treatment of American vessels carrying cargoes of absolute contraband."

In the Frye case the commander of the Prinz Eitel Friedrich took all aboard his vessel; then the Leelanaw, an American ship carrying absolute contraband, was destroyed, the crew taken aboard the submarine and transferred later to small boats when near shore. No complaint has been made therefore as to past treatment, but an effort is being made to safeguard the American lives in the future.

Concluding, the note says:

"The government of the United States concurs in the desire of the imperial German government that the negotiations relative to the signing of the compromise referring this question of treaty interpretation to arbitration under the provisions of article 52 of The Hague arbitration convention should be conducted between the German Foreign Office and the American Embassy in Berlin, and the government of the United States will be glad to receive the draft compromise, which you inform me the Foreign Office is prepared to submit to the American Ambassador in Berlin. Anticipating that it may be convenient for the imperial German government to know in advance of these negotiations, the preference of the government of the United States as to the form of arbitration to be arranged for in the compromise, my government desires me to say that it would prefer, if agreeable to the imperial government, that the arbitration should be by summary procedure based upon the provisions of articles 86 to 90, inclusive, of The Hague arbitration convention, other than the longer form of arbitration before the permanent court at The Hague."

In Time.

THE CZAR AT THE FRONT; A RUSSIAN PEN PICTURE.

[BY ATLANTIC CABLE AND A. P.]

PETROGRAD (via London) Oct. 18, 11:05 p.m.)—The following authorized description of the Emperor's life at the front has reached Petrograd:

"Headquarters has been established in a small two-story house in a White Russia city, the name of which is necessarily omitted. Emperor Nicholas occupies two rooms on the second floor—one as a bedroom and the other as an office. On the same floor are the minister of the court, Gen. Baron Fredericks, and palace commandant, Gen. Voekoff, each of whom occupies a single room. On the first floor are the Emperor's physician and various persons of his suite. The number of servants has been cut to the minimum.

"Near the house, in government buildings and hotels, live Grand Dukes Cyril and Boris and Dmitri Pavlovitch and others of the temporary court.

"At 9 o'clock in the morning, the Emperor, attired in a field uniform, walks to the offices of the General Staff accompanied by one of his officers. With Gen. Alexieff, chief of staff, the Emperor reads the reports and issues orders until 1 p.m. He informs himself concerning the conditions on all parts of the immense fronts, examines maps and discusses events. To the luncheon in the Emperor's quarters are invited the high military officers and the foreign military observers, altogether a dozen persons. The luncheon is brief and simple. No wine is served.

"After luncheon the Emperor chats with his guests. Two o'clock finds the Emperor and Gen. Alexieff again occupied with reports in the Emperor's private office. In midafternoon the Emperor motors for an hour or two and then returns to work until dinner is served at 7:30 o'clock. The dinner is of three courses and is less formal than the luncheon.

"At 9 o'clock in the evening, after brief conversations with his guests, the Emperor returns to his office and works far into the night, Gen. Alexieff frequently staying there for a conference. The General Staff works night and day."

Vim.

BULGARIANS HELD BACK BY SERVIANS, PARIS HEARS.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Oct. 18, 4:45 p.m.—The entire Servian line on the Bulgarian front is being held against the invaders, notwithstanding the superiority of the Bulgarian forces, according to a dispatch to the Temps from Nish under date of October 16. It is declared that the Bulgarian army at Vlassina has been scattered.

"The battle continues along the whole front," says the dispatch. "Detachments of Servians at Obrenovatz on the Save River withdrew towards the southeast in the direction of Lazarevatz to escape the fire of the enemy's heavy artillery.

"The Servians continue to hold positions outside of Belgrade dominating the city and valley of Yezava.

"The Servians evacuated Posarevac so as to avoid a turning movement of their adversaries."

At Broadway Show.

FLOWER GROWERS INVITED TO COMPETE FOR CUPS.

The Broadway Automobile and Flower Show, through the Los Angeles Times, invites noncommercial flower growers of Southern California to exhibit cut roses, chrysanthemums, dahlias, carnations, begonias and other flowers and ferns and potted plants at the big show to be held the 23rd to 30th of this month in the entire building opposite City Hall, recently vacated by the Boston Store. Forty handsome cups are offered as prizes to winners in forty classes. There is no entrance fee nor other obligation. Please fill in and mail the attached entry blank and space will be reserved for you. Each exhibitor is entitled to a season pass, which will be issued at the building the morning of the opening day.

Heavy Losses.

SERVIAN ARMY IS IN RETREAT.

Germans Gain Steadily to the South of Belgrade.

Bulgarians on the East Also Making Progress.

French and Russian Attacks are All Repulsed.

[BY ATLANTIC CABLE AND A. P.]

BERLIN, Oct. 18 (via London.)—The Servian forces in the Macva district of the Save-Drina front in Northwestern Servia, where strong resistance has been offered to the Teutonic invaders, are now beginning to retreat, it was officially announced today by German army headquarters.

The Teutonic advance south of Belgrade continues and progress also is being made in the Pozarevac sector. Additional successes also are reported for the Bulgarians on the eastern border of Servia.

The text of the official statement issued today by German army headquarters staff follows:

"Western theater: The trench work northeast of Vermelles, which projects far into the enemy positions, was repeatedly attacked by the English with strong forces. All their attacks failed with heavy losses, and the trench work remained in our hands.

"Attempts of the French to attack at Tahure were subdued by our fire.

"A new enemy advance, with the object of recapturing lost positions south of Bointrey, was unsuccessful. It cost the French, in addition to sanguinary losses, three officers, seventeen noncommissioned officers and seventy-three chasseurs as prisoners.

"On Schratzmannele the enemy could not recapture a single foot of ground by his attacks, notwithstanding the use of a considerable quantity of ammunition.

"Yesterday German air squadrons attacked the fortress of Belfort, drove off the enemy aviators and dropped eight bombs on the fortress. A number of fires were observed to have been caused by the explosion.

"Eastern theater: Field Marshal Von Hindenburg, in his attack south of Riga, made good progress. Two officers and 280 other prisoners remained in our hands.

"Russian attacks west of Jacobstadt were repulsed.

"West of Illoukst we captured enemy positions extending on a front of about three kilometers (1.8 miles.)

"Further south in the region of Morgon repeated Russian advances undertaken with strong forces were repulsed with heavy losses to enemy. Two officers and 175 men were taken prisoners.

"Army of Prince Leopold: A Russian attack on both sides of the Liachovitschi-Baranovitchi railway broke down under our fire at a distance of 400 yards in front of our positions.

"Balkan theater: In the Macva district the enemy is beginning to retreat on the plateau land. South of Belgrade our troops are advancing against Ovethkov-Grob, and the village of Vroin.

"Southeast of Pozarevac the towns of Ornice and Bosevac have been captured.

"Bulgarian troops have occupied the heights of the Muelin-Percin and Badin Zub. Further south they are pushing forward by way of Egri Palanka.

"Army of Gen. Von Linsingen: On the River Styr from Rafalowka to Kulikovitchni, new local engagements have developed."

SERVIAN WOMEN TO JOIN ARMY.

[BY A. P. NIGHT WIRE.]

CHICAGO, Oct. 18.—John R. Palandech, Servian leader and editor, addressing a meeting of Servians today, declared that an army of 250,000 Servian women, equal in number to the entire regular Servian army, would be soon on the firing line against the German and Austrian forces.

"No women in the world are more courageous than the Servian women," Mr. Palandech said, "and they are not going to sit at home and see their fathers, husbands and brothers driven out of Servia. Many Servian women have been killed fighting at the front, and I have learned from our native land that it will be but a short time until the army of women soldiers will equal that of the men."

Change of Generals.

(Continued from First Page.)

who are attacking, and they, too, claim some gains.

Much the same conditions prevail on the western front. The British have been attacking east of Vermelles, according to the Berlin report, while the Germans attacked the French near Souchez and the French took the offensive in Champagne, Lorraine and the Vosges. None of these attempts is making any marked alterations in the positions of the armies.

CARSON'S RESIGNATION.

The resignation of Sir Edward Carson did not come as a surprise. Sir Edward, prior to the outbreak of the war, was the leader of the movement against home rule for Ireland, which for a time threatened civil war in Ulster county. At that time he was the Conservative member of Parliament, for Dublin University, and gained great notoriety for his speeches attacking the government and the sympathizers of home rule and threatening in case the King signed the home rule bill to aid in setting up a provisional government in Ulster.

He was the first to sign the covenant of resistance to home rule, and led the Ulsterites in the formation of the Ulster volunteers.

When the present coalition government was formed last May Sir Edward was given the portfolio of Attorney-General. Some of the English newspapers expressed the view that this appointment was a mistake in view of his previous antagonism to the government.

The most notable cases with which Sir Edward has had to deal since his incumbency of the Attorney-Generalship were the Board of Trade's inquiry into the sinking of the Lusitania and the proceedings before the prize court for the condemnation of American meat cargoes, which had been seized by the British government on the ground that they were destined for Germany.

Recently there has been unofficial talk in London of Sir Edward being at odds with other members of the Ministry over conscription, the Balkan situation and the Dardanelles expedition. The Attorney-General did not attend any of the Cabinet meetings held recently.

HAMILTON'S RECALL.

That all has not been going well with the expeditionary forces sent to the Gallipoli Peninsula to open the way to Constantinople had been admitted not only by the official reports, but by intimations in high quarters in London. A few days ago in the British Parliament, Viscount Milner suggested the withdrawal of the troops from Gallipoli and their transfer to some other theater of the war.

In reply, Lord Lansdowne said it was impossible for any member of the government to give an undertaking that the troops would be continued in the Dardanelles operations or withdrawn from them

Gen. Sir Ian Hamilton, who has had command of the British troops from the time of their first landing on the peninsula, has in his reports to the War Office chronicled very heavy losses to his forces, with comparatively small gains. The result of this has been to arouse discussion as to whether operations in the Dardanelles were progressing in a way to warrant their continuation.

Gen. Sir Ian Hamilton is one of the veteran fighters of the British army, having seen service in the Afghan war of 1878, the Boer war of 1881, the Nile expedition, various campaigns in Africa and the South African war, in which he was chief of staff to Lord Kitchener. He is 62 years of age.

Maj.-Gen. Charles Carmichael Monro, who was born in 1860, was appointed commander of an army corps last January. He entered the army in 1879 and served with distinction in South Africa in 1899-1900. Later he commanded a division of the Territorial force.

Maj.-Gen. William R. Birdwood, who temporarily takes command of the British forces in the Dardanelles, was wounded in battle last May on the Gallipoli front. He has a record of splendid service in the Boer War, being mentioned several times in dispatches for heroism. In that war he suffered severe wounds.

GERMAN PLEA IS PIGEONHOLED.

[BY A. P. DAY WIRE.]

WASHINGTON, Oct. 18.—The State Department does not contemplate any action on the affidavit filed by the German Embassy charging that marines and sailors of the British patrol boat Baralong killed the commander of a German submarine.

Officials pointed out today that the case did not differ from many others filed by belligerent governments charging violations of military laws and atrocities. The American government has merely filed all such protests.

Alert.

FRENCH STOP GERMAN ATTACK NEAR SOUCHEZ.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Oct. 18.—The official communication issued by the War Office tonight reads:

"After an intense artillery preparation, menaces of infantry attacks were manifested in the German trenches at Bois-en-Hache, and the Valley of the Souchez, where large masses of enemy effectives were gathered. Our artillery, by an energetic and effective barrier fire, and our machine guns, prevented the adversary from debouching.

"An artillery duel in which we had the advantage took place to the south of Somme, in the environs of Tilloloy, Cessier and Saint Leocade.

"On the left bank of the Aisne, to the south of Pommiers, our patrols discovered an enemy ambuscade and brought back prisoners.

"In Champagne the bombardment of the enemy has been very active against the Tahure Hill and the ravine of Lacoutte. Our batteries, in replying on the trenches and bivouacs behind the enemy's front, caused an explosion of a large ammunition depot.

"In the Vosges spirited combats with grenades are reported on the crests of Schratzmannele, and violent cannonading on both sides in the region of Hartmanns-Weilerkopf and in the Valley of the Thur."

The Belgian official communication reads:

"There has been an intermittent bombardment of our positions. Our artillery destroyed an enemy observation post."

Project.

TO ENLIST ARMENIANS TO FIGHT THE TURKS.

[BY ATLANTIC CABLE AND A. P.]

LONDON, Oct. 18, 10:10 p.m.—A dispatch to Reuter's Telegram Company from Petrograd says:

"Capt. Torcom is planning to raise volunteer corps from the Armenians now residing in the Balkans, Egypt, Italy, France, Great Britain and the United States, to fight in the ranks of the allies against Turkey.

"In an appeal with this end in view, Capt. Torcom says the Armenians have been unable to prevent the massacre of Armenians in Asia Minor by the Turks, but that those living in other countries can help fight Turkey, and that the allied powers will not refuse them the right and honor of joining in their war against their oppressors.

"Capt. Torcom's plan provides for the formation of a maximum of thirty battalions and a minimum of ten battalions. Capt. Torcom was wounded during the recent fighting in Galicia, but is now able to leave the hospital and is about to start for London to get his plan in operation."

Relaxation.

CARRANZISTAS ARE JUBILANT.

Recognition Causes Wave of Joy Among His Friends.

Act Declared a Triumph of the American Policy.

"First Chief" Well Fitted, Washington Believes.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 18.—Extension of recognition to the Carranza government in Mexico, decided on today, follows nearly three years of unprecedented relations between the two countries. When, in February, 1913, Francisco Madero, the legally-elected President, was overthrown and Gen. Huerta assumed the executive power, the United States, as well as Argentina, Brazil and Chile, refused to recognize Huerta. Unofficial relations were maintained by the Washington government for several months, first through Ambassador Henry Lane Wilson and later through Nelson O'Shaughnessy, Charge d'Affaires. The charge finally was withdrawn in April, 1914, after an ultimatum had been sent to Huerta which resulted in the occupation of Vera Cruz by the United States navy. The American Embassy was in charge of the Brazilian Minister until a few months ago, and at present American interests in Mexico City are being handled by C. P. Parker, originally a clerk in the American Embassy.

GREAT JUBILATION.

The final decision to recognize a government in Mexico caused much jubilation among the Carranza followers here. Mr. Arredondo pointed to it as a triumph of Pan-American policy. Carranza, the recipient of the honor, was the first to rise in revolt against Huerta. He was at the time Governor of the State of Coahuila, and in accordance with a provision in the Mexican constitution which requires that the Governor uphold the constitution, the revolutionists or "Constitutionalists" chose him as the rightful successor of Madero and the "depository of the executive power." In Mexico, he is known today as "the first chief of the Constitutionalist army in charge of the executive power."

Gen. Carranza's career has been a picturesque one in Mexican politics. He was born fifty-six years ago of a prominent family which supported Benito Juarez in the three years' war and against the French invasion. He studied for a professional career at Saltillo, his home, and Mexico City, but was forced to abandon it on account of poor eyesight. Later he took to farming. He entered politics early and always has been an advocate of local self-government. He was the first municipal president of Cuatro Cienegas, a deputy to the State Legislature of Coahuila, and afterwards a member of the Mexican Senate from the same state.

OPPOSED DIAZ.

He opposed the Diaz regime politically and ran for Vice-President on the ticket with Gen. Bernardo Reyes against Diaz. He supported Francisco Madero in his unsuccessful campaign in the election of 1910 against Diaz. He was a member of Madero's Provisional Cabinet while in revolution against Diaz and afterward became Provisional Governor of Coahuila. Later in the general elections he was chosen by a large majority Governor of Coahuila and began a system of reforms in his home state on taxation and land laws, introducing also a new state constitution.

When Carranza first took up arms against Huerta he called a conference of revolutionary chiefs at Hacienda de Guadalupe, from which was issued the famous plan of Guadalupe disavowing the authority of Huerta and providing for the conference in Mexico City of revolutionary chiefs on the triumph of the revolution. When such a conference was called after the overthrow of Huerta, a disagreement arose between Carranza and Gen. Villa, commander of the Division of the North, as to the manner of choosing delegates to it. Another convention was held in Aguascalientes, but this Carranza refused to recognize, declaring it had been dominated by Villa troops who were in the city or near.

For more than a year now the Villa and Carranza factions have been fighting each other with the Zapata element also in the field against Carranza, often in co-operation with the Villa leaders.

Official reports show now that Carranza's forces, led by two division commanders, Gen. Alvaro Obregon and Gen. Pablo Gonzalez, have swept the country, with the exception of a part of the states of Chihuahua, held by Villa, and territory in Southern Mexico held by the Zapata followers. The military supremacy achieved is deemed sufficient under international law to extend recognition and tomorrow's action will make this policy an established fact so far as the principal governments of this hemisphere are concerned.

MORE FIRING ACROSS BORDER.

[BY A. P. DAY WIRE.]

BROWNSVILLE (Tex.) Oct. 18.—The first firing across the Rio Grande in more than three weeks occurred at 4 o'clock Sunday morning near the Mercedes pumping plant, thirty-five miles above here, when Mexicans fired from thirty-five to forty shots The American soldiers returned the fire, but no one was hurt.

Capt. Hassan, in command there, reported to Fort Brown that a Mexican dance was in progress on the Mexican side, where the shooting occurred, and that he did not believe the occurrence serious.

Constant vigilance is being maintained by military authorities.

Consul Garza, in reporting the result of an investigation by Gen. Lopez of the shooting at Mercedes, said a revolver fight occurred among the civilians at a dance. One Mexican was killed and one wounded. Arrests of those implicated have been made and they will be brought to Matamoros for trial immediately.

Consul Garza also delivered a message from Gen. Lopez complaining that at some points in Hidalgo county, opposite the Mexican side, persons hidden in the brush often fired on his soldiers when they appeared along the river front on patrol duty. He said if this continued it would be impossible properly to patrol the Mexican side in co-operation with the American military authorities.

"The firing is probably done by bandits or by enemies of Carranza," Garza said.

Mexico.

(Continued from First Page.)

March, 1912. All consular representatives of the Carranza government will be recognized in their official capacity as soon as they present credentials and apply for exequaturs. American Consuls in Mexico who have not possessed exequaturs will apply for them now, and it is understood incidentally that the American consular service in Mexico generally will be reorganized.

European governments will be notified by Secretary Lansing of the Washington government's action in extending recognition, and although no suggestion will be made to them, it is understood most of them will follow the lead of the United States.

An American Ambassador to Mexico has not yet been selected, but it is understood one of the diplomatic representatives of the United States already in one of the Latin-American countries probably will be chosen.

CARRANZA REPORTS.

Carranza reports today say Toluca, near Mexico City, has been taken from Zapata forces, that nearly half the State of Chihuahua is completely controlled by Carranza troops, that Juarez is cut off from the interior, and that many towns in the north are arming against attack by Villa forces.

It was reported that before evacuating Parral, Villa troops sacked the city. Food supplies in large quantities were said to be arriving in Mexico City. One dispatch reported the defeat of Rafael Buelna, a Villa leader, on the west coast, whose force at Tepic fled to the mountains.

Reports that Zapata had threatened Americans are discounted in today's dispatches, which say no Americans are known to be in his territory.

Gen. Carranza's War Office has been moved from Vera Cruz to Mexico City.

DECLARES ABILA A FILIBUSTERER.

OTHERS DENY THIS AND SAY THE EXPEDITION IS TO AID CARRANZA.

[BY A. P. NIGHT WIRE.]

VANCOUVER (B. C.) Oct. 18.—It was reported in Vancouver today that the Abila expedition intended to go filibustering on the Mexican coast. This was, however, denied by an associate of Abila, who said that the Mexican was a close friend of Carranza. Abila undoubtedly started for Mexico with the intention of aiding Carranza's cause if possible, and in return for this Carranza was to give him a concession which included a large tin mine property. To investigate this end of the deal, and possibly to take charge of the property, Jones and Baillie are believed to have joined the expedition.

The official list of the crew filed at the Victoria customhouse is as follows:

"Capt. Delouchrey, chief engineer, F. E. Harrington; second engineer, J. S. Walsh; mate, H. R. Jones; cook, A. Allan; purser, Mr. Baillie; servant, R. Mediner.

MANY MEXICANS ARE CONVICTED.

[BY A. P. NIGHT WIRE.]

EL PASO (Tex.) Oct. 18.—A jury in the United States District Court here today returned a verdict of guilty in the cases of Ricardo Aguillar, Albino Frias and sixteen companions, charged with violation of the Federal neutrality laws. Aguillar and Frias were colonels in the Orosco army, Frias being a brother-in-law of the late Gen. Pascual Orozco.

The men were arrested July 30, 1915, at the Polvo Ranch, near Fort Hancock, Tex., by a detachment of United States cavalrymen. They were well supplied with munitions and provisions and were about to cross the Rio Grande into Mexico when apprehended. Sentence was deferred.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on a trip. It cannot be obtained on board the trains or steamers.—[Advertisement.

ONE BILLION IN SIX YEARS.

Wilson's Defense Programme is More Definite Shape.

President to Speak on the Subject in New York.

Will Define the Reasons Behind the Project.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 18.—A national defense programme that probably means an expenditure on the army and navy of upward of $1,000,000,000 in the next six years will be laid before the people by President Wilson November 4, when he goes to New York to make his first public address since the scope of the policy which his administration has adopted became known.

The President will speak before the Manhattan Club of New York on national defense and the reasons which have impelled him to approve plans to about double the navy and quadruple the trained fighting forces within a few years.

From the estimates of the War and Navy departments submitted for the coming year, the breadth of the administration's policy as to preparedness is being realized.

THE TOTALS.

It shapes in totals as follows:

Navy—For new ships and increased personnel in five years, $500,000,000.

Army—For reserve, material (arms and ammunition) within four years, $[illegible]. For new coast defenses and modernization of old forts within six years, $51,000,000.

For the new continental army and the proposed increase in the regular army, $126,000,000. (This amount probably will be a continuing and, if anything, increasing appropriation through the first six-year period, which would make the total expenditure at that time $156,000,000.)

The grand total expenditure thus already planned would be $842,000,000.

THE YIELD.

According to plans laid out by experts of the Navy and War departments these expenditures would produce by 1925 a first line of dreadnoughts and battle cruisers numbering thirty-three; a fleet of coast-defense submarines that would fringe the Atlantic and Pacific coasts with an almost solid line of defense against attack; a fleet of nearly 175 destroyers and squadrons of huge sea-going submarines to operate with the battle fleets at great distance from

For the army there would be at the end of six years a trained force of [illegible] men, including a regular army of 140,000 and the proposed continental army and reserves; a ring of fully-manned coast defenses, armed with the largest and most powerful guns yet built and a vast supply of field guns, machine guns, rifles and big-gun ammunition.

A definite step toward enlarging the navy was taken today when contracts were awarded for twenty-two of the submarine craft authorized by the last Congress. They are six big cruiser submarines, thirty-knot boats, each to carry twelve torpedo tubes, four 4-inch guns and two 3-inch anti-aircraft guns, and sixteen coast-defense submarines, each displacing more than [illegible] tons, each equipped with a 3-inch disappearing rifle for surface work. The day set a new record for the department in the number of contracts awarded.

Neither War nor Navy Department estimates for the coming year have been made public as yet in detail. It was learned today, however, that of the $72,000,000 increase over last year's bill to be asked by the War Department, $46,000,000 would go to reserve material and coast defense works, the remaining $26,000,000 to be used in building up the armies, regular and continental. Of this $46,000,000 would go in building and arming the new forts which will guard the entrance to Chesapeake Bay.

COAST DEFENSES.

It is proposed to spend more of the money in building new forts to guard New York, San Francisco and other great harbors from attack. Giant 16-inch rifles will be mounted in these defenses of the first class so enemy craft with modern guns will be dangerous from great distance.

Another expenditure contemplated is fitting the present 12 and 14-inch rifles with carriages that will give them greater range. Much already has been accomplished in that line and the work will be carried on until every fort is modernized. No 16-inch rifles will be installed in place of smaller guns, it is said, because to make all the changes in magazines, hoists, machinery and the like would be more expensive and less satisfactory than to build new emplacements for these huge weapons.

The Navy Department has still to award contracts for the major portion of the building programme authorized by the last Congress. Contracts will be awarded next month for four fleet submarines, bigger, faster and more powerful than any submersible craft ever designed. The largest, now building, will displace [illegible] tons and make twenty knots on the surface. The new boats will displace 1200 tons and make twenty-five knots. Next month contracts will be let for two 32,000-ton superdreadnaughts, ships which carry around a dozen 14-inch rifles each, and which have new protection against submarine attack, the nature of which is closely guarded.

Of the $68,000,000 increase to be asked for the navy next year, the bulk would go into four big ships, two superdreadnaughts and two superbattle cruisers. They would be the first of the dozen capital ships to be laid down within five years, under the administration programme, the last of which would not be in commission until [illegible].

The building of these four ships will tax the capacity of American ship yards. There are only five commercial yards now equipped to build such vessels, four on the Atlantic and one on the Pacific. The government itself has only one yard, the Brooklyn navy yard, where battleships can be built, though it is planned to equip the Philadelphia yard also and the Bremerton plant for this work. Development of the new building programme must follow these re

The present programme of not more than four big ships a year, it is pointed out today, also gives opportunity to keep the designs up-to-date from year to year.

This is one reason why it is proposed to build only two battle cruisers the first year and none the second. Naval architecture is making such great strikes of the great navies of the world engaged in actual hostilities, that American designers hesitate to recommend the construction of a large number of ships at one time. Each year sees radical alterations in battleship design, even in peace times.

NEW HAVEN CASE BEGINS.

Government Outlines its Charges Against Eleven Past and Present Directors Accused of Conspiracy.

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 18.—The alleged unlawful methods by which the New York, New Haven and Hartford Railroad Company is charged with having secured a monopolistic grip on the transportation traffic of New England were set forth to the jury today by Robert L. Batts, the counsel, in opening the case for the government at the trial of William Rockefeller, Lewis Cass Ledyard and Edward D. Robbins and eight other present and past directors of the road for alleged conspiracy to violate the Sherman law.

Suits to force the foreclosure of the competing roads, secret acquisition of stock, the incorporation of dummy companies for the sole purpose of concealing ownership of rail and steamship lines taken over, fictitious sales of securities in order to deceive the authorities of Massachusetts as to their actual ownership, the use of money to obtain control of a Boston newspaper and to secure favorable legislation, the sacrifice of millions of dollars of stockholders' money in acquiring competing properties; the burning of books and the transfer of records to Canada and beyond the jurisdiction of the Federal authorities—these were some of the acts alleged by the Federal attorney as having been committed by the New Haven directors, with "criminal intent and with full knowledge that they were unlawful."

Mr. Batts emphasized in his address that had the New Haven combination been attained in the natural and legitimate growth of business it might not necessarily have come within the scope of monopolistic corporations which the Sherman law was intended to reach.

William Rockefeller followed the trial today with apparently more watchful interest than any of the other defendants. While the government attorney was using the map, the aged millionaire occasionally rose to his feet to get a better view. Leaning on his cane, he would stand for several minutes watching every move of the attorney's pointer. Mr. Rockefeller also took occasion today to introduce himself to the Federal attorney and engaged with him in seemingly amiable conversation.

Comment.

OUR NEUTRALITY IS SUSPICIOUS.

SO DECLARES EDITOR BERNHARD OF BERLIN.

As to the Holding up of Von Bernstorff's Mail He Declares an Explanation of Our Obligations to the German Ambassador is Urgently Needed.

[BY ATLANTIC CABLE AND A. P.]

BERLIN (via London) Oct. 18.—George Bernhard, editor of the Vossische Zeitung, continues today his weekly discussion of matters relating to Germany and the United States. He reviews the case of Dr. Constantin Dumba, the Austro-Hungarian Ambassador, who was recalled by his government—the latter's letter to Secretary of State Lansing, having just been published here—and draws the conclusion that Count von Bernstorff, the German Ambassador at Washington, also is having difficulty in communicating with his government because his official report on his Arabic negotiations has not yet been made public.

After declaring that Dr. Dumba's letter "belongs to the most sensational written revelations in this all-too-sensational war," Dr. Bernhard says:

"These reports of the Ambassador throw a new, most suspicious light on the neutrality of the United States."

After lengthy speculation as to whether Count von Bernstorff's messages are being held up, as Dr. Dumba's are alleged to have been, the writter declares:

"It appears to be urgently necessary to secure an explanation as to how America is fulfilling toward the German Ambassador the obligations prescribed by international law."

Count von Reventlow devotes column in the Tages Zeitung to the American naval programme for the coming five years and says:

"It is significant that the United States is carefully watching the present war and, notwithstanding the submarine successes, has decided on the construction of sixteen huge battleships."

GERMANS FOR CONSTANTINOPLE.

[BY ATLANTIC CABLE AND A. P.]

PARIS, Oct. 18, 5:10 a.m.—A dispatch from Basel, Switzerland, says it is learned that a German lieutenant, detached from duty while convalescing, has received orders to rejoin his corps, the Sixteenth Bavarian, at Dedgaehatch, Bulgaria, between November 16 and December 3. After this time, the order is declared to state, the corps will be stationed at Constantinople.

WILSON ENJOYS GAME OF GOLF.

Plays with Dr. Grayson on the Columbia Links.

Mrs. Galt is Kept Busy with Her Correspondence.

President's Fiancee is Nearly Swamped with Letters.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

WASHINGTON BUREAU OF THE TIMES, Oct. 18.—The President and Dr. Cary Grayson played golf at the Columbia Country Club this afternoon, a number of interested eyes following them through the game. The trip to this club is rather an innovation, as the President more frequently goes to the Washington Country Club, across the Potomac River in Virginia. It is more private, and he likes the automobile trip to and from the club. Tonight, the President and his cousins, Miss Bones and the Misses Smith, and Dr. Grayson dined at the White House.

Mrs. Norman Galt, the President's fiancee, is still almost completely swamped with constantly arriving notes and letters which she must answer personally, and she spent the morning at her desk. Her pretty little drawing-room with its mahogany furniture upholstered in American beauty red damask, was fragrant with numerous vases of American Beauty roses, and the dining-room adjoining held the same stately tribute of flowers from the President.

THAT WEDDING DATE.

Plans for the President's wedding are maturing rapidly, and it would not be surprising if it takes place early in November, or even before then. That is what would please official society, for it would give it a settled status for the winter season.

Miss Margaret Wilson will sing in Cleveland tomorrow, and is expected to come to Washington from that city. The President and his family spend some quiet times in listening to Miss Wilson's voice on the records she has made of the President's favorite songs. She learned a number of famous old Scotch songs to please her father, and sings them in charming dialect. These records will be heard many times when Miss Wilson herself is in distant parts of the country. Miss Wilson has her own piano at the White House, and every arrangement will be made to have her apartments undisturbed.

WOMAN LAWYER FOR MAX LYNAR.

SHE GIVES HIS NAME IN FULL, BUT IT IS TOO LONG FOR THE HEADLINES.

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 18.—Max Lynar, also known as Count Max Lynar Loudon, was arraigned today on a charge of bigamy and recommitted to the Tombs in default of $10,000 bail.

Lynar was arrested four days ago by Federal agents and later turned over to the civil authorities. He was charged with having married Amelie Wendt at Poughkeepsie, N. Y., September 25, 1893. He is also alleged to have married, under the name of Count de Passick, Leila F. Jansen on September 9, 1911, and, under the name of Loudon, Rose O'Brien of Albion, N. Y., September 14, 1914.

After returning to the Tombs, Lynard gave out a statement through Miss Louise Winterer, in which he denied that he was guilty of bigamy or that he had ever been a German spy. He added that he was a victim of circumstances and mistaken identity.

Miss Winterer, who said she had been Lynar's attorney for three years, said his real name was Count Maximillian Rochus de Passy Lynar Loudon.

W. G. GRAHAM IS KILLED.

California Pioneer Accidentally Steps Out of Window and is Dashed to Death.

[BY A. P. NIGHT WIRE.]

NYACK (N. Y.) Oct. 18.—W. G. Graham, a California pioneer, while visiting his son-in-law, the Rev. A. H. Fish of the First Presbyterian Church here today, accidentally stepped out of a window and was killed. Mr. Graham was in his 85th year, and belonged to the Society of California Pioneers.

PIONEER HOTEL MAN.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 18.—William G. Graham, news of whose death reached here today, was well known throughout California in the early days as a hotel-keeper. He came to California in 1849 on the schooner Emory.

He established a hotel in that year at the Calaveras Big Trees and was later connected with the Pacific Congress Springs Hotel, the Visalia Hotel and the Vance Hotel of Eureka. He then came to San Francisco and conducted the Morton House, which antedated the Lick and Russ Hotels, famous hostelries of the early days. Until recently he lived with his son George S. Graham, of San Rafael.

JEFF DAVIS'S CAPTOR BURIED.

Funeral Services for Private William P. Stedman of Michigan are Held in Washington.

[BY A. P. DAY WIRE.]

WASHINGTON, Oct. 18.—Funeral services were held here today for William P. Stedman, a former private in the Fourth Michigan Regiment during the Civil War and the captor of Jefferson Davis after the fall of Richmond. Stedman died here yesterday at the age of 79 years. He had been a resident of Washington for almost a quarter of a century, and at the time of his death was an employee of the Department of Agriculture.

STOPS ANY COLD IN A FEW HOURS

"Pape's Cold Compound" opens clogged nose and head and ends grippe

Relief comes instantly.

A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.

Jersey.

PRESIDENT TO VOTE FOR SUFFRAGE TODAY.

[BY A. P. NIGHT WIRE.]

NEWARK (N. J.) Oct. 18.—The vigor of the hot campaign waged by women workers for suffrage rose to its highest pitch tonight, election eve, in every section of New Jersey. All day the yellow banners of the suffrage associations, and the green, white and purple of the woman's political union fluttered from hundreds of automobiles from Cape May to the New York line and tonight there were few communities in the State, even of the smallest, where the voices of feminine orators were not lifted from the streets for the cause.

President Wilson's vote for suffrage will be cast in Princeton.

Any man's guess—or any woman's—was as good tonight as any others as to how the battle would go tomorrow. The campaign has been entirely nonpartisan and both sides declare they are equally confident of a victory at the polls.

TO VOTE EARLY.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 18.—President Wilson will leave here early tomorrow morning for Princeton, N. J., to cast his ballot in the special State election on a constitutional ballot giving suffrage to women. He has announced he will vote for the amendment. He will return to Washington tomorrow night. Secretary Garrison, Secretary Tumulty and several score employees at the White House and in different government departments also will go back to New Jersey to vote.

Homes—

If it pays the landlord to own a house, surely it will pay you when the cost will be just what you now spend for rent alone.

You cannot afford to continue renting. Think how much money you pay out, and what you get in return.

Nothing but a bunch of receipts.

Ask your successful friend—ask any one of the hundreds we have sold bungalows to on the rent-payment plan. They are better advertisers for us than printers' ink. They are saving money and own their own homes—that's why.

Turn over a new leaf today—put that $18 or $20 a month into your own pocket.

Today's Two Best Bungalow Buys—

Four rooms, bath and screen porch for $1850—all modern—with gas, electricity, water, etc.—ready for you to move in—flowers, lawn and fruit trees now in—20 minutes from Broadway by 5c yellow car line—$75 down and $18.50 a month, interest included.

Five rooms, bath and screen porch for $2350—with all conveniences, gas, electricity, etc.—two blocks from yellow car line—20 minutes from Broadway—$100 down and $20 a month, interested included.

Call or phone—it will pay you to go and see them. We cannot bring them to you. A few minutes' talk with us may save you many hundreds of dollars. Try it.

Many Kinds of Rheumatism One Sure Mode of Treatment

Authorities Say Don't Use Liniments. Treat It Through the Blood. You Can't Rub It Out!

Whether your trouble is Sciatica, Lumbago or the dreaded Articular Rheumatism, the answer is the same. You must treat it through the blood. That is the only way to rid the system of uric acid, purify the blood and revitalize the nerves. If the blood is freed from impurities, Rheumatism must go. This, in short, is the exact knowledge gained by the research laboratories of the S. S. S. Co., in Atlanta. There tests have been made for fifty years. They know what Rheumatism is. They know that S. S. S., the remarkable blood tonic, which they originated, will relieve you of Rheumatism. Take S. S. S. today. The complete recovery of thousands of sufferers by the use of S. S. S. is positive proof that you can be relieved. S. S. S. is a blood tonic—a purifier that restores the blood, revitalizes it, cleanses it, makes it pure as it was before it became poisoned with impurities. S. S. S. gives it strength to drive out these impurities—the uric acid and organic poison and with it the Rheumatism. Get S. S. S. at your druggist's. If you need special advice write to S. S. S. Co., Atlanta, Ga.

Most Eminent Authorities Endorse It

A New Remedy for Kidney, Bladder and all Uric Acid Troubles

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authors—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, or you suspect kidney or bladder trouble, just write Dr. Pierce at the Surgical Institute, Buffalo, N. Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce during many years of experimentation has discovered a new remedy which is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from backache or the pains of rheumatism, go to your best druggist and ask for a 50-cent box of "Anuric" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for weak women and Dr. Pierce Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies today—as well as Dr. Pierce's Pleasant Pellets for the liver and bowels. You can have a sample of any one of these remedies in tablet form by writing Dr. Pierce.—[Advertisement.

The Times Free Information Bureau
619 South Spring Street

THE TIMES FREE INFORMATION AND RESORT BUREAU is for the accommodation and benefit of persons seeking interesting routes of travel, desirable hotels and rest, recreation and recuperation at the seashore or in the mountains.

Particulars are furnished by competent attendants and by correspondence to the general public regarding rates and attractions of railroad and steamship lines, hotels and pleasure and health resorts. Photographs, descriptive circulars and transportation literature are kept on hand for inspection and distribution. Times readers can obtain here in a few minutes without the delay incident to writing for it, all the information necessary for a safe and enjoyable journey or vacation. This service is absolutely free. Literature also may be obtained at the New Times Building, Broadway at First street.

PERSONS CONTEMPLATING VISITING LOS ANGELES ARE PRIVILEGED TO HAVE THEIR MAIL ADDRESSED TO THE BUREAU.

DON'T BE BILIOUS, HEADACHY, SICK OR CONSTIPATED

Enjoy life! Liven your liver and bowels tonight and feel great.

Wake up with head clear, stomach sweet, breath right, cold gone.

Take one or two Cascarets tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand; your head will be clear, your tongue clean, breath sweet, stomach regulated and your liver and thirty feet of bowels active. Get a box at any drug store now and get straightened up by morning. Stop the headache, biliousness, bad colds and bad days. Feel fit and ready for work or play. Cascarets do not gripe, sicken or inconvenience you the next day like salts, pills or calomel. They're fine.

Mothers should give a whole Cascaret anytime to cross, sick, bilious or feverish children because it will act thoroughly and can not injure.

THE WEATHER BACK EAST.

Much Warmer Temperatures Prevail, with Rain—In Texas Floods Do Much Damage.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO BUREAU OF THE TIMES, Oct. 18.—Chicago was warmer today, with considerable rain morning and evening. Maximum temperature was 68 deg. This was about 4 deg. above other lake cities. Eastern States were warmer today, and the Southwest and Middle West generally showed a few degrees higher. Devastating floods are reported from Texas, with indications the storm will spread north. Heavy rains fell in all the East Central States today. Other temperatures:

LORIMER AS A BORROWER.

Bank Examiner Reeves Testifies at the Trial of C. B. Munday, Charged With Conspiracy.

[BY A. P. NIGHT WIRE.]

MORRIS (Ill.) Oct. 18.—Owen T. Reeves, president of the Drovers' National Bank of Chicago and formerly a national bank examiner, testified today at the trial for conspiracy of C. B. Munday, vice-president of the defunct La Salle Street Trust and Savings Bank.

Reeves stated that on his first examination of the Munday bank when it was a national institution, early in January, 1912, he found the loans to the directors far too large for any bank. Sixty per cent., he said, had been lent to President William Lorimer and Vice-Presidents Munday and Huttig and their concerns. Of the $800,000 in loans the witness said, Munday and Lorimer had borrowed about $400,000, Lorimer getting about $150,000 of this sum. He said Huttig had borrowed about $130,000 for his enterprises.

Poslam Soothes and Heals Many Skin Troubles

By all means try Poslam, if you need any remedy to better your skin's condition

It merits use whenever the skin is disordered, for its healing powers are unusually efficacious. Relief is quick. Itching is allayed. Inflamed skin is soothed. Improvement may be noted daily. Poslam for the treatment of Eczema, Acne, Itch and stubborn skin affections, is a most helpful healing agent; reduces Pimples, Rashes, Undue Redness, relieves tired, chafing feet.

As to soaps for the skin—if ordinary kinds irritate, try Poslam Soap, medicated with Poslam.

For samples, send 4c stamps to Emergency Laboratories, 32 West 25th St., New York City. Sold by all Druggists.

AMERICAN SHIP FORCIBLY HELD.

Colombia Seizes the Academy at Buenaventura.

San Francisco Owners Protest to Washington.

German Master Arouses Suspicions of Southerners.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 18.—The American schooner Academy, reported detained near Buenaventura, Colombia, sailed from here June 21, in ballast with a crew of nine men for Callao, Peru. Her master was Capt. L. J. Behm.

The Academy was a white-painted schooner of eighty-seven tons, eighty feet. Normally she carried a crew of about six men. Shipping records showed she was purchased in 1913 by Capt. William Peters of San Francisco, who was not known in shipping circles here. The vessel has been running to the South Sea Islands and Mexican ports.

A protest against detention of the vessel was telegraphed today to the State Department at Washington by attorneys for the present owners of the Academy, the California Exploitation Company, of which Adolph Behm of San Francisco is president.

Capt. Behm is a brother of Adolph Behm.

COLOMBIANS SUSPICIOUS.

[BY PACIFIC CABLE.]

BOGOTA (Colombia) Oct. 18.—An American yacht bound from San Francisco with the name Academy painted over the name Ethel, and carrying an unusually large crew, is being detained by government authorities near Buenaventura, a Colombian port on the Pacific, under suspicious circumstances.

According to Colombian officials the vessel's papers are irregular. The German name of the master of the ship, it is asserted, has been erased from the papers and an American name substituted.

The yacht was searched, but nothing was found to indicate the mission of the crew. The vessel will be detained until her legal status has been established.

BRITISH SUSPECT PLOT.

[BY A. P. DAY WIRE.]

WASHINGTON, Oct. 18.—British agents in this country recently reported they believed some yachts were being outfitted in California waters and on the Atlantic Coast to be manned by German crews, to attack tank ships carrying fuel oil from the Mexican fields for the British navy. Their report was soon followed by the disappearance of the German sailors from the cruiser Kronprinz Wilhelm in a yacht from the Norfolk navy yard. A small yacht which outfitted at Pensacola, Fla., also was the subject of investigation. Another, they reported, was being prepared for sea in the Gulf of California.

SEARCH CUBAN WATERS.

[BY A. P. DAY WIRE.]

GALVESTON (Tex.) Oct. 18.—That a British cruiser is in Cuban waters searching for the yacht Two Sisters, which, with German ship officers on board, left this port for Havana early in September, was the information reaching here today. Reports have been current that the Two Sisters was intending to prey upon commerce of countries at war with Germany. It is known that two of the men who left here on the yacht had formerly been officers on the steamship Dacia before that vessel was changed from German to American registry.

HEADED FOR CUBA.

[BY A. P. DAY WIRE.]

WASHINGTON, Oct. 18.—The six missing petty officers and seamen from the interned German cruiser Kronprinz Wilhelm at Norfolk, now are believed to be making their way to Cuba. The Navy Department has received the report of a ship captain who saw the power boat Eclipse off Virginia Beach last Monday.

Publicity.

LET THE PEOPLE KNOW THE FACTS.

SECRETARY OF STATE JORDAN REPLIES TO NEYLAN.

Reiterates that the Statistics He has Given Out Prove Beyond Doubt that the Johnson Administration is Burning up the Taxpayers Money for Commissions.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN FRANCISCO BUREAU OF THE TIMES, Oct. 18.—Secretary of State Frank C. Jordan tonight issued the following statement in reply to one by Chairman John F. Neylan, of the State Board of Control, in the controversy about expenses for State commissions, State boards and other appointive offices under the Johnson administration:

My attention has been called to the statement of Mr. Neylan. I have given out four tables. Table No. 1 showed that the appropriation in 1915 for maintenance of commissions, boards and other appointive officers of the two years, 1915-16 was over $2,600,000 more than the appropriation in 1909 under the Gillett administration for the same purpose for the two years 1909-10.

Will Mr. Neylan say that that statement is incorrect?

The second table showed an increase of over $250,000 in the appropriation for support of elective State offices for 1915-16 over that made for 1909-10.

Will Mr. Neylan say that that statement is incorrect?

The third table showed in detail the salary roll, increase in salaries and number of employees for September, 1915, as against September, 1910, also that in September, 1910, there were 365 names on the statutory pay roll which in that month amounted to $71,171.60, and that in September, 1915, it had increased to $180,340.08 a month and the number of persons on the roll had increased to 694. That the Industrial Accident Commission had ninety-one employees on the September pay roll; the San Francisco Harbor Board, 767, when in September 1910 under Gillett there were but 333, that the Railroad Commission had in September 1910, eleven, and last month 112, the Highway Commission had last month 543 men on the roll. That the Fish and Game Commission in September 1910 had forty-three employees against 103 last month. The motor vehicle department, sixty-one last month. That these six departments had 1627 men on the roll; 1401 were working for new commissions. It also showed that in seventy-six offices under Gillett in September 1910 there were but 2846 men, whereas in 1915 in the same month 4843 were drawing pay and as a result the increase in the pay roll last month over September 1910 in these departments was $197,757.73 which would mean an annual increase of over $2,300,000.

Will Mr. Neylan say that these statements are not correct?

The statements do not give all the increase in expenditures for salaries and wages nor the total increase in the number employees in the past four years and ten months.

The fourth statement related to tax levies during the administrations of Govs. Gage, Pardee, Gillett and Johnson.

The figures given were taken from the several tax levy acts in the statutes of the State. The statement was before issuance submitted to officials familiar with the subject and its correctness certified to. The statement followed the statute and both are correct so far as the statute goes, but the statute does not go far enough in that it does not give the true facts as they now exist because of a change in the system of collecting taxes in 1910, and undoubtedly there should be charged against the administration of Gage, Gillett and Pardee, in addition to the tax levies shown by the statutes, the sums derived from railroad property taxes, poll tax collections, corporation license taxes and other sources. How much that will amount to, according to Mr. Neylan, can be ascertained in thirty minutes.

Will he please tell the people?

Does Mr. Neylan or any sane man think that I would be foolish enough to issue a statement of this character purposely when I might know that it would be disputed and disapproved at once?

Now let Mr. Neylan tell the people just what the real increase will be in the cost of running the State during the first six years of Gov. Johnson's administration over the administration of Gov. Gillett—yes as compared with the three previous administrations.

Let the people know the facts.

[Signed] FRANK C. JORDAN.

COL. GOODIER'S TRIAL BEGINS.

ARMY OFFICER IS ACCUSED OF ALTERING CHARGES AGAINST ANOTHER OFFICER.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 18.—Lieut.-Col. Lewis E. Goodier, judge-advocate of the Western Department of the Army, pleaded not guilty today in a court-martial before which he is accused of having altered specific charges preferred last April by certain army officers against Capt. Arthur S. Cowan, commandant of the signal corps aviation school at San Diego. Capt. Cowan, who was charged with having drawn for two years the pay of an aviation officer, when he was sent to San Diego, not as an aviator, but an executive officer, will himself, be a witness, it was said.

The morning session of the court-martial was devoted largely to routine organization and examination of Lieut. Roy C. Kirtland of the Twenty-second Infantry, said to have been one of Cowan's accusers. Letters intending to show his and other officers' connections with the charges against Capt. Cowan were introduced.

KARR HELD FOR TRIAL.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 18.—Edward Karr, arrested as a member of what secret service men said was one of the most successful counterfeiting gangs known, was arraigned today and bond fixed at $10,000 by Judge Maurice T. Dooling in the United States District Court. Rollie A. Yorke, his alleged accomplice, is held at Ogden, Utah, pending appointment of a new Federal district judge in that district. Late today Karr was released on bail, the necessary $10,000 having been furnished by his father, H. C. Poole, and E. W. Rivers and Ida Rivers, all of Oakland, Cal.

Novelty.

CLAYTON ACT IS INVOKED.

First Big Anti-trust Suit Under the New Statute.

United Shoe Machinery Company is the Defendant.

Perpetual Injunction Sought by Federal Authorities.

[BY A. P. NIGHT WIRE.]

ST. LOUIS, Oct. 18.—The first important government suit under the Clayton anti-trust law was begun here today by Atty.-Gen. Gregory against the United Shoe Machinery Company. The petition filed in the Federal District Court charges the shoe company with unlawful practices that substantially lessen competition and tend to monopolize. Temporary and permanent injunctions are sought.

The suit is distinct from that against the same concern under the Sherman anti-trust Act begun several years ago, in which its dissolution as an unlawful combination and monopoly in restraint of trade was sought, and which now is before the United States Supreme Court. The present action does not seek dissolution, but asks the court to enjoin the company perpetually from further engaging in alleged unlawful practices. There also is the usual prayer for such other "general and further relief" as the court may see fit to give.

One of the unusual features is that the petition contains a request for a temporary order restraining the United Shoe Machinery Company from adhering to the practices complained of until determination of the suit.

THE CHARGES.

The government's petition charges: That the United Shoe Machinery Company is a monopoly controlling 95 per cent. of the trade in shoe machinery in the United States, its principal business being the making and leasing of these machines.

That in certain cities it has fixed and is fixing the prices of such machinery on the condition and with the agreement that the lessee or purchaser shall not use the machinery, supplies or other commodities of its competitors.

That it grants rebates on prices and in some instances in consideration of the use by a lessee of other of its machines; that other leases contain clauses whose effect is to establish prices 10 per cent. less to those who agree not to use the machinery supplied by competitors than to those who do not so bind themselves.

The petition alleges further that some machines are leased under what is called an "unrestricted" form of the lease, which allows lessees in certain cases to use other machines obtained from competitors on payment of "initial premiums." These premiums are in addition to the usual royalties or charges.

"The amounts of these initial premiums," says the petition, "are so large as practically to prohibit the choice of the unrestricted form. Upon the machinery in a factory having an output of from 25,000 to 30,000 pairs of shoes daily, the premiums would amount to about $250,000. This sum represents a discount or rebate which the defendants grant the manufacturer if he is willing to take his machinery from them upon the illegal condition, or understanding, that he will not use machinery supplied by competitors of the defendants."

These clauses and others with the same purpose and effect, according to the petition, are being enforced by the shoe machinery company, which has written leases with such clauses, executed not only before the passage of the Clayton act in October, 1914, but since that time as well.

The petition sets forth that there are more than 1500 manufacturers of shoes in the United States, who annually produce more than 300,000,000 pairs of machine-made shoes, and that "with all but a very few of these the defendants have business relations."

The growth of the United Shoe Machinery Company, which makes machines used principally in preparing and attaching the soles to the uppers of shoes, is declared to be the result of fifteen years of consolidations bringing together fifty-six concerns at one time in this business.

DEFENDANTS.

Suit was brought particularly against the United Shoe Machinery Company of Maine, but the United Shoe Machinery Corporation and the United Shoe Machinery Company of New Jersey are made defendants, as are also the following individuals: W. Winslow, Louis A. Coolidge, G. Denham, Edward N. Chase, P. Hurd, Elmer P. Howe, Barbour, George W. Brown, E. Keith, John H. Hanan, P. Endicott, Edmund Le B. Joseph C. Kilham, Rudolph Charles G. Rice, John H. Con- E. Turner, Wallace F. Robinson, Samuel Weil and William Woodward.

The petition was signed by Atty.-Gen. Gregory and by G. C. Todd, the assistant in charge of anti-trust prosecutions, and several other government attorneys.

MOTIVE OF THE SUIT.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 18.—The suit begun today against the United Shoe Machinery Company is the third action against that concern by the trust-prosecuting end of the Department of Justice in the last few years. Civil suit to dissolve the concern under the Sherman law now is pending in the Supreme Court, and suit under the criminal provisions of the same statute still is pending against some of the officers and directors.

The new suit was brought, it became known here today, because the shoe machinery officials refused to allow the government to file a supplemental complaint in the Sherman law suit covering the same ground with the Federal Court in Boston which tried the latter suit.

The fact that St. Louis is an important shoe-manufacturing city led to its selection after the department found it necessary to begin new proceedings.

The case has been under consideration and in preparation for many months.

DEATH SENTENCE FOR HILLSTROM.

SALT LAKE I.W.W. MURDERER WILL BE SHOT NOVEMBER NINETEENTH.

[BY A. P. DAY WIRE.]

SALT LAKE CITY, Oct. 18.—Joseph Hillstrom, convicted of the murder of J. G. Morrison and Morrison's son here January 10, 1914, was brought before Judge M. L. Ritchie of the District Court today and resentenced to be shot to death, Friday, November 19.

Hillstrom declined to say anything before sentence was pronounced. He undertook to say something afterward, but was not permitted to speak. He was taken back to the prison immediately.

Hillstrom was originally sentenced to be executed October 1. A respite until last Saturday was granted by Gov. Spry at the request of President Wilson, whose action was on a request of the Swedish Minister to the United States. The respite was terminated and Hillstrom's application for commutation of sentence was denied by the Board of Pardons Saturday as no new evidence was presented.

ONE CENTURY OLD.

William Wallace Spence, a Leading Financier of Baltimore, Celebrates His One Hundredth Birthday.

[BY A. P. NIGHT WIRE.]

BALTIMORE (Md.) Oct. 18.—William Wallace Spence, for many years a leading financier of this city, is celebrating today the one hundredth anniversary of his birth.

Mr. Spence was born in Edinburgh, Scotland. It took him seventy days to cross from Scotland to the United States in 1833. For years Mr. Spence has expressed the determination to live to be 100 years old, and the fact that he has done so is attributed largely to his iron will.

WOMAN OF MYSTERY ON TRIAL.

Mrs. Zora Howe is Accused of Securing Money by Posing as Widow of Henry M. Flagler.

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 18.—Mrs. Zora Emma Howe, known as the "woman of mystery," was placed on trial today on indictments charging her with grand larceny in having obtained money by posing as the widow of Henry M. Flagler of Florida, a former president of the Standard Oil Company.

Mrs. Howe is alleged to have obtained $4435 from Frank J. Mahoney by claiming that she would receive $15,000,000 when the Flagler estate was settled.

SAVES SECOND-CLASSERS.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 18.—Secretary Wilson revoked an order which would have required all second-class passengers on incoming steamships at New York to go to Ellis Island with immigrants for examination.

DRS. SHORES & SHORES
THE RELIABLE SPECIALISTS FOR
MEN AND WOMEN

Labor.

CALL MILITIA TO STOP RIOTS.

Soldiers Guard the Nashua Manufacturing Plant.

One Man is Killed in Fight with Officer.

Women Sit on Tracks to Block the Railroad.

[BY A. P. NIGHT WIRE.]

NASHUA (N. H.) Oct. 18.—An augmented military guard tonight patrolled the plant of the Nashua Manufacturing Company, where one man was probably fatally shot, one woman bayoneted, and other persons clubbed during a strike disturbance today. Two companies of militia from Manchester arrived late today to help the two local companies, which have been on duty within the mill gates since the strike for more pay and shorter hours began two weeks ago.

Adam Raxavitch, who was shot by a militia officer, according to a statement by the police, was in a critical condition tonight. Alexandria Belek, who was wounded in her right arm by a bayonet, and six other girls who were declared to have been clubbed were said to be in no danger.

The disturbance grew out of an attempt of the manufacturing company to run cars on a siding, which the police assert, was blocked by women sitting on the track with babies in their arms.

STRIKE CONFEREES SNAGGED.

Serious Differences Develop During Discussion of the Trouble at the Clifton Mines.

[BY A. P. NIGHT WIRE.]

EL PASO (Tex.) Oct. 18.—Serious differences developed today at the very outset of the conference between Arizona copper mine owners and their striking former employees. As a result, no agreement was reached on a single demand of the strikers. While both parties refused to reveal the proceedings of the conference, it was learned that four demands were discussed, that final decision on all four was postponed, and that the strikers' delegates were invited by the managers to change their demands in several particulars.

The points discussed during the day were:

Reinstatement of former employees; discrimination against members of labor organizations; signing a contract for one year with the employees; payment on an hourly instead of a daily basis.

On the first demand of the strikers—the reinstatement of all the men who walked out and all who were discharged September 1 and September 11—a difference of opinion arose. The men discharged between September 1 and September 11 include several whom the strikers call "organizers;" the mine owners, "agitators." The mine owners object to reinstating some of these men. It was understood that up to tonight the strikers had not receded from their position on this point.

Regarding the matter of discrimination, it was said that the mine owners took the ground that they would not discriminate against union members as such, but that they would reserve what they called their right to discharge men who were perniciously active—from the employers' viewpoint—in "agitation" among the miners.

The demand for a contract for one year caused a momentary flurry in the conference when it was found that the strikers had specified that a contract should be signed with "the organization." This, the managers said, amounted to recognition of the Western Federation of Miners, which the strikers already had waived. It was stated after the conference that the strikers had amended this demand so as to make the proposed contract effective with "the employees."

The subjects discussed today included most of the union demands with the exception of the wage scale. This, considered the most important matter to come before the conferees, went over for a later session.

FAVOR A STRIKE.

SILVER WORKERS MEN GO OUT.

[BY A. P. NIGHT WIRE.]

MERIDEN (Ct.) Oct. 18.—A declaration favoring a general strike against the International Silver Company at its factories in this State and elsewhere was adopted at a meeting of the 3000 employees now on strike at the local factories and at Manning, Bowman & Co. today. Last week at Wallingford about 500 employees of the three International Silver Company factories there went out in sympathy with the Meriden strikers.

GRANTED EIGHT HOURS.

[BY A. P. NIGHT WIRE.]

PITTSBURGH (Pa.) Oct. 18.—Employees of the Pittsburgh Machine Tool Company in Braddock returned to work at once following the announcement that an eight-hour day with no reduction in wages would be granted. The men, who numbered 230, went on a strike last Friday.

AUSTRIAN REPORT OF OPERATIONS.

[BY ATLANTIC CABLE AND A. P.]

VIENNA, Oct 18 (via London, Oct. 19, 12:07 a.m.)—The following official communication from general headquarters was issued today:

"There were no special events yesterday in Eastern Galicia on the Ikwa front, and the region of the Volhynian fortresses.

"On the Kormin Brook and the lower Stry, the enemy made several strong attacks near Kulikovitchi, Novo Selki and Rafalowka.

"The battle continues. At all other points the enemy yesterday was repulsed with great losses.

"The Austro-Hungarian troops on the upper Szozara also repulsed a strong Russian attack.

"On the Isonzo front the Italians again displayed great activity last evening. Stubborn battles took place in the northwestern sectors on the plateau of Doberdo, near Peteano. A strong Italian infantry attack on our positions there reached our intanglements in some places, but finally the enemy was driven off with heavy losses. Otherwise in the littoral and Tyrolean border regions there was only artillery fighting.

"A Servian division has been defeated in the region of Avala, retreating on both sides of the road to the south. Our troops are now attacking enemy detachments, who remain north of Ralja. The enemy also was obliged to retreat in the Macva district on both sides of the lower Morava.

"The Germans are gaining ground. The Bulgarians occupied the heights of Muelen-Percin and Badin Zub. Farther south they have advanced over Egri Palanka."

BANK ROBBERS GET $5000.

[BY A. P. DAY WIRE.]

DANVILLE, Oct. 18.—Robbers worked the combination of a safe in the San Ramon Valley Bank early today and escaped with $5000 in gold and currency. They left $4000 in gold and silver in the open safe.

GREAT SALE OF SHOES!

Thousands of Pairs of This Season's Foot-covering Now Go at Slashing Price Cuts.

The Mammoth Shoe House, 344 South Broadway, Offers Splendid Savings.

Los Angeles, Oct. 18th.

Now is the time to buy your winter supply of shoes—now is the time to save real money on good shoes of all kinds for every woman and child. The management of the Mammoth Shoe House have taken advantage of several splendid offers and purchased thousands of dollars worth of this season's best foot covering at a saving of over fifty per cent., and these shoes now are on sale at a fraction of their worth. Children's shoes, and good ones, too, can be bought at $1.00 and $1.45, in sizes to 2, and their former prices were to $2.50. Women's $3.50 and $4.00 shoes go on sale for $1.95, $1.45 and $1.00 a pair. Women's low shoes go on sale for 50c, $1.00, $1.59, worth to three times their present selling prices. Men's shoes now sell for $1.95, $2.45 and worth to $5.00 a pair. All-in-all there are hundreds upon hundreds of lots of shoes that are not mentioned here that embrace footwear for men, women and children that are now being offered at less than factory cost.

The Mammoth Shoe House is now located at 344 South Broadway.

Classified Liners.

AGATE TYPE ONLY.

Accepted subject to the following rates and rules: Rates: The rate for inserting Want Ads in the Daily Times is 1c per word each insertion; in the Sunday issue 1½c per word each insertion; minimum charge applicable to a single insertion and to each non-consecutive insertion, 25c; except under the following classifications, the rate for which is 2c per word daily, 2½c per word Sunday, minimum charge, applicable to a single insertion and to each nonconsecutive insertion, 30c daily, 35c Sunday: "Society Meetings," "Personals," "Special Notices," "Church Notices," "Miscellaneous," "Stocks and Bonds," "Money to Loan, Salary and Chattels," "Physicians," "Medical," "Detectives," "Sanatoriums" and "Baths and Massage."

An extra charge of 25 per cent. is made for the use of capital letters.

Minimum space for classified advertisements ordered for more than one insertion, 14 words.

White space and dashes are charged for on the basis of seven words to a line.

Ads set solid are counted strictly by the word. For paragraphed or lined-up matter set in caps, estimate five (5) average words to a line. Not set in caps, estimate five (5) average words to the first line and eight (8) average words to each line following. In this kind of advertising the actual number of words set solid is counted, and eight (8) words added for each unfilled line.

The Times reserves the right to classify all advertisements under appropriate headings.

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

Errors not the fault of the advertiser, which clearly lessen the value of an advertisement, will be rectified only by republication, without extra charge, on presentation of receipt within five days after insertion. No allowance will be made where the error does not materially affect the value of the advertisement.

No adjustment will be made for advertising items not affected by an error or errors which may occur in other items in the same advertisement.

Advertisers should retain receipts given by The Times for payment for "liners," as no mistake can be rectified without them.

The Times will not accept phone or verbal orders to discontinue or change "till forbid" advertisements.

Telephoned orders to discontinue advertising in The Times are numbered in the order of their receipt, and in each instance the number of the order is given to the advertiser, who should make a record thereof. In case of dispute no charge for advertising will be rebated unless the "stop order" number is presented to The Times by the advertiser.

Sunday real estate advertisements, to be classified properly, must be in The Times office before 8 o'clock Saturday night. Other classified "Wants," "To Lets," etc., received over counter or by telephone until 11 p.m. Saturday. Ads received after closing hours for each division will be inserted under heading "Too Late to Classify." Rate 1½ cents per word.

The Sunday circulation of The Times exceeds 90,000 copies and more "liners" are regularly printed in its columns than in the five other Los Angeles newspapers combined.

Telephone your want advertisements. Ring up "The Times," Main 8200, Home 10391, any time of day or night, and secure prompt and careful attention.

"BE QUICK TO KICK IF THINGS SEEM WRONG, BUT KICK TO US AND MAKE IT STRONG."

INSTANT SERVICE FOR TIMES PATRONS.

For the convenience of persons who may desire to reply to classified advertisements printed in The Times, send communications to this newspaper and have "liner" and other advertisements inserted, bronze letter boxes have been placed in various downtown buildings for the purpose indicated.

Collections will be made from these boxes every hour.

Each piece of advertising copy must contain the name and address of the advertiser, number of insertions and heading under which it is desired that the announcement be printed.

The boxes are located as follows:

Country Property.

FOR SALE—

Prominent and highly responsible parties, holding approximately 50,000 acres of the best agricultural land in California, located almost half way between Los Angeles and San Francisco, near Southern Pacific Coast Line, have agreed to offer the property for sale, as a whole, at $35 per acre.

The land and location is beautiful, consisting of rolling prairie, dotted with oaks, and bisected by five streams. Several good artesian wells already developed, and a large acreage can be put under water from river by gravity.

The character of soil, climate and location are described by Expert Engineers as being peculiarly adapted for almonds, walnuts, deciduous fruits, and all other crops except citrus fruits. A large body of land, near this, and similar to it has recently been sold off in small parcels at from $400 to $600 per acre.

Present holders are operating the property only for cattle and grain. Fences, buildings and other improvements for these purposes are perhaps the best in the State, and cost approximately $75,000. It is a wonderful breeding ranch—will carry 7000 cattle all year.

Present holders would sell cattle (approximately 3000 head) with property or agree to remove in limited time.

One million dollars of the purchase price can be arranged with interest at 5 per cent., accruing but not compound or payable, until September, 1920, at which time the sum of principal and accrued interest may be arranged by a payment of 10 per cent. of the amount, with balance represented by mortgage payable in installments spread over five succeeding years, at 5 per cent. interest per annum, and including partial release clause.

The balance of present purchase price may be represented by one-half cash, and one-half acceptable securities, or clear property.

Present holders might agree to sell a half interest on same terms, to right people, to hold and operate the property, if could agree on future policy.

Answers to inquiries to this advertisement will only be made to parties known to be able to carry out the negotiation, or who give financial references. Address PR, box 349, TIMES BRANCH OFFICE.

FOR SALE—

"MAKING MONEY IN SOUTHERN CALIFORNIA"

FREE ILLUSTRATED LECTURE

TONIGHT.

611-613 SOUTH HILL STREET.

We now have ready a wonderful set of pictures showing CORONA FARMS. Our photographer spent days and weeks gathering data and taking them. This evening at 7:45 o'clock WE WILL SHOW THESE PICTURES ON THE BIG SCREEN IN OUR OFFICE and our ranching expert will tell you how to make the 5 or 10-acre farm pay you an income right from the start. Already over 20 business men in Los Angeles have purchased farms at CORONA FARMS. Many ranchers have selected homes here after "looking" all over Southern California.

When you see the pictures and hear the lecture you will understand why. Come early—the pictures and lecture start at 7:45 o'clock sharp. We have comfortable seating space for 200 people.

JANSS INVESTMENT COMPANY,

FOR SALE—
A BARGAIN FOR PARTY WITH THE MONEY—2200 acres, stock and dairy ranch, all under good fence and cross fences; good 2-story house, 9 rooms, fine condition; working men's house, creamery house, horse barn and dairy barn, housing 125 cows; located near Santa Rosa; home of Luther Burbank; county roads two sides to this property; beautiful subdivision tract, a fine permanent investment; a beautiful country home, 1000 acres valley land; 60 acres now fine alfalfa, five crops this season; 300 acres more first-class alfalfa land, an abundance of water for irrigation; 600 acres fine prune, olive or other fruit land; 1000 acres finest of open grazing land; 400 acres pine and fir timber; suitable for small mill; price $40 per acre, one-third cash; balance mortgage, long time.
Address SONOMA VALLEY BANK, Sonoma, Cal.

FOR SALE—VERY DESIRABLE FOR HOG AND dairy ranches; 30 miles from L. A., 1 to 2 miles from R. R. station, stores, churches and school. I own 3 pieces, of 141, 148 and 200 acres, with A-1 sandy loam soil and many fine large oaks. Am utterly disgusted with trades offered and have decided to sell on any terms to party able to improve and proceed with farming. This is the exceptional opportunity for you to acquire fine ranches for permanent homes, near the great and growing metropolis of the southwest. M. W. ATWOOD, owner, 613 Central Bldg. Pasadena, Fair Oaks 101.

FOR SALE—TEN ACRES OF SANDY LOAM SOIL. BEST ON THIS EARTH. It adjoins Hemet, planted about half in apricots and rest in peaches, 2 years old; best varieties, with best climate on earth to mature this kind of fruit. There is water stock for domestic use and also for irrigation; irrigation pipes all in; substantial farm house and barns; electric lights, chickens or hogs can be raised on the side, while trees mature; will sell at a sacrifice, and on terms to a reliable farmer (not a speculator,) who will move onto this ranch and take care of it. Might take some exchange.
MATTHEWS & MATTHEWS, a corporation.
310 Douglas Bldg. Main 5326.

FOR SALE—OR EXCHANGE—160 ACRES OF level, slightly rolling land in prosperous farming country, well adapted to small grain and stock-raising, about seven miles from main line railroad and thriving county seat. I will sell or exchange for substantial value at $20 per acre. Address owner, PT, box 309, TIMES BRANCH OFFICE.

FOR SALE—700 ACRES 5 MILES FROM PROSPEROUS Santa Clara Valley town of 4000. Fully improved as a high-class hay, grain and stock ranch. Numberless springs and permanent living creek. Is in fruit-growing section; could all be planted to fruit except 100 acres. Adjoins the More Seed Farm. $60 per acre. Terms. OWNER, E. T. CLEVELAND, 582 Market st., San Francisco.

BUSINESS CHANCES—
Of Many Kinds Unclassified.

BUSINESS—A RARE OPPORTUNITY. A CALIFORNIA corporation with principal place of business in Los Angeles, owing to the necessity of reorganization, will turn over to a responsible party with capital, the business, assets and good will of the company. The business has been built up during the last eight years with correspondents in every State of the Union, and with nearly 5000 clients. Properly conducted, this business cannot fail to return a steady income, without an element of risk, or would take in as president or other officer at a good salary, good correspondent and office man with few thousand dollars, and part of present board of directors remain. Prompt action is necessary. Good Los Angeles bank references furnished. Address P, box 197, TIMES OFFICE.

REDIPHONES—WE HAVE ON HAND A FEW OF these handy telephone attachments, which are being distributed in connection with coupon books valued at 75 cents each, the coupons being redeemable in classified advertising in THE TIMES. Phone Main 8200 or Home 10391, and our representative will call and attach the "REDIPHONE," collecting at the same time for the coupons delivered. One "Rediphone" only will be delivered to each customer.

DELICATESSEN STORE—WE HAVE WITHOUT question the best paying little store for the money in this city. We will positively show any one that we are clearing over $150 a month. The rent is only $15, which includes good living apartment, and the price, $600, makes it the most attractive buy on our list.
RATTRAY, 910 Title Insurance Bldg.

AN ESTABLISHMENT FOR SANATORIUM TREATments, baths and other physical therapeutics, well recommended by the medical profession and patronized by the wealthier class of people. It is the most complete equipped institution of this kind with long lease in modern building. Owner was afflicted by an accident and has to quit for a while. Address box 330, TIMES OFFICE, Pasadena.

ARE YOU LOOKING FOR A NICE CLEAN PROFITable business, one that clears around $200 to $300 monthly, no experience required, reasonable rent. Must sell account of sickness. Will bear close investigation, if so, see BERRY & JACOBS, with HERBERT M. ORR, 923 Black Bldg. Phone F2901.

CONFECTIONERY—ONCE IN A WHILE WE RUN across a bargain and when we do we don't hesitate spending our money advertising it, because we know there is a buyer somewhere. This little store at $650 is one of the best buys that has ever been advertised out of this office. RATTRAY, 910 Title Insurance Bldg.

$1250 CASH, GROCERY ESTABLISHED, GOOD LOcation, will invoice. Splendid opening for man and wife. Doing good business and making money. Can show past results. Investigate this. AKINS REALTY CO., 153 Pier ave., Ocean Park. Home 4163. Sunset 420.

FOR SALE—OR EXCHANGE—SALOON BUSINESS in city of San Bernardino; good location; will accept moderate amount of cash, balance on liberal terms if you can furnish good security, or will exchange for good equity or clear property in Los Angeles. Address M, box 60, TIMES OFFICE.

CONFECTIONERY AND ICE CREAM PARLOR.

The Greatest Catarrh Doctor In the World.

Medicated Air Kills the Germs of This Dangerous Disease.

Catarrh is a disease caused by a Catarrh Germ. The sore, inflamed membranes, the blowing, hawking, spitting, choking and other disagreeable symptoms are merely conditions brought about by these germs which have found lodgement in your nose and throat.

There is a preparation called Hyomei, made from pure oil of Eucalyptus combined with powerful germ destroying ingredients which does successfully treat and cure Catarrh to stay cured by destroying the germ causing it. You neither snuff it up your nose nor do you swallow it. You just breathe this medicated air through a little hard rubber inhaler which druggists furnish with it.

The penetrating germ-killing air of Hyomei enters every nook and crevice of your nose, throat and lungs, where ointments, lotions, stomach medicine, etc., cannot possibly reach. You breathe great drafts of it far up in your nose, throat and lungs. Its air soothes and heals the inflamed passages, stops the nasty mucous discharge, promptly relieves the stuffed up feeling and makes breathing easy. And it does more. Its powerful penetrating air is positive, certain death to the catarrh germs themselves. It seeks them out wherever they are hiding and breeding in your system and destroys them utterly. When you have destroyed the germs you have destroyed the cause of Catarrh and the disease leaves you. A complete Hyomei outfit includes both a bottle of the Hyomei liquid and the rubber inhaler through which you breathe it. Be sure to ask the druggist from whom you buy for both, as the inhaler is quite necessary. It is packed right in the box with the liquid. The Owl Drug Co. and other druggists in this vicinity sell the Hyomei outfit this way on a positive guarantee of successful use or your money back. Hyomei is without doubt the greatest Catarrh doctor in the world.

A Good Digestion Means Good Health

Proper Food the First Essential

It is a well known fact that most human ills are attributable in whole or in part to faulty digestion.

This being true, it is difficult to estimate the value to the human race of that wonderful food product known as Malted Milk. Palatable to the taste, quickly prepared, easily assimilated, nutritious, strengthening and invigorating, it constitutes an ideal article of diet for young and old, strong and weak, alike.

There is a great difference in malted milk, however, and no one can afford to experiment with inferior kinds. It is safe to be guided by the judgment of the experts at the San Francisco exposition who have awarded the "Grand Prize" (highest possible award) to the famous brand known the country over as "Borden's Malted Milk in the Square Package."

If you have never tried malted milk, start today and get the habit. If you are sick it will help make you well, if you are well it will help keep you so. But be sure it's Borden's—in the Square Package. At all druggists.

FOR REGULATION OF ALL UTILITIES.

CHARTER-MAKERS RETAIN PRESENT POWERS OF CONTROL.

The present charter provisions relative to the powers of the Board of Public Utilities were readopted by the Board of Freeholders last night, with the exception that the powers are given to a single "Director of Franchises and Regulations." The question of franchises for elevated railways or subways was settled by the adoption of a provision which will permit no underground or elevated road franchises longitudinally through the streets in the district bounded by Main street, Washington street, Hill street and Sunset boulevard. In the outside district, no elevated railway franchise is to be granted through a street where a majority of the property owners protest.

The board adopted sections defining the powers of the harbor director similar to those of the present Harbor Commission but it was deadlocked on the question of the control of harbor revenues. The main difference of opinion, which the board will attempt to settle later, is whether the harbor department should be required to turn over surplus revenues to the city or be allowed to keep its entire receipts for all time. The report of the Committee on Parks will be considered next Thursday night.

DRUG FIENDS IN RAID ON STORE.

USE GUNS TO TAKE MONEY AND "DOPE," AND INTIMIDATE BUS DRIVER.

Three drug fiends armed with revolvers late last night held up and robbed L. C. Hall, owner of a drug store at No. 5501 Moneta avenue, just as he was closing the place. After taking $6 from the cash till the intruders seized a quantity of drugs.

Dashing from the store, they leaped into a passing jitney bus, driven by William S. Coy, No. 2800 South Main street, and forced him to drive to Forty-eighth and Main streets. When Mr. Coy, fearing violence in a dark street, refused to drive farther, the robbers sprang out, fired one shot, which missed the driver, and then fled.

The police declare that since the new State law regulating the sale of drugs has gone into effect, many users have been unable to secure enough of the "dope" to satisfy their craving and have resorted to robbery.

Last night's hold-up followed several reports to the police of three men seen loitering near drug stores in different parts of the city. The police say they have good descriptions of the bandits and will probably arrest them.

TO CREATE NEW CARDINALS.
[BY ATLANTIC CABLE AND A. P.]

ROME (via Paris, Oct. 18, 11:35 p.m.)—Pope Benedict shortly will hold a consistory, at which new cardinals will be created. The consistory probably will take place before Christmas.

TODAY'S BEAUTY SUGGESTIONS

Face powder simply covers up an unattractive complexion and leaves no lasting benefits. Those who have tried a simple spurmax face lotion find it much better, as it removes skin discolorations, such as freckles and tan, and makes the skin smooth, white and velvety. This lotion is made by dissolving four ounces of spurmax in one half pint hot water, then adding two teaspoonfuls glycerin. This complexion beautifier does not rub off or show like powder, and gives a more refined appearance. It removes both shininess and sallowness, rapidly giving the skin a permanent healthy, youthful appearance.

An especially fine shampoo for this weather can be had at trifling expense by dissolving a teaspoonful of canthrox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a canthrox shampoo arranging the hair is a pleasure.

Legal Notice.

UNITED STATES DISTRICT COURT, Southern District of New York.—In the matter of J. C. WILSON and B. A. WILBRAND, individually and as co-partners doing business as J. C. WILSON & COMPANY, Bankrupts.

Upon the petition for Frank J. Solinsky, Trustee in Bankruptcy of J. C. Wilson and B. A. Wilbrand, individually and as co-partners doing business as J. C. Wilson & Company, duly verified the 16th day of September, 1915, and the verified list of creditors and claimants attached to said petition, upon the orders of the United States District Court for the Southern District of New York, of January 27th, 1915, April 27th, 1915, and June 23rd, 1915, upon all the other proceedings had herein, and upon motion of Harold Remington, Esq., attorney for said petitioner, it is

Ordered that all claimants to the certain fund, stocks, bonds and other securities, now, in pursuance of said order of the United States District Court of June 23rd, 1915, on deposit with the Guaranty Trust Company of New York City, in the joint names of Frank J. Solinsky, as Trustee in Bankruptcy, aforesaid, and Harris, Winthrop & Company, and to the bankrupts' interest in and to the certain stock exchange seat in the New York Stock Exchange, heretofore by said order of the United States District Court of April 27th, 1915, ordered sold, be and they hereby are required to present their claims before me, as Special Master and Referee in Bankruptcy, in Ancillary Proceedings herein, at my office, No. 71 Broadway, in the Borough of Manhattan, City of New York, Southern District of New York, on or before the first day of November, 1915, and there proof to make of their respective claims in and to said fund, stocks, bonds and other securities and said Stock Exchange seat, or, in accordance with said order of the United States District Court of June 23rd, 1915, be forever debarred from asserting the same; and it is further

Ordered that notice of this order be forthwith mailed to each and all of said claimants so as aforesaid listed in the trustee's petition herein, and that like notice thereof be published once a week for four (4) successive weeks before said 1st day of November, 1915, in the New York Times, in the Los Angeles Times, the San Francisco Recorder and the Portland Oregonian.

Dated New York, September 21st, 1915.
STANLEY W. DEXTER,
Special Master and Referee in Bankruptcy.

Notice is hereby given that the regular annual meeting of the stockholders of the Mathie Brewing Co., a corporation, will be held at the office of the corporation, No. 1834 North Main street, in the City of Los Angeles, State of California, Thursday, October 28th, 1915, at 2 p.m., for the purpose of electing a board of directors for the ensuing year and for the transaction of such other business as may properly come before said meeting.
MATHIE BREWING CO.
Edw. Mathie, President.
E. H. McCullough, Sec'y.

JUMPS WITH BABE IN ARMS.

[LOCAL CORRESPONDENCE.]

BURBANK, Oct. 18.—Jumping from a second-story window with her babe in her arms when cut off by fire in her burning house Mrs. J. F. Carter saved herself and child this afternoon after she had heroically dashed into her burning house and upstairs through the smoke and flames.

Mrs. Carter first stood in the window and cried for help, hoping to toss her child to waiting hands below, but when the flames had badly blistered her arms and singed her hair and clothes, she saw she must act and she jumped. She landed on her feet and then fell backward, but the baby was safe and Mrs. Carter was only badly shaken up.

Enmeshing.

INCENDIARISM, SAYS FIREMAN.

BLAZE FOUND IN NEARLY EVERY ROOM, HE SAYS.

Net Tightens Around the Alleged Arsonist of Pt. Firmin as Captain Tells Story—Witnesses to Make Confession to Oakland Police are Expected Today.

That the fire in the cottage at Point Firmin, which W. O. Truax is alleged to have been responsible for in order to collect insurance at a later date, was of incendiary origin, was testified to by Capt. J. C. Baly of the San Pedro fire department in the preliminary hearing before Justice Palmer yesterday morning. Capt. Baly stated that he had arrived only a few minutes after the beginning of the blaze and that aside from the principal fire at the southwest corner of the house, there were smaller fires in practically every room and that none of these was connected with each other.

When the fire had been put out, it was found that the inside of one of the closets was burned out, but that the door leading to it was not burned at all on the outside. One of the police officers who was at the fire practically corroborated the statements of the fire captain.

The statements of Miss Clara B. Fellows, owner of the property, were rather a disappointment to Deputy District Attorney Keetch, who has been relying on her as one of the star witnesses. She was not positive in her assertions as to who rented the cottage, but gave the opinion that it was H. M. Smith, who was arrested in connection with the alleged arson plot of W. O. Truax.

The hearing was continued to this afternoon in the same court, it being necessary to adjourn because of a crowded court calendar yesterday. Mr. and Mrs. Charles Burright, who implicated Truax in a confession made by them to the Oakland police, will possibly arrive this morning and if they do will be placed on the stand when the case is resumed.

BROKERS CLASH ON THE STREET.

POLICEMAN INTERVENES WHEN THROAT IS CLUTCHED; ARRESTS BOTH.

Charged with having disturbed the peace, Irwin J. Muma and Charles L. Lewin, prominent insurance brokers of this city, were arraigned yesterday afternoon before Police Judge Frederickson. According to Policeman Talbot, the arresting officer, the men clashed at Sixth and Olive streets. Both pleaded not guilty and demanded a jury trial. This was granted and the hearing was set for Monday.

From varying accounts of the affair, it appeared the men quarreled about a difference of $20 in the settlement of a business affair.

Policeman Talbot declared he stopped the fracas when Mr. Muma seized Mr. Lewin by the throat. When the latter appeared in court his collar and tie were awry.

Mr. Muma denies any blows were struck during the altercation.

IS SCHOOL FOR JANITOR'S USE?

BOARD DECIDES IN FAVOR OF PUPILS; STORIES MAKE SESSION GAY.

Several short stories, told by petitioners to illustrate arguments, and a peculiar request that a schoolhouse janitor be removed from his four-room dwelling in a five-room school building, broke the monotony of routine at last night's meeting of the Board of Education.

The illustrative stories were told by petitioners from Mt. Washington district, who asked that two teachers be appointed to their small school instead of the one full-time and one half-time teacher now employed. The request was referred to the Teachers and Schools Committee.

The question whether a schoolhouse is for the janitor or the pupils was raised by a delegation of North Hollywood parents, who stated that the janitor of the schoolhouse on Cherimoya avenue is now occupying four of the five rooms in the bungalow used for education. As a result the fifty-three pupils are compelled to receive their education in one small room. The board resolved to oust the janitor immediately. Heretofore he has cared for the 10,000 roses on the school grounds, but the flowers are rapidly being removed to other school gardens.

The board resolved to continue regularly the Thursday-afternoon meetings, which hitherto have been held spasmodically. This, with Monday sessions, will mean two regular meetings a week.

Last night the board passed a unanimous resolution expressing sympathy for Mrs. Russel J. Waters in her bereavement. Her father, Joshua H. Crew, died last Friday at the residence, No. 1037 West Twenty-second street. Funeral services were held yesterday. Mrs. Waters did not attend the board meeting last night.

WARM WORDS LEAD TO RESIGNATION.

FIRE SPILLED BY DIRECTORS OF STATE SOCIETIES FEDERATION.

Notwithstanding lack of a quorum, members of the board of directors of the Federation of State Societies, who met last night in The Times' Assembly Rooms, held a red hot session, during which several members tossed their resignations upon the table. Among those who accompanied their letters with pointed remarks was Dr. Alice B. Chaffee. The complaint of the resigning directors was that they had their fill of sacrificing and working for the organization when their every effort was opposed.

Especially warm was discussion of the financial standing of the organization. C. H. Parsons, the secretary, was called upon to answer many questions as to the affairs of the federation, and the "inside workings," as J. S. Bishop phrased it. Following the statement of Mr. Parsons that the federation owes him some $3300 for services, Mr. Bishop declared he did not care to assume any responsibility for the debts of the organization as long as they continue to pile up rapidly, and said if someone would show him a way to drop out he would be glad to. He declared certain officials and members of the organization are using their influence to prevent a quorum from attending the meetings and thus prevent any action being taken on a desired investigation of the standing of the federation, or on resignations.

The meeting was largely given over to a discussion of the affairs for which it had been suggested a grand jury investigation be made. Application for a receiver was suggested, and pointed criticism directed at the manner in which the records are alleged to have been kept.

DECRIES WANTON FIRE OF DRUGS.

THINK WHAT BALM 'TWOULD BE TO WAR VICTIMS, SAYS CLUB LEADER.

The smoke of a thousand dreams which last Friday curled from a bonfire of $25,000 worth of drugs ceremoniously presided over by State Pharmacy Board officials has been the signal for a virile, pulsating protest against wanton destructiveness voiced by one of Los Angeles leading clubwomen, Mrs. M. E. Johnson.

A year's seizures in raids of drug inspectors, the burning of this opium and morphine and derivatives was celebrated as a tribute to the activities of the State officials.

"But think for a moment of the multitude of wounded on the battlefields of Europe; what a surcease from pain we could have granted them; what tortures could have been assuaged had the State officials stopped for a moment and considered the sending of these drugs to the war hospitals, instead of having the satisfaction of a public fire of destruction," said Mrs. Johnson.

"Drugs are the crying need among the humanitarians, who are working in the field hospitals. The makings of this bonfire would have been one of the most acceptable gifts California could have given in relief work.

"If we clubwomen have any power, there will be no more such destructive fires, for we will combat in the court by injunction the repetition of such a crime against humanity."

Mrs. Johnson, calling upon several judges and attorneys, was unable to learn of any State laws which provide for the destruction of confiscated drugs.

"If there are any such laws we will have them amended," she said, "and at least the clubwomen of California should see that a law be enacted, if possible, by amendment at the next State election, providing that such seizures may be disposed of for humanitarian purposes."

CARUSO ARRIVES.
[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 18.—Enrico Caruso, tenor; Guilio Gatti-Casazza, general manager of the Metropolitan Opera Company, and Cleofonte Campanini of the Chicago Opera Company arrived today on the steamer Dante Alleghieri from Genoa, Italy. Other arrivals were Rosina Galli, the dancer; Giorgio Poliacco, conductor, and Guiseppe de Luca, baritone.

CHILD PICKS UP RATTLESNAKE AND SPANKS IT AS "NAUGHTY."

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN BERNARDINO, Oct. 18.—Too young to realize the danger, William Eimerman, son of Mr. and Mrs. Harvey Eimerman of No. 147 Seventh street, picked up a coiled rattlesnake in Reche Canyon and proudly advancing, showed it to his parents and other members of a picnic party, including Mr. and Mrs. Fred Phillips of No. 119 East Ninth street and Mr. and Mrs. T. E. Kelly of No. 107 Ninth street.

Two little girls dashed on ahead to announce the approach of the reptile, which the boy carried with both hands. The horrified parents and others shrieked to the boy of his danger, but he gave no heed. The snake uncoiled and dropped to the ground.

Angered by the action, the boy kicked it twice and then picking it up in the middle, spanked it and strode off toward the camp fire exclaiming, "Burn you, burn you." Before the men of the party could reach him the lad thrust the head of the snake into the fire. Then the father tore him away and ended the snake's sufferings. It had seven rattles.

The snake made no effort to strike the boy. It seemed to realize the utter helplessness of the lad, or else was charmed by the youngster's apparent fascination for it. The boy has always exhibited a fondness for snakes, it is related.

THE CITY
AND ENVIRONS.

EVENTS BRIEFLY TOLD.

For All From Jersey.

The New Jersey Society will have a popular social for all from that State Friday evening, in The Times Assembly-room.

Dr. Wise's Condition Improves.

Dr. K. D. Wise, 82 years old, who was operated upon at Good Samaritan Hospital last Friday for an affection of the bone of the left leg, is improving steadily, according to Dr. Rebecca Lee Dorsey, who is attending him.

To Debate Road Bonds.

A debate on the proposed county road bond issue will be the feature of the meeting of the Boyle Heights Civic League at the Breed-street schoolhouse this evening. Supervisor Norton will speak for the bonds and Carl McStay against them.

Postal Station Moved.

The Westlake Station of the postoffice has just been opened at No. 648 South Alvarado street, having been removed from No. 1920 West Seventh street. Harry A. Shelton is superintendent, and about twenty-five men, including the carriers, will work out of the station.

Rate Regulators Due Friday.

Commissioners Funk, Shaw and Thompson of the Illinois Utilities Commission, who have been attending the meeting of rate-regulators in San Francisco, are due here Friday, according to advice received yesterday by the Santa Fe. They have made reservations to leave for the East Monday, on the Tourist Flyer.

Commerce Commissioner Coming.

Hon. Judson C. Clements, member of the Interstate Commerce Commission, and his wife and three daughters are due here at 7:20 o'clock a.m. Thursday over the Southern Pacific from San Francisco, according to advice received yesterday by the Santa Fe. They leave two hours later for San Diego. The distinguished jurist and party will return here Friday evening, to remain until Monday.

Knights Templar Rates.

Rates for the thirty-third triennial conclave, grand encampment, Knights Templar, in this city June 17 to 23, 1916, were announced here yesterday by the Salt Lake. The rates are, $55 from Omaha, Kansas City and other Missouri River points; $62.50 from St. Louis and $65 from Chicago. Tickets will be on sale on eight dates to be agreed upon by the railroads and representatives of the Templars.

Dickens Recital.

The members of the Scottish Rite Bodies and their ladies will attend a Dickens recital tonight at the Scottish Rite Cathedral. Frank Speaight of London, Eng., known as "the man who makes Dickens live" will give one of his dramatic lectures. Mr. Speaight is a master of facial expression and acts rather than recites. A pleasurable evening is promised those who are fortunate enough to attend the recital.

Servic to Honolulu.

Advice that the steamer Great Northern is scheduled to sail from this port at 4 o'clock p.m., November 27, on the first of a number of voyages to Honolulu, was received here yesterday by W. E. Swain, general agent of the Northern Pacific Railway. The vessel will operate over the great triangle route to and from the islands, arriving at San Francisco on the homebound voyage December 6 and sailing from here ten days later for Honolulu. It is planned to have sailings from here to Honolulu every twenty days throughout the winter.

SELF-SUPPORTING.

Minneapolis Municipal Farm Makes Money as Well as Good Citizens, Head Tells Council.

Frank R. McDonald, superintendent of the Minneapolis City Workhouse and Municipal Farm, told the City Council yesterday that this institution during the last year made money as well as good citizens for the city. Mr. McDonald, who is visiting friends in Los Angeles, said he had heard that this city is seeking to establish a farm where men convicted of misdemeanors may be provided with work. In Minneapolis, he said, the workhouse has 132 acres and will soon have more room. The shops are equipped to make everything the municipality needs and just now the workhouse is executing a $22,000 cement contract for the city. Within the last year the place has been more than self-sustaining, and profits over and above expenses have gone towards the support of the families of the inmates.

HIDDEN JEWELRY STOLEN.

A pass-key burglar ransacked the rooms of Mrs. J. B. Huston, No. 1318 Maryland street, early last night and took jewelry valued at $100 from a small box hidden in the dresser.

Homeless.

LIKE HOUN' DOG FROM MISSOURI.

SUPERVISORS' PLEA FOR MORE PAY KICKED AGAIN.

Effort to Collect the Extra Salary Authorized by New Charter Goes from Superior to Appellate Court, Then to Supreme Court, and, Denied, Back Over Same Route.

The contest of Supervisors Pridham, Norton and Hinshaw to obtain the increased salary provided for by the new charter bobbed up in the Supreme Court yesterday, when a petition was filed praying for a writ of mandate compelling County Auditor Lewis to draw a warrant for $166.66 alleged to be due each petitioner on account of the increase of the salary of the members of the Board of Supervisors from $3000 to $5000 a year. The petition was denied without prejudice to action in any other court.

The appeal from the judgment of Superior Judge Shenk, against the contention of the petitioners, was transferred to the District Court of Appeal. This will be the second time that this court has had the question for consideration and determination.

In an action tried out in the Superior Court, Judge Shenk held against the petitioners on the ground that under the Constitution of California it is illegal to increase the salary of a public official during his term of office.

On September 20 the complainants filed a similar petition to compel the County Auditor to draw in favor of each of the petitioners a warrant for $1,499.94 in payment of balance of salary at the increased rate for December, 1914, and January, February, March, April, May, June, July and August, 1915. The Supreme Court transferred the case to the District Court of Appeal and that court found that the circumstances were not sufficient to show that the writ applied for should issue, and denied the petition without prejudice to the right of the petitioners to file it in the Superior Court.

The action is now brought in the Supreme Court because two of the Superior Court judges were members of the Board of Freeholders that prepared the charter; that all of the judges are taxpayers in Los Angeles county and thereby might be affected financially by the decision, and finally that the question as to the increased salary claimed by the petitioners ought to be determined as quickly as possible.

Supervisors Pridham, Norton and Hinshaw were elected November 5, 1912, and it is claimed they are entitled to the increased salary. It is alleged that neither of the petitioners have been paid their salary for September, 1915, except a warrant for $250, which was the monthly stipend under the former salary of $3000 a year.

The two departments of the Supreme Court finished up their business for the day before noon yesterday, Justice Hinshaw reaching the city in time to preside over Department Two.

In Department No. 10 the court took under advisement the case of the people against the Van Nuys lighting district and the Board of Supervisors. This is an action to set aside the creation of the lighting district at Van Nuys, on the ground that the notice of the election held August 10, 1912, was not posted in three conspicuous places in Van Nuys.

ALL HIS MONEY TAKEN.

Carroll Apoaca, No. 327½ East Seventh street, late last night was forced to give $2.50, all he had, to a negro bandit armed with a large revolver, who accosted his victim in front of the latter's home.

THE WEATHER.
[Official Report.]

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Oct. 18.—[Reported by Ford A. Carpenter, Local Forecaster.] At 5 o'clock a.m. the barometer registered 30.01; at 5 p.m., 29.94. Thermometer for the corresponding hours showed 62 deg. and 75 deg. Relative humidity, 5 a.m., 50 per cent.; 5 p.m., 32 per cent. Wind, 5 a.m., north, velocity 3 miles; 5 p.m., southwest, velocity 10 miles. Highest temperature, 87 deg.; lowest, 60 deg. Rainfall for season, trace; last season, .20 of an inch. Barometer reduced to sea level.

WEATHER CONDITIONS.—High pressure conditions continue over the greater portion of the country, with fair weather and seasonal temperatures. A slight atmospheric depression has made its appearance over the Northern Rocky Mountain districts and extends eastward to the Great Lakes and an area of local rains extends southward over the Mississippi Valley, Memphis reporting 1.58 inches during the last twenty-four hours. Light showers occurred in Florida and the District of Columbia. Continued fair weather may be expected in this vicinity Tuesday.

LOCAL FORECAST.

For Los Angeles and vicinity: Fair Tuesday. Westerly winds.

For Southern California: Fair Tuesday.

STATE FORECAST.

SAN FRANCISCO, Oct. 18.—Forecast:

San Francisco and vicinity: Fair Tuesday, except for cloudiness or fog in the morning; light west wind.

Northern California and Southern California: Fair Tuesday; light west wind.

Sacramento Valley: Fair Tuesday; light south wind.

Santa Clara and San Joaquin valleys: Fair Tuesday; light northwest wind.

ARIZONA FORECAST.

WASHINGTON, Oct. 18.—Forecast for Arizona: Tuesday and Wednesday fair, not much change in temperature.

YUMA (Ariz.) Oct. 18.—[Exclusive Dispatch from the U. S. Reclamation Service.] Gauge height Colorado River, 16.00 feet; discharge, 6700 second feet.

Rheumatic Fever
Surrenders to Anti-Kamnia Tablets
In the treatment of Rheumatic Fever many physicians employ purgatives, but Dr. M. P. Creed thinks that a mild laxative is better. When the patient is bilious he gives calomel in small doses, one-fifth of a grain every hour until a grain has been taken. Then after four hours he gives the patient a half ounce of citrate of magnesia, with syrup of lemon to disguise the taste, or he keeps the bowels open with the mild laxative "Actoids." The diet should be light, and all animal food should be excluded as far as possible from the dietary. For the pain and fever he has found nothing equal to Anti-Kamnia Tablets, giving two tablets every 2 to 3 hours as required. These tablets may be obtained from all druggists in any quantity desired. Ask for A-K Tablets. Unexcelled for Headaches, Neuralgias, and All Pain.

Industrial Stroke.

SOUTHLAND WINS RICH SUBMARINE CONTRACT.

Five-Million-Dollar Company to Build Three Powerful Craft.

Craig Shipyards to be Converted into Plant for Government Construction Only—Securing of Major West Coast Naval Job Highly Significant—Impetus Given Movement for Local Naval Base.

MEANING the taking over of the Craig shipbuilding yards at Long Beach by the California Shipbuilding Company, a $5,000,000 concern and its immediate conversion into a plant for government construction only, official notice from the Navy Department of the awarding of a contract to the recently-organized concern, in competition with the Union Iron Works of San Francisco, to build three submarines at a total cost of $1,645,500, was received here yesterday by George H. Bixby, president of the new company, and Isadore B. Dockweiler.

"Three boats awarded California Shipbuilding Company," reads a telegram Mr. Dockweiler received from Secretary of the Navy Daniels.

"Our option will be exercised as soon as John F. Craig returns from Washington," said Mr. Bixby. "Our bid was $548,500 on each of the three submarines, with a maximum speed requirement of fourteen knots on the surface, eleven knots submerged. This was the only bid on the maximum speed requirement, but was below all other bids.

"We will begin work, or rather order the material, as soon as the contracts are signed. The Craig yard is already equipped for building submarines, but will immediately be reorganized to take care of these three additional vessels, and others the government will doubtless authorize as soon as Congress convenes. The boats are for delivery in twenty-four months. We will doubtless put on more men."

Out of the contracts for sixteen submarines and six destroyers which the Navy Department awarded yesterday, the California Shipbuilding Company and the Seattle Construction and Drydock Company were the only Pacific Coast concerns to score. The Seattle concern secured a contract for one destroyer to cost $885,000.

With Congress to convene soon and the House Committee on Naval Affairs committed to large increases in the submarine arm of the service, the awarding of the major Pacific Coast contract to the California Shipbuilding Company is looked upon as significant.

"The West's delegation in Congress will bid for the construction of 100 submarines, fifty on the Pacific Coast," said Congressman Stephens, member of the Committee on Naval Affairs, in a recent public address.

The California Shipbuilding Company, which is incorporated under the laws of the State of Maine, with a working capital largely supplied by Los Angeles financial interests, is the sole licensee on the Pacific Coast of the Lake Torpedo Boat Company of Bridgeport, Ct. This company is the owner of the Simon Lake patents, making submarines of the even-keel submersible type, as distinct from the Holland, or diving, type.

The Bridgeport company has been in successful operation two years, and has already delivered to the government seven submarines, known as the G-1, G-2, G-3, L-5, L-6, L-7 and L-8. All other submarines now in the United States navy are of the diving type. It is significant, however, that a navy constructor recently remarked that the difference in the efficiency of the two types is "about the difference between tweedle-dum and tweedle-dee."

PERSONNEL INTACT.

Though the activities of the Craig yards will be notably extended by their taking over by the California Shipbuilding Company, with its immense capitalization, John F. Craig will remain with the company, under a ten-year contract. It is announced the personnel of the plant will remain largely intact.

George H. Bixby, the president of the California Shipbuilding Company, is also president of the Long Beach Trust Company, while the treasurer, P. E. Hatch, is president of the National Bank of Long Beach. The vice-president and general manager is W. C. Foley, who was formerly the head of the Lake Torpedo Boat Company, and before that superintendent of construction for the government at Newport News. The company's consulting naval architect is Commander R. H. M. Robinson, a former United States naval constructor.

That the harbors of this city and Long Beach are ideal for submarine maneuvers has been attested by naval officers, and the tryouts of the new crafts will doubtless draw many here to see them and to inspect the plant of the California Shipbuilding Company. The quiet surface of the outer harbor, the wide expanse of comparatively shallow water, the clean sandy bottom and the quiet inner waters of the lagoons, under the protection of the fortifications on the San Pedro mesa, all contribute to make the place ideal as a submarine base.

Altogether, the assured location of extensive construction works for submarines at Long Beach will, it is be-

Why not have your Suit tailored to order?

No reason why you shouldn't
Every reason why you should

—You choose your own material in just the shade you want.
—Your word is absolute law as to style and cut.
—The Linings are all-silk Satin.
—And the Tailoring is guaranteed to give complete satisfaction down to the very smallest detail.
—Hundreds of delighted patrons.

A Chiffon Broadcloth
Tailored to your measure $42.50

HERE IS SOMETHING REALLY SPECIAL—A beautiful Chiffon Broadcloth, shown in black and all the ultra-fashionable and staple colors, made up to your measure for the remarkably low sum of $42.50.

—Measuring, cutting, fitting and actual construction in the hands of experts—Men who take just pride in their calling.
—Select goods and leave order at Dress Goods counter, Main Floor.

—Other Suits to order from $35.00 up

MANY HOMES OPEN TO BRIGHT LADS.

ONE WARD OF CITY MOTHER'S BUREAU PLACED; OTHERS INQUIRED FOR.

Robert Straite, one of the boy wards of the City Mother's Bureau, has found the kind of a home his heart most desires, through the article which appeared in The Sunday Times concerning him and his three friends. There were about fifty inquiries regarding the youngsters yesterday.

Among the first of those asking was Mrs. D. R. Warden of Anaheim, who appeared in person. She has a son of her own, 8 years of age, and in order to give him companionship, which is lacking on the farm, she gladly took Robert.

F. H. Joyner, County Road Commissioner, has become very much interested in the Swensen boys, Charles and Arthur, and has made considerable inquiry as to their needs. It is quite possible the boys will be invited to become wards of himself and Mrs. Joyner. Several other requests have been made to secure these youngsters in the same home. Albert Goeppinger is sought after also.

The article also had the effect of bringing in two other boys. Their father, with little employment, has been taking care of six children and recently placed them in an orphanage, but desires that two of the oldest boys should get into the country on farms, if possible.

City Mother Aletha Gilbert also received a message from the head of a very exclusive boys' school who desires to co-operate in the care and education of some of the lads.

WORLD STUDENT AT REST.

Pasadena Elks Escort Body of Admiral's Son Who Was Expert on Classic Lore.

Funeral services were conducted yesterday over the remains of the late Charles E. Manning, of No. 1645 Golden Gate avenue, by Rev. Baker P. Lee in the Pierce Chapel. Pasadena Elks attended in a body and escorted the remains to Rosedale Cemetery.

Mr. Manning was the son of the late Admiral Manning of the British navy and was born in Clifton, Eng., in 1858. He was educated at Oxford and shortly thereafter accompanied an exploration party to the South Sea Islands, where he made a study of native traditions.

He also traveled extensively in Europe and Asia and was an authority on classic lore.

He came to California twenty-seven years ago and organized the Duarte-Monrovia Fruit Exchange. At the time of his death he was connected with the Andrew Holloway Paving Company of Pasadena. He leaves a widow, Mrs. Ella Manning, and scores of friends.

FIRST WEDDING.

New Courtroom is Dedicated to Hymen Amidst Litter of Mortar, Brick and Debris.

Standing in a litter of bricks, mortar and other debris, Justice Hanby yesterday performed the first wedding that has taken place in the new courtroom being prepared and now temporarily occupied by him.

The bride was Goldie V. Carter, only 18 years old, whose mother had guaranteed this age because of the youthful appearance of the girl, while the groom was Emerson M. Bickford, 21, according to his own statement.

Attending the young folks were Miss Nora Smith and L. A. Carter, the latter a brother of the bride. After a short honeymoon, Mr. and Mrs. Bickford will reside at No. 2133 East Second street.

CAMERA NOVELTY.

Perry Hollingsworth, a Los Angeles High School student, has invented a camera, designed to take stamp pictures on motion-picture film. Five hundred pictures can be taken without reloading.

Bright Outlook.

PROSPERITY ON NATION'S WIRE.

Depression not Fundamental, Says Telephone Chief.

Thinks Aerial Waves Cannot Banish Metal Lines.

Big Men of Talk World are Notable Visitors.

Theodore N. Vail, president of the American Telephone and Telegraph Company, and of the Western Union Telegraph Company, believes America has a call in for prosperity, that business depression, like wire trouble, is not fundamental. He also believes the day will come when there will be a telephone in every American home.

Arriving here yesterday morning, accompanied by Senior Vice-President Union N. Bethell and Junior Vice-President Bernard E. Sunny of the American Telephone and Telegraph Company, and officers of its subsidiary companies, Mr. Vail talked with almost boyish animation of a number of things.

"No significance," he said, when it was insinuated that the present precarious state of the Los Angeles franchises of the Pacific Telephone and Telegraph Company might have something to do with his visit. "I came west to address the gathering of railroad and utility commissioners at San Francisco and to visit the expositions. I did not come west on business."

AERIAL TALK IMPRACTICAL.

Speaking of the possible functions of the aerial telephone Mr. Vail said: "It isn't practical as yet. It will never supplant the telephone, any more than the wireless will take the place of the telegraph. There are so many hindrances to its successful operation, atmospheric disturbances principally.

"But it is a signal achievement. It is a sort of a spur to the imagination, as are all scientific achievements, for that matter. Science is certainly a great thing to set you to thinking and dreaming.

"What a wonderful thing was the telephone, for instance, when some of us old residents were still young! A good many people thought it was a toy. Now it is a common thing, and we are experimenting with the wireless telephone, and thinking it is wonderful.

"But the telephone, or rather, its spread among the people as a necessity, is wonderful. I expect some day to see a telephone in every home and every office, for it is indispensable to everybody that has friends or needs."

Reverting again to the subject of the aerial telephone, Mr. Vail stated it will have a function in connecting up out-of-the-way places with the world.

"There are settlements out on the edge of nowhere," he said, "to which it is either impossible to string lines or inexpedient in a business way. We can tap them with the aerial telephone and eventually will."

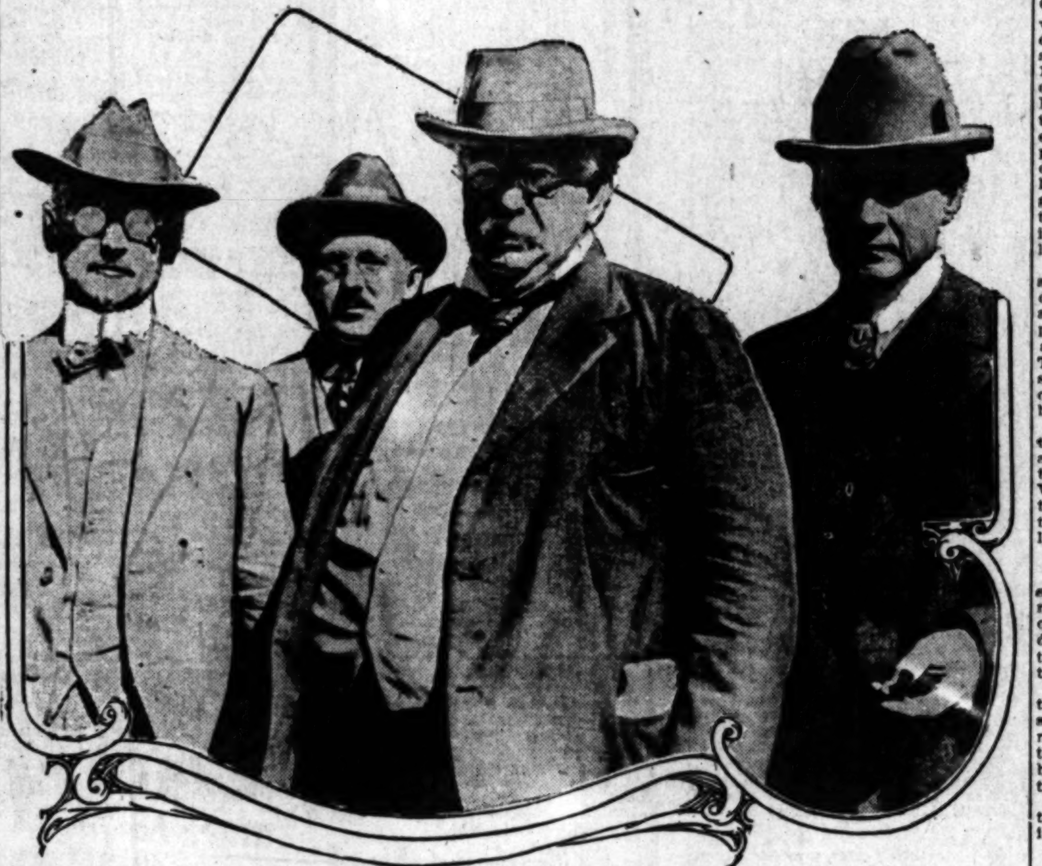
ANOTHER MARVEL.

But the wonders of achievement are not all in the realms of science, as Mr. Vail pointed out by instancing the growth of Los Angeles.

"When I first came to Los Angeles in the early eighties," he said, "there were orange groves where there are now office buildings. If anyone had told me, thirty years ago, that Los Angeles would have a half-million population I would have looked upon him in about the same light as I would have a man who talked of telephoning through the air. Yet both are now actualities. Before I leave here I am going to hunt up the old part of town and try to visualize the past."

Mr. Vail's visit is further made no-

(Continued on Fifth Page.)



Telephone magnates visiting here.

From left to right, foreground, are Union N. Bethell, senior vice-president of the American Telephone and Telegraph Company; Theodore N. Vail, president of that company and of the Western Union Telegraph Company, and George E. McFarland, president of the Pacific Telephone and Telegraph Company. In the background is C. F. Mason, commercial superintendent of the Pacific company in Southern California.

DISTINGUISHED VISITORS.

Edison and Ford to Pass a Week Here, Arriving the 29th Inst. and Leaving November 5.

Word that Thomas A. Edison, renowned scientist and chairman of the United States Naval Advisory Board, and Henry Ford, the automobile manufacturer, also a member of the board, will arrive here from San Francisco the 29th inst., to remain until November 5, was received yesterday by the Santa Fe.

The distinguished visitors are due, according to the tentative schedule, at 10:55 o'clock p.m. Friday over the Southern Pacific, and will leave for the East at 9 o'clock a.m. the following Friday, by way of the Grand Canyon. There is no advice of the proposed itinerary while hereabouts.

Mr. Edison is now on his way to San Francisco in the private car Superb, while Mr. Ford, accompanied by a party of eight, is on his way west in the private car Washington. The parties are to join at San Francisco for the homeward trip by way of this city.

Important.

TEST CASE UPON WATER SERVICE.

CITY WINS FIRST ROUND, BUT APPEAL IS TO BE TAKEN.

Citizens Whose Land is Crossed by Aqueduct Main Line Demands Fluid for Irrigation—Superior Judge Rules Against Him—Supreme Court Decision to be Sought.

Taking the position that the city has the water, that the main line passes through his ground, that it is needed for irrigation and that he will pay for it, P. F. Carton, who owns twenty acres near San Fernando, petitioned the court for a writ of mandate compelling the Board of Public Service Commissioners to tap the trunk line and supply him with water.

The petition came before Judge Wellborn yesterday and W. G. Cook argued in its behalf. He was opposed by President Del Valle of the Public Service Commission, represented by Special Counsel W. B. Mathews and Deputy City Attorney Himrod. The court took the position that he could not accept the proposition that every citizen who wanted might tap the trunk lines on his land. He declared the city might just as well abolish the system at once.

"It will open the door to every property owner on the line of the aqueduct," he stated, "to bring in a similar petition. No citizen," he further stated, "is entitled to water supplied by a private corporation, or a public service corporation or municipality until the service is in a condition to furnish it in accordaunce with its general plans which are reasonable in their nature and necessary for the preservation of the majority."

"We are not interfering with the system," declared Attorney Cook.

"I think you would be," replied the court. "The matter is one of importance to the city," and he expressed the belief that he would like to see it decided by the higher court to which it will be carried. He held against the petition on the merits of the case.

It is generally believed the suit was brought as a test, and that Mr Carton is not alone interested in the outcome. The stand taken by Judge Wellborn was highly gratifying to the water officials, whose views, as expressed by Chief Engineer Mulholland, are against tapping the big trunk lines for small individual services through the twelve miles of the irrigation district. It would, he said, be contrary to all rules of waterworks management.

The matter will be carried to the Supreme Court as soon as the transcript of the hearing yesterday can be written up, and it is thought a decision will be handed down before the irrigating season opens in the spring.

Up to Solomon.

TICK OF TIME MEANS MONEY.

Fraction of Second to Win Involved Land War.

Thirteen File at Once on Same Choice Tract.

Thirteen Families Now Live on it, Pending Ruling.

A legal tangle that can be decided only by an accurate gauging of time, even down to the fraction of a second, will come before Register Roache and Receiver Mitchell of the local Land Office for settlement on November 22, when thirteen families of settlers will demand that the 160 acres comprising section 17, township 4 north, range 15, west, of the government land recently eliminated from the Santa Barbara national forest, be awarded to the family holding prior claim. As each contestant states that he or she posted notice of homestead immediately following the opening of the land at 9 o'clock the morning of August 11, and as every settler has retained legal talent, the hearing promises to be extremely exciting for the local government officials at least.

Numerous witnesses will be presented by the contestants in their endeavor to prove that a few seconds after the opening hour they were in possession of the land, their tents up and themselves busy improving it. The contestant who can prove possession of the land a fraction of a second before the other claimants will be adjudged victor in the scramble.

Deciding that a portion of the Santa Barbara national forest is more adapted to agriculture than forestry, the United States Land Office in Washington reduced the boundaries of the reserve last August. In so doing they eliminated a great tract of land lying in Mint Canyon, near Saugus.

SCRAMBLE FOR LAND.

Word of the proposed action spread rapidly through California and neighboring States. Because of the unquestioned value of this land hundreds of persons decided they would try to get homestead rights to a section.

Of the 20,000 acres opened to settlers about 2000 acres are really desirable for farming purposes. The remaining portion, while good soil, is too mountainous to warrant the trouble and expense of settling and contesting.

The land was thrown open to settlers promptly at 9 o'clock the morning of August 11. Although home-

(Continued on Fifth Page.)

WEST WINNING IN TOURIST CONTEST.

AND FLORIDA LOSING BETTER CLASS OF TRAVELERS, SAYS EXPERT.

"California is winning in its contest with Florida for the high-class tourist travel from the Atlantic Coast," S. A. Hutchison, manager department of tours for the Chicago and Northwestern and Union Pacific system, declared last night at the Alexandria. "Florida is so much nearer eastern centers of population that it formerly was given the preference over California by a certain class of wealthy tourists, but this condition is changing."

Mr. Hutchison was accompanied to Los Angeles by Mrs. Hutchison, P. J. Brady, his assistant, and Mrs. Brady, and J. B. de Friest, general eastern agent for the Union Pacific in New York City, and Mrs. De Friest.

"The railroads are helping California in its contest for supreme position in the tourist world by affording the very latest and best in equipment," Mr. Hutchison continued. "On our lines and also some of the others the service is better west of Chicago than east of it. Formerly this was not the situation. For instance, the first Pullman coaches with compartments in the center of the car were used on the western lines. This is a sensible improvement, since the highest-priced compartments should be in the center of the car and not over the wheels. This illustrates how the railroads are giving the best things to the western travel."

PROVES FIST EFFECTIVE.

Medium-sized Man Offers to Duplicate Blow That Felled Jack Jeffries—Convicted.

J. N. Leighton, a medium-sized and unbelligerent looking man, was convicted in Police Court yesterday of having felled Jack Jeffries with his fist. Mr. Jeffries, who was the complaining witness, is an ex-prizefighter of the heavyweight class, and the brother of James J. Jeffries, former world's champion pugilist.

Mr. Jeffries was quite convinced that Leighton had felled him with some other object than his fist, but Mr. Leighton offered to demonstrate in Police Court that he could duplicate the feat with his fist in proof that he did not use any more serious weapon. Police Judge Frederickson accepted it as proof he had used only his fist in besting the heavy Mr. Jeffries.

Leighton was found guilty and will be sentenced today.

CONFESSES BURGLARIES.

Detective Ziegler early last night arrested William Boyd of No. 723 West Seventh street and charged him with burglary. According to the detective, the prisoner a number of days ago burglarized three rooms in the rooming-house in which he was living, and confessed following his arrest.

EDISON WEEK
Concerts Every Day
Come In

This is the card of welcome to all lovers of good music. We want every one to join us in celebrating Mr. Edison's great achievements. This week is Edison week—October 18th to 23rd. Today there is a special Edison Week Programme.

Concert Every Day

A special concert by the New Edison Diamond Disc Phonograph each day. Come today. Come every other day. A choice selection of exquisite music from the great library of Edison Records. No charge for seats. Come in and bring your friends.

New Edison
Diamond Disc
Phonograph

Mr. Edison's perfected musical instrument—the laboratory recreation of music just as it was rendered by the musical instrument or by the singer. The diamond stylus reproduces the tone of the artist with absolute fidelity—human, lifelike, natural. Nothing mechanical. The triumph of the science of chemistry and acoustics. The Diamond Disc does away with the bother of changing needles.

Come to the special Edison Week concert today—and each day this week. You are welcome and we will be glad to see you.

Three Beautiful New Models
Now On Display
$100——$150——$200

Other Models $60, $80 and up. Special Weekly or Monthly Terms if desired. Send for the Edison Diamond Disc Catalog.

SOUTHERN CALIFORNIA MUSIC CO.

332-34 SO. BROADWAY, LOS ANGELES.
Branches: Pasadena, Riverside, San Diego.

Respite.

DELAY SCHMIDT TRIAL A WEEK.

Because of Fairall's Death; Defense Out of Gear.

Name of Successor to Chief Counsel not Announced.

Funeral Services for Late Attorney Conducted.

The trial of M. A. Schmidt on the charge of the murder of Charles A. Haggerty, one of the twenty victims in the destruction of the original Times Building, will be resumed next Monday morning at 10 o'clock. One week's postponement was granted yesterday by Judge Willis because of the death of Charles H. Fairall, chief counsel for the defense, and the necessity for securing other counsel.

No announcement was made yesterday as to the selection of further counsel for the defense. It was stated the additional counsel will be either a Los Angeles or San Francisco attorney, but no names were mentioned. It is probable the name of the attorney selected will be made public tomorrow.

LOCAL MAN CONSIDERED.

Among the attorneys under consideration is E. E. Kirk of this city. Mr. Kirk is well known among the Socialists, and was associated with Fred H. Moore in the defense of the I.W.W. men during the free-speech troubles at San Diego. He was also connected with the defense of Caryl ap Rhys Pryce during the troubles of Pryce and the Magoons over charges of violation of neutrality laws, and several years ago was the attorney for David Caplan in civil suits in San Francisco.

The following telegram from Chicago was received by Schmidt in the County Jail yesterday.

"Learning of your crisis, I wired Tveitmoe to get Attorney Frank Comerferd of Chicago. He is a fighter and has never lost a criminal case. He will establish your innocence. My interest in the outcome compels me to urge you to act at once. Best wishes to you and Caplan.

[Signed] "FRANK BUCHANAN,
"Congressman."

The funeral of Mr. Fairall was conducted yesterday afternoon at the chapel of Peck & Chase.

The stated service for the dead of the Episcopal Church, of which the deceased was a member, was read by Rev. Baker P. Lee, rector of Christ Church. This was followed by a brief address by Rev. Mr. Lee, in which he declared Mr. Fairall had been taken away at the very zenith of his powers and his career.

Among those present at the services was Judge Lawlor of San Francisco and several close friends of the family from around San Francisco Bay, as well as several attorneys of Los Angeles, and men and women identified with labor movements here.

The pallbearers were A. F. Hassel, James A. Gray, Gus L. Uhl, W. E. Cavanaugh, Thomas Barker and Charles Gore.

There was a profusion of flowers, including set pieces from various labor organizations. Immediately after the funeral services the body was cremated, and the ashes were taken last night to Mrs. Fairall's home at Los Altos.

NORTON AGAIN.
BLOCKS TRIAL BILLS.

"We'll see who pays these claims," said Supervisor Norton yesterday when he refused to consider a request by Dist.-Atty. Woolwine for $2000 for expenses incident to the trial of M. A. Schmidt.

"I'll take it back, but the county will eventually settle the bills in question," said the District Attorney, who has had a continual wrangle with Supervisor Norton regarding money for conducting the trial of the alleged dynamiter. The other four Supervisors were in favor of granting the request, but, on the protest of Norton, held it up for further consideration.

TO CHECK UP ALL MOTOR ACCIDENTS.

POLICE NOW TRAIL THOSE WHO DO NOT REPORT MISHAPS. COURTS BUSY.

Further protection for the public against reckless motorists is assured by Chief of Police Snively in the creation of a new department which shall check up every victim in the hospital with the reports of accidents made by the drivers of the automobiles. In the past, an average of 50 per cent. of the auto accidents in which some person is injured are never reported to the police.

The policeman assigned to the new office will be instructed to keep a record of every victim brought into the Receiving Hospital, when an automobile is involved in the injury, and the motorist will then be traced and arrested if he fails to obey the law that provides every automobile accident shall be reported to the police within twenty-four hours after the occurrence.

Many cases of injuries are never brought to the recognition of the police, because the victims are taken to private doctors and treated for their injuries. Chief Snively will send a letter to every doctor and to the County Medical Society, informing practitioners it is necessary for them to report every victim of an accident.

The speed cases flooded the police courts yesterday. In the University court alone, Police Judge Frederickson convicted fifty-three of the fifty-four persons arrested for traffic violations. Of this number, fifty were fined, suspended sentences being granted to three.

Police Judge Chesebro handled nearly as many cases. The speed cases will be heard today.

In order to cope with speeders on the county roads as well as to get into quick touch with any criminal acts throughout the territory covered by the Sheriff's office, the new automobile recently authorized by the Board of Supervisors was tried out last night. The car is a powerful model with a guaranteed speed of seventy-five miles an hour. It will do more under stress.

Readers of classified advertisements in The Times' "liner" section have more opportunities to buy, sell and trade advantageously than any other class of people in Southern California.

Southland Wins.

(Continued from First Page.)

lieved, further the object which the Chamber of Commerce has put its hand to—that of making this the submarine base of the Pacific Coast.

BIDS CAUSE CONFUSION.

Considerable confusion was caused when the Navy Department first opened the submarine bids, by the announcement that the Union Iron Works of San Francisco had made a bid of $510,000 each on the boats. It developed later that this bid was for submarines each to weigh but 380 tons, with maximum speed rating on the surface of thirteen and one-half knots, and ten and one-half knots submerged, and that the San Francisco concern's bid on vessels of the same class as those of the California Shipbuilding Company was $550,000 each.

Of the contracts for sixteen submarines and six destroyers awarded by the Navy Department, one destroyer will be built at the Norfolk navy yard and one at Mare Island while the Bremerton (Wash.) and Portsmouth (N. H.) navy yards will each build one submarine.

The four destroyers to be built at private yards were awarded as follows:

Cramp and Sons Company, two at $845,000 each.

Seattle Construction and Drydock Company, one at $885,000.

Bath Iron Works, one at $879,500.

The destroyer to be built at the Mare Island Navy Yard will cost $762,638 and the one at the Norfolk yard $706,205.

The total of the wards is $4,922,443.

The limit of cost imposed by Congress was $925,000 each, or a total of $5,500,000. All of the boats will have a minimum speed of 30 knots an hour and will displace 1125 tons each. Delivery to the government is required in from eighteen to twenty months.

The submarine contracts awarded to private firms were as follows:

Electric Boat Company, eight at $545,000.

Lake Torpedo Boat Company, three at $545,000 each.

California Shipbuilding Company, Long Beach, Cal. (Lake Company designs.) Three at $548,500 each.

Record.

BUILDING ORDER SETS NEW MARK.

SIX DESTROYERS AND SIXTEEN SUBMARINES INCLUDED.

Secretary Daniels Declares so Many Contracts for New Constructions Never Awarded at One Time in Navy's History—Gives Details of Specifications for Craft.

[BY A. P. NIGHT WIRE.]

WASHINGTON, Oct. 18.—"It is interesting to note," said Secretary of the Navy Daniels in awarding the submarine contracts today, "that the six destroyers and sixteen submarines constituted the greatest number of contracts for new construction ever awarded in the history of the Navy Department at any other time.

"The destroyers will be built in the main in accordance with the department's designs, except in the case of the one boat to be built by the Bath Iron Works, which will be according to the bidder's design of machinery, for which that company guarantees results in speed and cruising somewhat in excess of those required by the department.

"The order for the construction of one of these vessels at each the Mare Island and Norfolk Navy Yards is in pursuance of the department's policy of equipping and developing our navy yards to the highest point of efficiency in times of peace; also that they may be prepared for the greater strains which would be thrown upon these organizations in time of war.

"The award of contract for one vessel to the Seattle Construction and Drydock Company marks the beginning of the first of this class to be built on the Pacific Coast by a private concern since the completion of the Paul Jones, Perry and Preble in 1902.

"Both of the submarines to be built at the navy yards will be on the design of the Electric Boat Company. The designs and specifications which were submitted by the bidders meet in all essential respects the rigid requirements for this class of vessel which were laid down by the Navy Department. In general features and characteristics they represent a small advance in size, but a much greater advance in efficiency. Both bidders propose bigger engines of the oil type and greatly-improved storage batteries, these advances having been made possible by general developments in engineering science and by extended experience in previous submarines of the United States Navy.

"As in the case of the destroyers, the bidders for these submarines show their ability to build more rapidly than heretofore, as the guaranteed dates of delivery are in all cases well within the twenty-four months which was the best period of construction for any boats of this class previously laid down."

The principal characteristics of the new vessels will be;

Destroyers—Length 315½ feet and 30-foot beam, draft 8 feet, displacement 1125 tons, speed 30 knots. Each will have a battery of four 4-inch rapid-fire rifles, two anti-aircraft guns, four triple torpedo tubes to discharge the heaviest and longest-range torpedoes now built. They will be propelled by steam turbines, oil fuel fired, water tube boilers.

Submarines—Speed 14 knots on surface and 10 submerged, displacement 580 tons. Each will carry 3-inch disappearing rifle for surface fighting. They will have oil engines for cruising on the surface and batteries for propulsion when submerged.

WILD FIGHT CHARGES.

Santa Fe and Southern Pacific to Contest Trials for Having Worked Train Operators Overtime.

During the past few years it has been customary for railroad companies charged with violations of the Federal law relating to the hours of labor required of telegraph operators and train crews to plead guilty and pay a fine, but today in Judge Trippet's court they will contest two cases, brought through an investigation by S. J. Mayhood, inspector of the Interstate Commerce Commission, and Roscoe F. Walter, special attorney of the commission.

One is against the Santa Fe, alleged to have required F. E. Carnes, a telegraph operator, to work more than nine hours on five different days at Del Mar. The other is against the Southern Pacific, charged with working thirty members of a train crew in excess of sixteen hours on the line between Indio and Los Angeles, and Los Angeles and Palm Springs.

Next Saturday.

SEA OF COLOR AT BIG SHOW.

Rare Flowering Shrubs from Tropics on Display.

Forty Varieties from Letts Gardens Alone.

Beautiful Iris, Roses, Dahlias and Chrysanthemums.

Forty varieties of rare flowering shrubs in bloom will be exhibited from one collection at the Broadway Automobile and Flower Show which opens next Saturday afternoon. These are from Arthur Letts's famous Hollywood gardens which are now in charge of A. A. Hunt, a horticulturist, who has exhibited in many flower shows in this country and England.

Mr. Letts has recently purchased the Franchesi collection which has been one of Santa Barbara's chief attractions for years. The Franchesi collection required years to gather and contains exceedingly rare specimens, many of them not being catalogued nor well known commercially. Added to Mr. Letts's already fine assortment these plants will constitute one of the most remarkable and valuable collections of tropical flowering plants in the world.

At the big Broadway show the following varieties will be shown with flowering branches: Achania malvaviscus, tropical America; Arbutus unedo or strawberry tree, Southern Europe; Abelia grandiflora, Eastern Asia; Angelonia grandiflora, South America; Acanthus mollis, Southern Europe; Browallia speciosa major, Colombia; Bauhinia galpini, tropical Africa; Cestrum elegans, Mexico; Choisia ternata, Mexican orange, Mexico; Cassia artemisaides, Australia; Clerodendron squamatum, China; Caesalpinia echinata, Brazil; Duranta plumeri, West Indies; Datura arborea, Chile; Erythrina crista galli, Brazil; Exacum affina, Socotra; Heterocentron Mexicanum, Mexico; Hibiscus rosa sinensis, Asia; Lochroma lanceolatum, Ecuador; Iochroma violacea, Ecuador; Jacobinia coccinea, Brazil; Leonotis leonuris, South Africa; Libonia floribunda, Brazil; Lapageria rosea or Chilean bellflower, Chile; Lathyrus latifolius or everlasting sweet pea, Europe; Nandina domestica, Japan; Olea fragrans, India; Pennisetum ruppelianum, Abyssinia; Parkinsonia aculata, South America; Pereskia foetidum, tropical America; Pereskia godseffiana, tropical America; Passiflora caerulea or passion flower, Brazil; Solanum machranthum, Solandra grandiflora, Central America; Statice latifolia, Russia; Thevethia nereifolia, West Indies; Tacsonia manicata, Peru.

The same exhibit will include cut roses and others flowers. It will be located near the entrance of the Broadway end of the flower show.

While this is not the season for a display of iris, yet the Dean Iris Gardens of Moneta will exhibit a few blossoms of a variety that is just coming into bloom and continues throughout the winter months. It is a native of the Mediterranean Coast countries, and admirably adapted to California climate. It is but one of a very valuable and choice collection of species gathered from all parts of the north temperate zone, as well as a very large collection of choice hybrids—one of the most valuable collections in the United States.

Those familiar with only the common blue and white flags will be surprised to see some of the other varieties, with their delicate colorings and veinings. Some are quite dwarf, only a few inches high, and some are giants in height, throwing flowering stems five feet and over, while there are numberless intermediate heights.

There will be priceless plants from the Huntington gardens, a magnificent display by the city park department, thousands of chrysanthemums representing hundreds of varieties, a sea of vivid dahlia blooms, one of the finest collections of water lilies in the United States, delicate ferns, begonia and other flowering foliage plants, cut flowers of many varieties—a half-acre of nature's choicest offerings grown by the best gardeners of the Southwest. The show will open next Saturday afternoon at 2 o'clock and will be open Sunday from 10:30 o'clock in the morning until 10 o'clock at night. It will continue open during the same hours until a week from next Saturday night.

SENSATION DUE.

Chinese Defendant will go on Stand Today in Anell Smuggling Conspiracy Case.

Rapid progress was made yesterday in the hearing of the charge against Julio Liparoldi, J. Sherman Woolf, the Monterey attorney, and others, charged with conspiring to bring a load of Chinese contrabands from Ensenada to San Francisco, before Judge Farrington and a jury in the United States District Court.

Evidence was given by dealers in San Pedro in relation to the loading of the Anell for the trip south, the fitting out of the vessel, and the fact that just before the vessel when to Ensenada, J. Sherman Woolf went to San Francisco. It is claimed by the defense that he was en route to Stockton, where he had a law suit for trial.

It is understood that Chan Sing, manager of the Chinatown telephone exchange on Washington street, San Francisco, will be the star witness today in regard to the sending of the telegrams. Chan Sing, in the custody of his bodyguard, was kept in the office of the United States District Attorney all day.

There is likely to be a sensation later on when Bock Sing, one of the defendants, goes on the stand, relative to the identification of a letter sent to Joe Brune, that the government claims was written by Woolf.

Dr. Osler on Tuberculosis

Sir William Osler, Regis Professor of Medicine at Oxford, says in his "Practice of Medicine" (1896), on page 249: "The healing of pulmonary tuberculosis is shown clinically by the recovery of patients in whose sputa elastic tissue and bacilli have been found. . . . In the granulation products and associated pneumonia a scar tissue is formed, while the smaller caseous areas become impregnated with lime salts. To such conditions alone should the term healing be applied."

The success of Eckman's Alterative in tuberculosis may be due partly to its content of a lime salt in such combination with other valuable ingredients as to be easily assimilated.

It is worth a trial, unless other treatment already is succeeding. We make no promises concerning it any more than do reputable physicians with their prescriptions, but since it contains no opiates, narcotics or habit-forming drugs, it is safe. From your druggist or direct.

Eckman Laboratory, Philadelphia.
Sold by The Owl Drug Co., Los Angeles.

JANTZEN-RAILSBACK COMPANY'S

Opening Sale

Tremendous Values for the Week End

Our great new China and Housefurnishing store is a popular success! We have just "caught our breath" after the first big rush of the Opening Sale—and we are now ready with another tremendous list of bargains that will create even greater excitement! These prices will prevail for a short time only. Don't forget our locaton—next door to the City Hall.

Big Bargains From the Big China Store!

$27.50

Regular $32.50 Value

Newest design Dangler Gas Range, with four burners and simmer burner, side oven and broiler, canopy, top shelf and divided shelf under burner. Regularly $32.50—Opening Sale Price, $27.50—delivered, vented and connected free.

$1.50 Jard. $1.19

Hammered Brass Jardinieres on three ball feet. Opening Sale Price, $1.19 each.

Jantzen-Railsback Co.
242-246 So. Broadway Next to City Hall

$1300 Stolen.

FOUR SAFES ATTACKED, TWO LOOTED DOWNTOWN.

Safe breakers entered four downtown stores over Sunday, conducting the boldest raid of its kind ever attempted in the downtown district and netting over $1300 in loot. No clews—finger prints or instruments left behind—have suggested the identity of the men.

With their base of operations boldly outlined for them with an electric light and in full view of pedestrians passing in front, they broke open the safe of the H. Jevne & Co. store, No. 208 South Spring street, taking $600 in currency. One drawer in the safe, heavy with gold, was untouched. By ignoring the drawer the thieves overlooked more than $3000.

After gaining entrance to the room by forcing a back door, they drilled through the massive steel doors, so they could manipulate the time lock. A heavy crowbar then jammed ajar the inner door, exposing the treasure pockets.

Similar methods brought rich returns in the office of the Fleischman Yeast Company, No. 1028 South Grand avenue. The safe was broken into and $600 in money and jewelry worth more than $300 were taken. The door of the safe was then closed and the lock jammed so the looted safe would give the appearance of having been unsuccessfully tampered with.

The cash drawer of the Ralphs Grocery Company's store on South Spring street was also looted, but the burglars were frightened away before their implements could solve the mechanism of the safe.

They met similar results in the office of the Shuger Manufacturing Company, Tenth and Los Angeles streets, where a till was tapped, but only the scars of their tools indicated the assault on the safe.

The work is that of experienced safe crackers, the police believe. It was known a number of yeggmen and dangerous characters were on their way here.

It is feared the series of safe jobs is the precursor of a winter wave of crime, and the police accept it as a challenge from the undesirables who are arriving in droves. To combat the danger the additional policemen recently provided for the winter protection are being hastily organized, and criminal experts in the detective office are assigned to the task of capturing the burglars.

TO DRUGLESS DOCTORS.

Dr. B. Lust of New York, editor of the Naturopathic Magazine, will deliver a lecture to the drugless physicians of Los Angeles and their friends tomorrow evening at No. 1319 South Grand avenue.

chard Hall last night Assemblyman Bartlett scored heavily the noparty bills. He showed of the claim that these are designed to protect party lines as well as to elevate the standard of efficiency in public. By showing that Gov. is bent on destroying parties Assemblyman Bartlett also that the Governor is attempting to strengthen his own hold machinery of State offices and an organization entirely of his

Assemblyman Chamberlain addressed Improvement Association at Sixty-sixth street and avenue. He declared that the ambition of the leading proponents of the no-party law is to rear a party of officeholders and the taxpayers on the outside looking for all time.

BY THE PRESIDENT.

who are opposed to the laws resent the charges made subsidized press, that those who them are "reactionaries." They cite President Wilson as foremost of leading thinkers the destruction of party lines. the President's speech on affairs, delivered some as proof that he does not with the principle advocated by Gov. Johnson. The President:

have hopefully made a score of to obtain 'nonpartisan' political But such efforts always, in run fail. Local parties cannot one thing for one purpose and for another without losing discipline altogether and becoming hopelessly fluid. Neither can form and reform now for this and again for that, or be for one thing and for another. Unless they can have local and constant rehearsal of parts, they will fall of coherent organizations when they address themselves to the business of elections. . . . If national are not to become a mere of haphazard amidst, which can make no calculations whatever, systematic and disciplined connections between local and national are imperative, and some instrument must be found to effect them. their faults and abuses, machines are absolutely necessary under our existing electorial arrangements and are necessary chiefly the several segments of together. No party manager local majorities together up a national majority, if majorities were mustered upon grounds."

organization to oppose the propositions is the Army and Club of Los Angeles county. club passed resolutions condemning the laws, standing for the of political parties, for government by the majority parties, as opposed to the invisible government. The resolutions by W. D. McConnell, president; W. W. Cooper, Dr. and E. A. Lane.

OFF AGAIN.

Supervisor Norton, as Usual, Takes Opposite Side Upon the Channel Assessment Question.

Taking the usual opposite view of the question, Supervisor Norton refused to coincide with the opinions of the other four members of the board yesterday on the question of compromising the suit against the county brought by A. H. Busch and others regarding the assessment for construction of a channel to provide safety against inroads of the San Gabriel River.

County Counsel Hill introduced a resolution to the effect that the contestants pay one-third of the original assessment in view of the fact that the channel had been rendered almost useless by the floods, to which the contestants through their attorneys agreed. Supervisor Norton declared that two years ago the board acted on the advice of county counsel in the building of the channel and believed that the contestants could be made to pay the entire cost if the case were taken through courts. Other members of the board were in favor of finishing the proceedings by allowing the compromise. The matter will be settled this morning.

TO MAKE MONEY.

Plan to Convert County Poor Farm From Orange Grove to a Vegetable Truck Garden.

In order to make the county poor farm a paying investment instead of the losing proposition which it has been for the past seven years, County Superintendent of Charities Norman Martin appeared before the Board of Supervisors yesterday with the plan of removing the orange trees that cover the major portion of the twenty-seven acres and planting in their place vegetables, alfalfa and small fruits which can be used in various other places under county supervision besides the farm. His suggestion was taken under consideration and may be favorably acted on at the next session of the board.

MAY SELL TO CITY.

An order authorizing the sale of the property of the Annex Water Company to the city of Los Angeles for $15,875 was issued yesterday by the State Railroad Commission. The company furnishes water to 9000 consumers in the territory bounded by Slauson avenue, Hoover street, Eightieth street, Florence avenue, Figueroa street and South Park avenue.

ESTHETIC DANCES.

Students in the Cumnock School of Expression will give a programme of esthetic dances tomorrow morning at 10:15 o'clock at the school hall on South Figueroa street, to which the public is invited. The programme will include solo and duet dances of an interpretive nature, under the direction of Miss Margaret St. Clair.

TREND OF THE FINANCIAL NEWS.

CHIEF EVENTS OF YESTERDAY.

(At Home:) Speculation on an increased scale is again the rule in "war stocks," many of which rose to new high prices. Steel touched its best price since 1910, and held it. Tobacco, iron, coke, metal and several railroads also showed much activity on reports of increased business.

(Abroad:) Berlin banks report an increase in their holdings and a general betterment in the financial situation.

(For details, see financial pages.)

FAITH AT A PREMIUM.

For goodness sake, stop being amazed when you follow the law to find that it works. There are people in this world who will never get over their astonishment to find that two and two, when put together, make four.

DEPENDING ON POSITION.

Local peace advocates say that a policy of armament would be sure to bring war. This could be true of countries so exposed that they need always be alert, but over here our nation has only to be reasonably prepared against invasion.

TIME TO QUIT.

Villa says he will lead his army into Sonora. Now that the recognition of Carranza is in operation, perhaps Villa will have no army. If the Mexicans are in good faith with themselves and the world, they will take Carranza and make the most of him. They will also behave themselves.

IN CURE OF HEAVINESS.

If the wonder of these perfect days and the happiness of them suggest anything, it is the need of that healing which belongs to the great out of doors. An hour in the fields to wash the brain clean, a moment by a stream to bring back the music within, a stroll through a patch of woods to re-establish one's lost serenity—all or any of these in cure of the listless spirit and the heavy heart.

PREDICTION OF BANKRUPTCY.

Sir George Paish, in a speech in London on Tuesday last, urged economy as the only way in which to preserve national solvency. "If," said he, "we go on spending money as we are now, we shall see another break in American exchange, etc., etc. This probably would mean the suspension of specie payments and we should have to tell the world we were unable to pay our debts."

WHAT, ALREADY?

ANTICIPATING HER EMOTIONS.

A lady in the East who went to a lawyer's office to discuss domestic affairs with her divorced husband, drew a pistol and shot him. Then she declared that her mad act was due to loss of self-control during the heat of argument. This would be more logical as a defense if it did not occur to ask how the lady came to be armed. It would look as if she had felt her self-control slipping some hours in advance and had gone prepared for the emergency. A burst of anger is one thing, a premeditated revolver is another.

HUSBANDS AND MULE DRIVERS.

A youth, who was rejected by his promised bride, will take the money he had intended to spend on a honeymoon and buy a team of mules with it. His decision is both rational and pragmatic. More men ought to buy mules instead of wedding rings than is the case. Of course, a good wife is better than any team in the world, but it is much easier to pick a winning span of mules than to make a sure-fire go of a romance. Besides, there are more men in the world who can manage a brace of barnyard canaries than those who can run a household.

ESTABLISHED IN JOY.

A woman in this city purchased a library on the joy of life and then tried to kill herself. Life is a state of being. When one has in himself a true knowledge, it is not always necessary to do something about it. Walking abroad, serene and glad, on a beautiful day is better than writing an ode to the sun or than painting a cloud pastel. Living in joy is better than reading books on the subject. People talk much of what they know not, they strain to achieve what they are not and to possess what they do not own. Realization releases one from the necessity of effort.

A CANDID SHOWING.

According to a speech made in Parliament by Premier Asquith the march of Great Britain toward bankruptcy is rapid and intrepid. From April 1 up to the end of June the net daily cost of the war was $13,500,000 per day. From July 1 to July 17 the net cost worked out at $15,000,000 per day, and since July 17 it had averaged $17,500,000 per day. The vote of credit moved by the Premier for $1,250,000,000 was the fourth during the present financial year and the seventh since the beginning of the war. In Mr. Asquith's opinion it would carry them on till the third week in November and would bring the estimated expenditure up to $6,360,000,000 for the fifteen months of war. For the future Mr. Asquith estimated the gross expenditure of $175,000,000 a week.

The contribution of $500,000,000 obtained by the Morgan syndicate from American citizens will pay the expenses of the war about three weeks.

UNCLE SAM AND THE WORLD.

We, as a nation, have had some nervous hours during the past year; the maelstrom of surging events has tossed about the old ship of state, but now she rides in calmer waters with a steady keel.

Reviewing the past and the present, we may felicitate ourselves. There is cause for self-congratulation on how well we are getting along with the world, with Europe, with our diplomacy, with Germany, with England, even with Mexico—and with our internal problems.

There are many who feared, and with cause, that we were steering straight into the path of a hurricane when Germany was so uncompromisingly held to answer by the President for the destruction of American lives and property at sea. For a time the impending storm covered the heavens. It was a dark hour.

But Germany has unreservedly capitulated to our demands in the test case of the Arabic. She was not bluffed, threatened, overawed or bribed. That's the least intelligent way on earth to negotiate with Prussian diplomatists. But fairly and squarely, without subterfuge or finesse, the delicate and intricate question was unraveled.

The United States took the position that submarine warfare, designed to destroy unarmed ships, their crews and passengers, those of neutrals and belligerents also, should in the name of humanity be discontinued and that such acts should be disavowed by the imperial government. It was a courageous position. Germany, outnumbered on the seas, her ports occluded, imports apprehended and confiscated, placed strong faith in the havoc that might be wrought against England by the mail-clad sharks of her navy.

But she abandoned that effective resource of her extremity before the diplomatic pressure of the United States. In other words, Germany, at the instance of a friendly nation, gave up a more potent method of warfare than the whole of her embattled foes have been able to wrest from her.

However, the credit is in no sense ours alone. It must be shared equally with Germany. There was no power excepting her conscientious respect for the justice of our contentions that caused Germany to yield. She was convinced of our sincerity; she knew that we were no catspaw for European diplomatists; she knew that not only was our integrity unimpeachable, but our earnestness was implacable. No compromise was tolerable. But it was Germany's sense of justice, not America's bulk, that caused orders to be issued to the commanders of German submarines that neutral vessels should be held inviolable, that caused the imperial government to disavow the sinking of the Arabic, brought the offer to pay an indemnity, the promise not to do it again, together with the tendered expressions of "deepest regrets" for the American lives that were lost.

And now Uncle Sam is well along with the negotiations to restrain England from the confiscation of neutral cargoes and ships—to compel observance for international law relative to the rights of neutrals on high seas and at ports of belligerents.

England pleads expediency as justification—the identical plea which England so bitterly censured Germany for using with regard to submarine warfare.

But when the cause of humanity, represented by international law, is at the bar the plea of "expediency" is irrelevant.

England will yield to the position taken by the United States. She may argue, explain, justify, for such are the antics of diplomacy. But England knows the United States is rightfully insisting upon inalienable prerogatives in demanding the freedom of the seas for neutral countries. England knows that international law is not a dead letter with us—Germany's magnanimous capitulation in the Arabic case has vitalized international law, strengthened it more than all arguments of jurists or philippics of pamphleteers. And having maintained her stringent blockade and pursued her crushing policy of confiscation on the plea that it was basicly a reprisal against German submarine warfare, England no longer has even that basis for her policy.

And towards England the United States preserves the same friendliness, sincerity and integrity that won the respect of Germany; also the same undeviating earnestness and intensity of purpose.

The maintenance of this inflexible attitude of friendly impartiality toward two powerful countries locked in a death struggle is cause for our countrymen to congratulate themselves. We have held a true and honorable course between Scylla and Charybdis. Immutable neutrality has been the watchword of our government, and today, as perhaps never before, the respect of the world is ours.

But in other instances as well, there are reasons for brightened hopes and renewed optimism among the people of the United States.

The tormenting and baffling Mexican situation has resolved itself into what is the most promising condition since the assassination of Madero; and has brought the United States into the closest and most agreeable friendship ever established with the other Latin-American republics. With their advice and co-operation, official recognition has at last been given Carranza, and in return he has made such assurances as have not been heard from that distressed country since anarchy laid a blasting hand upon it.

And so at the present hour the United States is in the most agreeable situation possible under the most regrettable and abhorred circumstances conceivable among our neighbors. Ours is the only massive nation not embroiled in any manner of quarrel at a time when there is no first-power nation at peace and but few lesser nations are unthreatened or not fighting.

And not only are our relations felicitous with other countries, but an internal awakening is manifest throughout this land. Statesmen of all parties have had their eyes opened, they have seen a great light—a great light illuminating many subjects.

One of the most important developments is the new attitude toward a protective tariff. Even the present administration, elected to office for the avowed purpose of destroying the tariff, has on the eve of a new campaign declared its policy to be mistaken and announced the intention of restoring certain duties for the protection of domestic industries.

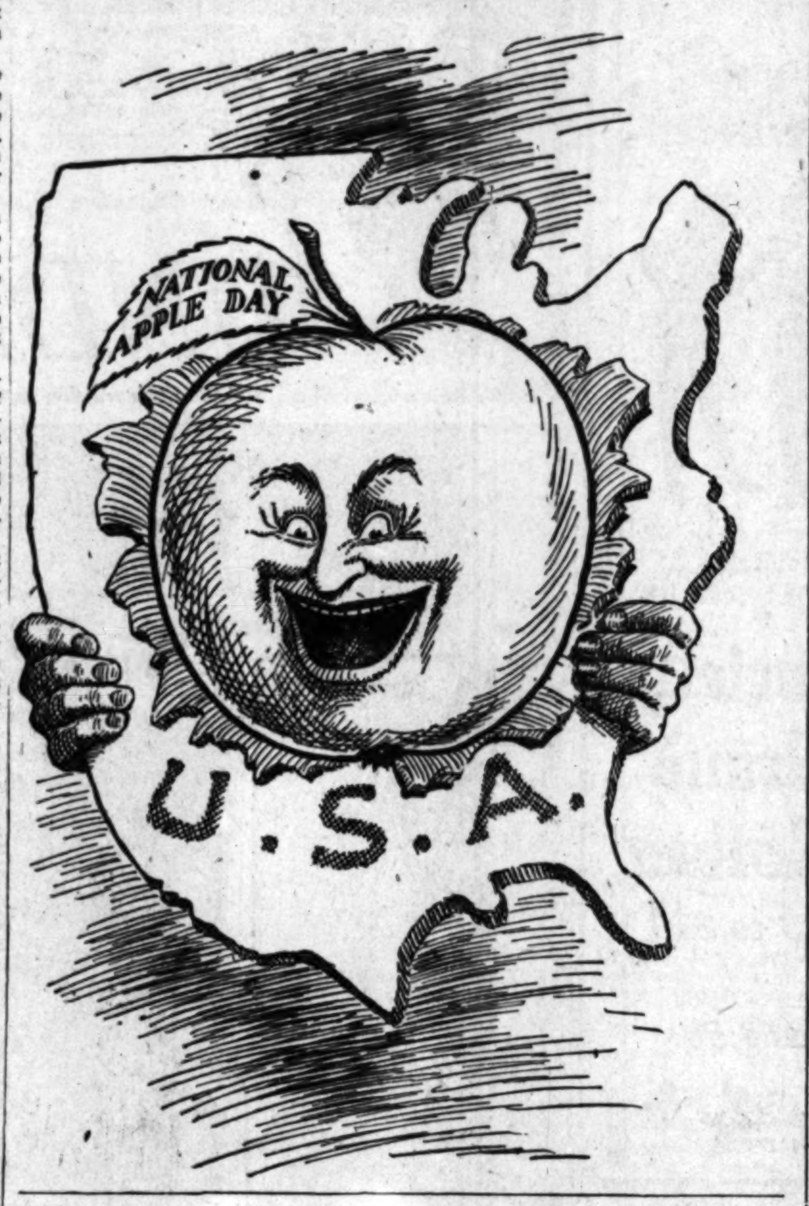
The lesson has been bitter, but it seems to have been effective. The low tariff spread discontent across the country, smashed many small industries, threw thousands of men and women out of work, halted development and jarred the economic structure like a temblor shaking a city. But all parties appear convinced that the tariff wall is essential as a national policy; and with the conversion of the Jeffersonian Democracy the hour approaches when tariff problems will be taken altogether from politics and given into the keeping of some commission qualified to adjust and regulate provisions for the best interests of the nation.

Remains still another important and newly-developed attitude upon which the United States can congratulate itself. From coast to coast, north, south, east and west, the people have come to the realization that our military impotency amounts to criminal negligence. We, the wealthiest nation on earth, are the weakest, pay the least for peace insurance, could offer the least opposition of any great nation to an unscrupulous invader who chose to manufacture a pretext for war. The origins of the European war have shown that treaties are scraps of paper, mere conventional expressions of good intentions, and that war may involve a group of nations even when each and every one protests fervidly and denies any responsibility.

The United States is a peaceful nation, and is determined to maintain peace. All of our political parties have committed themselves to an increase in the army and navy, an increase that will be adequate for the protection of American lives and property.

Such is a cursory review of Uncle Sam's relations at home and abroad in the most embroiling and maddening period of modern times. And as a people we have solemn reasons for thankfulness, and also for sorrows and regrets, since our prestige is only heightened at the expense of a world of anguish and horrors.

"See'd Whose Here?"



SENATOR BORAH'S VIEWS.

Senator Borah of Idaho has definite views on the political situation and does not hesitate to express them. He gave an interview to a representative of an eastern exchange in which he said: "The West is dissatisfied with the tariff. It puts every product of the West on the free list and leaves a duty on the manufactured products of the East."

What else than dissatisfaction with the Underwood tariff could be expected from the West? The farm products of the Middle West brought very low prices before the war and the West doesn't forget it. The market is now from 20 to 30 per cent. higher. The war has done precisely what a protective tariff would have done. It has opened up the home markets and left the manufacturer practically without competition.

The tariff should be one of reasonable protection for the home industries. The home market belongs to the American producer. We have been working for fifty years to establish a home market and when it was built up President Wilson proceeded to open it up to foreign competition.

Senator Borah said that "the duty was taken off sugar because it was argued that the public would be benefited from an influx of the foreign product. The move to repeal the provision of the Underwood tariff which places sugar on the free list and would result in a loss of $60,000,000 revenue, as a necessary tax at this time, confirms the argument that it was not a burden on the consumer in the first place." A good point well made, Senator!

Senator Borah said in relation to Mr. Wilson's measure for a government-owned merchant marine that it would probably be put through at the coming session of Congress. Mr. McAdoo has been pressing it and the President indorses it. He has the votes to carry it through and they can't filibuster through a whole session. The western Democrats will vote for it as a party measure and if it ever gets to a vote it will be carried.

FREMONT AND HIS EULOGIST.

It is nearly seventy years since John C. Fremont made his camp at what is now the corner of Aliso and Los Angeles streets in Los Angeles, and on Friday Miss Lily Fremont, the daughter and sole surviving child of the statesman soldier, who saved California from annexation to Great Britain, will unveil the brass tablet to the memory of her father, the great California pioneer.

A great city has grown around the site where Fremont lit his campfire. The nation has since then quadrupled its population, increased its wealth from seven billions to one hundred and twenty billions, and advanced in letters, arts and industries to the leadership of the powers of earth.

Fremont was the first Republican nominee for President and polled 1,341,264 votes. He was a pioneer in thought as in action. His defeat was the Bunker Hill of the new revolution which four year later placed Abraham Lincoln in the Presidential chair. Fifty-two years later that party elected our last Republican President with 7,678,908 votes, and during all the intervening years, for forty-four of which it was in power, it was loyal to the principles for which its first candidate for President stood.

It is a part of the irony of fate that the principal orator at the unveiling of the tablet to the memory of the great pioneer Republican leader, at Friday next, will be one of the brace of traitors who three years ago smote that party to death, and who now in California raises the club of no-party partisanship to prevent its resurrection.

How it was that Hiram W. Johnson, the destructionist of the Republican party, managed to worm in as an orator of the day at ceremonies in honor of John C. Fremont, the pioneer leader of the Republican party, is a mystery. The selection is about as appropriate as would have been the choice of Wilkes Booth as eulogist of Abraham Lincoln, or of Benedict Arnold to preach the funeral sermon of George Washington.

RIPPLING RHYMES.

CONFIDENCE.

I know a man who hunts for snakes and kills them for their grease. He says 'twill cure rheumatic aches, and make your anguish cease. The doctors says that serpent oil no sort of virtue owns; it will not cure the pains that coil around your joints and bones. But this old gun who kills the snakes has never had a doubt; he says all other cures are fakes, when reptile oil's about. He is so everlasting sure that what he says is true, that even skeptics buy his "cure," to see what it will do. And so it keeps him toiling hard, the keen demand to meet, and he has bought with bullsnake lard a home in Easy street. If you believe in what you sell, have faith in what you say, in that same avenue you'll dwell, upon a future day. If one is not supremely sure that what he has for sale makes all competitors look poor, his eloquence will fail. A man can sell me setting hens, or swams of bumble bees, or double-action fountain pens, or cures for housemaids' knees, if he's convinced that what he sells beats everything around; that sort of salesman's wearing bells, wherever he is found.

WALT MASON.

China's Awakening.

[Topeka State Journal:] China's future isn't as dark as many people seem to think. Her Minister of Education is planning on providing public schools for all of her 40,000,000 children within school age. And he estimates that no less than 400,000 schoolhouses will be required.

HOW TO GET BACK OUR LOST SHIPPING.

BY HON. JACOB H. GALLINGER.

[Under this caption Senator Gallinger of New Hampshire contributes an article to Leslie's Weekly in which he outlines the course he proposes to pursue at the approaching session of Congress in order to revive American shipping.]

Only one thing could justify such a radical departure in the direction of State socialism as a government-owned merchant marine. That would be the inability or unwillingness of private capital to furnish it under fair and feasible conditions. But no such conditions have existed in this country in the memory of most of the present generation of Americans.

The first act of the first Federal Congress, in 1789, gave to the ship-owners and seamen of the United States the direct protection and encouragement of the nation. This was accomplished in the form of a preferential tariff rate of 10 per cent. on goods imported in American vessels. Moreover, American ships were at the same time given a further substantial preference in tonnage taxes at all American ports, and special inducements were offered to American merchants to engage in the long voyage trade with China and India, which had been a European monopoly. This policy of the fathers of the republic was so successful that American shipping registered for overseas commerce increased from 123,000 tons in 1789 to 667,000 tons in 1800 and to 981,000 tons in 1810 while the proportion of our own imports and exports conveyed in American ships rose from 23 per cent. to 91 per cent. No other American industry grew so rapidly; none became so strong and profitable.

So strong did American ocean shipping become that it seemed to some public men that this national protection and encouragement were no longer necessary. It is a long story—the gradual removal of the preferential tariff rates and tonnage taxes, first in one trade and then in another, but to some degree the old national policy remained in force for many years and was not finally abandoned against Great Britain, our principal competitor, until 1850.

All this time, to some degree, American overseas shipping was a national protected industry. So long as it was protected it prospered beyond any other business in the United States. But the opening of the new West and the rise of the sectional quarrel over slavery distracted the attention of Congress from maritime affairs, and made unjust legislation possible. In an evil hour the agricultural South and a portion of the agricultural West, jealous of the success of shipbuilding and navigation, joined to legislate against this historic interest.

Meanwhile, the British and the other European governments had begun to apply the policy of national subsidies to the encouragement of new lines of ocean steamships. For a time, on the recommendation of Democratic Presidents and by a vote of Democratic Congresses we pursued the same policy of subsidy to American ocean mail lines. In the building and operation of steamships, Americans quickly proved as adept as in sail ships, and from 1850 for several years onward the swiftest and best steamships on the trans-Atlantic trade routes flew the American flag.

But because of pressure from the South and West, coupled with a sectional effort to reduce and cripple the United States navy, the mail subsidies were taken away from the successful American steamships between 1856 and 1858. At the same time Great Britain, realizing her opportunity, increased her subsidies to British lines, and gradually the American steamships were driven from the ocean.

This was under a Democratic administration of national affairs; it was under a Democratic policy of tariff for revenue only. In the year 1855 the very large amount of 583,000 tons of shipping had been built in the United States. This fell off in a rapid and startling way, to 469,000 tons in 1856, to 378,000 tons in 1857, to 244,000 tons in 1858 and to 156,000 tons in 1859—the sharpest rate of decrease in our history. Democratic attack upon our shipping industry was responsible for it.

There followed in 1861 the war, and then the depredations of Anglo-Confederate cruisers, but the memorable fact is that the decline in American shipbuilding and overseas navigation had set in before the Civil War began, and as a direct result of the complete destruction of the earlier policy of national protection and encouragement.

FOES OF OUR SHIPPING INDUSTRY.

For reasons which I prefer not to discuss at present certain Republican Senators and Representatives from the Middle West and Northwest have joined with the Solid South against the majority of their own party, and have been able year after year to prevent the extension of the protective policy to the American merchant marine in overseas trade. That is to say, the same elements from the same sections, that brought about a gradual withdrawal of the preferential policy of 1789 and destroyed the mail subsidy policy that followed, have defeated persistent efforts to put American ocean shipping on the same plane with manufacturing and agriculture.

American shipowners, builders, merchants and sailors—the real American sailors who never asked for the La Follette law—have new reason to recognize their enemy.. I regard the administration scheme for government ownership and operation of ocean ships as flagrantly unsound as an economic policy, and a grave menace to what remains of our ocean shipping industry. I shall oppose it to the utmost, and I am sure that most of my fellow Senators will do the same. What is more, I shall offer what I regard as a sound and practical alternative.

FAVORS A SUBSIDY

There will be no need of and no justification for government ownership if the United States government will do for private-owned ships what it is proposed that it shall do for government-owned ships, and that is to make it possible for American ships to meet in fair and equal competition the wages and subsidies of foreign lands. I believe that a subvention, subsidy or compensation should be granted from the Federal treasury to every American shipowner who operates a vessel in overseas trade, so that he can pay American wages, furnish proper American food, meet foreign subsidies, and bounties where such exist, and have an even chance with his European or Japanese competitors.

As a return for such a subvention, the American shipowner should provide a vessel capable of rendering auxiliary service in war, and should be willing to place his ship, when needed, at the service of the government. Such a policy as this, of reasonable aid to American skill and enterprise, will create ten, twenty or thirty ships where inexperienced government ownership would provide one. It will be in accord with the tried and approved practice of the maritime world, and, if properly explained and understood, I believe it will be upheld by a decisive majority of my fellow countrymen.

Carranza is now trying to unscramble the Mexican egg, and the late J. Pierpont Morgan used to say that it could not be done.

For he'd throwed five
  And had killed a dozen
He could jump three
  And then quicker than a
He would buck and come
  Almost doubled in a

One day in the midst of
  Jest to be a leetle
Says I to the other cow-
  "Boys, I'll break old
Then I took a chew of
  Slapped the saddle on
And with all them fellers
  Jumped astride that
With a squeal he went
  Gosh! you oughter
With them cowboys all
  And that outlaw on

"Ride him, Billy," yells
  "Don't hold leather,"
But my heart was
  And my back was
Up he went, hell-bent
  Till my heart was
For I heard that
  And I knowed my
Up we went, me and
  Seemed to me
When I come to, I
  'Stride the barn-roof,
"Whar was Black Dick?"
  Blast my hide if I
But I'll bet he kept
  Till he bucked

San Diego, Oct. 11

Tick of Time.

(Continued from First Page.)

stead rights could not be filed until thirty days thereafter, the settlers first entering into possession of the property have preference in the Land Office.

As a result of this law prospective settlers commenced to arrive on the boundaries of the new land days before the official opening. At the appointed hour a concerted rush took place, each newcomer selecting a choice section and pitching his or her tent thereon. At 9:05 o'clock the new land was dotted with tents, and the settlers were busily engaged digging wells, clearing away brush and otherwise improving the property.

Every section had two or more claimants. But section 17, township 4 north, range 15 west, had thirteen. For thirty days the settlers worked, each one digging a separate well, building their own cabins and putting up their own notices of occupation. Men, women and children fought with each other during petty disagreements. Of all the tangled sections, section seventeen was the worst.

When the time arrived the thirteen settlers on section seventeen filed their notices of homesteading simultaneously. Thirteen lawyers appeared for the settlers. Absolutely swamped by the sudden attack, the officials of the Land Office set a day for the hearing and shooed the combative claimants out of the building.

MATTER OF SECONDS.

This performance was repeated eleven times that day, as each of the twelve sections of choice land is under litigation. The first of these cases was tried a few days ago, and after a careful investigation that finally narrowed down to a matter of seconds, it was decided in favor of the settler who arrived on the land an instant before the other contestants.

Attorney O. R. W. Robinson, former receiver of the Land Office and an authority on United States land laws, has been retained to defend a claimant in each of the twelve hearings.

"When there are only two or three contestants the matter is comparatively simple," Mr. Robinson said yesterday. "But when the thirteen claimants appear next month I fear the locel officials will find they are worse off than King Solomon.

"There are thirteen wells on that one section right now, and it is really dangerous for the person who is not familiar with the location of these holes. We will all be there at the hearing, with our witnesses and stop watches and so forth. An infinitesimal part of a second may decide the case."

And during the excitement in the courts the settlers continue to improve the land in question and to worry one another. Each family expects to be awarded the 160 acres.

JEWISH CHARITY.

Benefit Ball for Needy Families Held Sunday Raises a Helpful Fund for Relief this Coming Winter.

More than $500 was raised for aiding needy Jewish families during the coming winter at the "charity ball" given by the Jewish Sisterhood at the Grand-avenue dancing pavilion, according to announcement made yesterday by the officers.

The ball was held on Sunday night and was well attended by prominent Jewish society people. Every cent taken in went for the cause.

The next large affair of this character will be the benefit ball of the Jewish Consumptive Relief Association in Shrine Auditorium a few weeks hence.

And Life Here Pleases.

AMERICAN PUSH OPENS GERMAN PRISON GATES.

After successfully using American methods and push to free his brother from German captors in France, Ernest C. Akers-Barber, a naturalized Englishman, who has become thoroughly American in every respect with the exception of a pleasing British accent, returned to Los Angeles yesterday. A residence of thirty years in the United States makes life in England unsatisfactory and he expressed extreme pleasure at being back in Southern California.

Mr. Barber owns a country place, "The Priory," at King's Langley, Harts, England. During his recent visit to the old home place he had the pleasure of sleeping in the room which he occupied as a boy. He spent last winter in Los Angeles with his headquarters at the Clark.

"My brother, who was a soldier in the British army, was captured in France by the Germans," Mr. Barber said last evening at the Clark. "Several of my other near relatives had been captured or killed in the war and there was no one to look after his interests. He was seriously wounded at the time he was captured.

"In the natural course of events my brother probably would have remained in the hands of the Germans until the close of the war. As soon as I arrived in England I began using American methods to get results. I conferred with the member of Parliament from our district and took up my task in a systematic way just as they do things here in the United States. By persistent effort I managed to get the War Department interested and my brother finally was exchanged for a German prisoner and is now at home. He is too badly wounded to return to the ranks."

While Mr. Barber was engaged in his interesting and important undertaking he had an opportunity to make comparisons between life in England and his adopted country. He says England suffers by comparison.

"I discovered that a long residence in America unfits one to live in England," Mr. Barber continued. "The people over here live so much more comfortably than they do abroad. Personal accommodations are so much more pleasant and comfortable than in London.

"I am convinced that the average Englishman is not accustomed to enjoy the comforts and pleasures of life to the extreme. At our old country place I noticed the lack of modern bathrooms and hot water accommodations and the drafts in the big house greatly disturbed me. I surprised the attendants in a London hotel because I took a bath at 5 o'clock in the afternoon. I return fully impressed that there is no place like Los Angeles."

ALL FOR LOVE.

Terrors of Imprisonment and His Deportation Fade Before Romance of Girl's Eyes.

Terrors of imprisonment, deportation and many others faded into insignificance beside love for a very young girl in the mind of Eustaquio Lucero, a Mexican mining engineer. Because of his connection with certain revolutionary factions and alleged acts of such factions, he was refused admission to the United States, but nevertheless gained entrance.

Yesterday afternoon he appeared in Justice Summerfield's court, accompanied by Pauline Morales and her mother. They had a marriage license, Mrs. Morales having given her consent to the wedding, despite the fact that the girl was but 16 years of age. Another spectator was a Federal officer, to whom Lucero had given his promise to leave the country immediately, taking his bride across the international boundary last night.

Otherwise he would have been imprisoned and sentenced to deportation, any crimes he being considered guilty of having been committed in Mexico. The Immigration Bureau considered him an undesirable alien at this time. With his bride, he is going into Sonora, where he has interests.

Prosperity.

(Continued from First Page.)

table by the presence here of some of the other really big telephone men of the country. Besides Vice-Presidents Bethell and Sunny of the American Telephone and Telegraph Company, C. E. Yost, president of the Nebraska Telephone Company; C. S. Gleed, president of the Missouri Telephone and Telegraph Company, and G. E. McFarland, president of the Pacific Telephone and Telegraph Company, are also in the city.

Senior Vice-President Bethell also has the distinction of being president of the New York Telephone Company and is a director of more than forty different concerns, while Junior Vice-President Sunny is president of the Chicago Telephone Company and a director of the Chicago City Railway and the Western Electric Company.

Division Commercial Superintendent C. F. Mason of the Pacific Telephone and Telegraph Company is host to the visitors.

Art Lecture Today.

Miss Alma May Cook will deliver a free educational lecture on the art works hung in the gallery of the Museum of History, Science and Art, Exposition Park, this afternoon at 3:13 o'clock, and the public is invited. Miss Cook will explain the methods and mediums used by the various artists represented by the subjects on the walls. She is an art critic of renown and an authority on the classics. Students of the College of Fine Arts and the University of Southern California have arranged to attend, and the Inglewood Woman's Club is to come over in a body.

MOVEMENTS IN SOCIETY.

SCOTT R. HAYES, whose illustrious father was President, and Mrs. Hayes, who have just returned from Petrograd, where Mr. Hayes was official courier to the Czar, are expected to arrive in this city about November 1 and will be at the Alexandria for a week before going to San Diego and San Francisco.

Mrs. Hayes, who is a beautiful woman, was formerly a Los Angeles girl—Miss Maud Anderson—and is the daughter of the well-known clubwoman, Mrs. A. T. Anderson. She was known professionally as Beryl Hope, and her large number of friends are planning affairs for herself and husband during their stay.

Prenuptial Courtesy.

In compliment to Miss Mabel Bishop, who is soon to become the bride of H. E. Andrews of South Pasadena, Miss Mabel Wilson entertained on Saturday evening at her home in South Pasadena.

Merry Home Affairs.

Contributing to the delightful season of gaieties at the home of Mr. and Mrs. J. C. Harvey, Mrs. Purl Ira Fleming of Atascadero, their eldest daughter, is a house guest this week. Her sister, Mrs. John Milton Cage of Detroit, and Mr. Cage, returned Sunday evening from a week-end at the San Diego exposition, and will probably remain at the maternal home until Sunday, when the Cages will probably leave for the north to do the Jewel City en route east.

A delightful musicale was given at the Harvey home Sunday, Miss Margaret C. Harvey, contralto, and Miss Phoebe Harvey, pianiste, entertaining.

Sweet Young Girl Weds.

The happy culmination of a series of social affairs which have been given recently in honor of Miss Lorena May Whipple's betrothal was reached Tuesday evening, when a large number of friends of this charming young girl and talented vocalist were privileged to witness her marriage to George Oliver Goodwin, a son of Judge and Mrs. Goodwin of Salt Lake City.

The nuptial ceremony was performed by Rev. Harry Hillard, pastor of the Knox Presbyterian Church, at the home of the bride's aunt, Mrs. C. Meeker, No. 4012 Budlong avenue. Each room was a bower of roses and smilax, carnations and ferns, while the lawn was illuminated with a myriad of twinkling colored lights. A special feature of beauty was the immense wedding bell, made of feathery ferns and Cecile Brunner roses. The bride wore a handsome creation of ivory charmeuse and real lace, the latter being draped in dainty lilies of the valley. Her veil of rich Spanish lace, which accentuated her beauty, was held in place by clusters of orange blossoms, and she carried a shower of lilies of the valley and bride's roses. Miss Whipple's sole ornament was an exquisite lavalliere—the groom's gift. The matron of honor and cousin of the bride, Mrs. Vala Dell Brown, looking charming in a frock of white taffeta shading into rose pinks, and she carried Cecile Brunner roses. Miss Ethel Allen, the bridesmaid, wore white Georgette crepe and carried Killarney roses.

The groom is a young man of fine family, and a young man who holds a high place in the Mormon City's social and business circles. His brother Robert came on to be best man, and Z. Earl Meeker of Riverside was of the wedding party. Mrs. Ira F. Gay presided over the music, playing the wedding march, and Mr. Meeker, who is a professor in the Riverside College of Music, sang preceding the service, "Because" and "Beloved, it is Morn."

The happy young couple went to San Diego for a part of their honeymoon, returning to this city for a reception which the bride's mother, Mrs. H. E. Whipple of No. 3723 Maple avenue, gave in their honor on Saturday evening. The dining-room, where an elaborate collation was served throughout the evening, was transformed into a woodland scene with autumnal foliage and greenery. In the receiving line with the hostess and bride and groom were Robert Goodwin of Salt Lake, Miss Arleen Goodrich and Miss Minnie Wilson. Pfaff conducted the music and pleasure was added to the event by the bride giving a group of songs in her own inimitable style. Over fifty guests were bidden.

Mr. and Mrs. Goodwin have gone to San Francisco before continuing to their future home in Salt Lake, where they will be at home to their friends after December 1.

Attractive Dinner.

Havenhurst, the beautiful Hollywood home of Mr. and Mrs. William H. Hay, No. 8258 Sunset boulevard, was the rendezvous for a company of people on Wednesday evening who were entertained at a most artistic dinner, planned by Mrs. Hay as a surprise to her genial husband, whose birthday it was. The rooms were elaborately decorated for the event with pink chrysanthemums and cosmos, while in the dining-room a mass of Cecile Brunner rosebuds and smilax was used. This is one of the handsomest rooms in the city, the Circassian walnut having been selected and shipped from the Philippines. Covers were laid for Mr. and Mrs. A. J. Clark, Mr. and Mrs. G. N. Sweetsen, Mr. and Mrs. Emil Bilharz, Mr. and Mrs. George B. Stelle, Mr. and Mrs. James F. Toy, Mr. and Mrs. Frank Smith, Mrs. M. C. Norton and Dr. S. H. Boynton.

To be Much Entertained.

Mrs. Joseph Wilbur Clark of San Francisco arrived last night for a visit of two or three weeks, and is the house guest of her sister, Mrs. William Cline of Howell Terrace, who is giving a large card party at the Alexandria in her honor later on in the month. The visitor will form the inspiration for many smart affairs.

Back from Trip.

Mrs. Maude Miller Gallentine has just returned from a four months' tour through the East, and is soon to start on her concert work.

Birthday Party.

Mr. and Mrs. Morris Orsatti recently were hosts at a dansant in honor of the 18th natal day of their attractive daughter, Miss Estella Viola Orsatti, the enjoyable affair having been given at their residence, No. 1043 Grattan street. Yellow chrysanthemums, Shasta daisies, white Lawsons and rosebuds intermingled with fern fronds created a pretty white and yellow decorative scheme, and delicious refreshments were served in the Japanese tea garden, a buffet supper being served later. Assistant hostesses were Mrs. F. M. Hull, Miss Thelma Granas, and Miss Theresa de Pirro. Present were the Misses Maud Walker, Rose Normandin, Flossie Hays, Lucy Longo, Emma Pirri, Drincka Howe, Justine Valeschi, Rose Laranet, Margaret Pellegrini, Katherine Hays, Grace Pirri, Frances Longo, Rose Schubert, Andre Viole and Messrs. J. Paglianni, N. Howe, Pierre Viole, Homer Dunning, R. Potter, Peter Avila, Ed Simpson, Ray Wallace, Nick Scharich, Joseph Peroni, J. Orsatti, Howard Armstrong, Bob Randall, A. Miller, Alfredo Orsatti, Glen Middleton, William Manning and Dr. F. M. Hull.

Mrs. Louis O. Lieber,

Who with her husband gave a housewarming in their new bungalow the past week, attended by nearly 400 guests. The pretty bride was formerly Miss Maud Velva King, accomplished vocalist and prominent socially.

On Pleasure Bent.

Mr. and Mrs. Frederic V. Gordon of No. 1230 Arlington avenue are spending a month delightfully in New York City, and 'ere their return to this city will visit New Orleans, Philadelphia, Detroit, Chicago and Denver.

In New York.

Among the Los Angeles people registered at Hotel McAlpin, New York, just now are Mr. and Mrs. Ralph Mabie, Mr. and Mrs. Henry Balko, and Messrs. F. C. Hill, George J. Wilson, eBrt Campbell and A. Linthicum.

For a Bride.

Chrysanthemums and Lawsons were chosen by Mrs. Robert F. Guichard to decorate her home for the reception she extended over a hundred guests the past week, to meet her daughter, Victoria, now Mrs. Arthur James Rogers, who has just returned from her wedding trip.

The bride looked pretty in her gown of ivory satin embroidered in pearls and silver, and those who attended her were also in their frocks worn at the service, Miss May Cuneo wearing an embroidered American Beauty chiffon over white satin; Mrs. Alton, sister of the bride and matron of honor Mrs. Reginald and Mrs. Harry Guichard and Mrs. E. Miller all wearing their nuptial gowns. Parlor assistants were Mrs. J. Montgomery in orange; Miss Regina Cuneo, yellow silk and lace; Miss J. Smith, pink satin; Miss G. Kate, pink; Miss M. Johnson and Miss Cain in yellow charmeuse; Miss L. Hampel in blue taffeta and Mrs. Hampel, old rose veiled in black lace. During the evening there were violin and vocal musical numbers and Miss Bivens gave readings which added to the enjoyment of the function.

Son Surprised on Birthday.

Mrs. A. Allen, No. 149 South Forty-eighth street, entertained with a surprise party in honor of her son's birthday, recently. After the surprise, there was music, and dancing, and, in the course of the evening refreshments were served. The house was decorated with pink roses and fern. Among those present were Mr. and Mrs. Allen, Fanny Allen, Isadore Allen, William Allen, Leo Allen, Miss Brick, Arthur Brick, Charles Brown, Mr. Campbell, Bessie Deman, Lillian Deman, Louis Deman, Leo Fonorow, Lillian Freedman, Abe Geller, Kate Geller, Bessie Geller, Jack Geller, Miss Granniss, Ruth Gonosky, Anna Gonosky, Emma Hurvitz, Sadie Haber, Eva Iseman, Ned Lipton, Ida Marks, Rena Marks, Edward Marks, Otto Oaks, Miss Phillips, Adele Rosenmeyer, Fred Rosenthal, Max Rosenthal, Mr. St. Clair, Nora Stertz, Walter Stertz, Dave Storkman, Morris Storkman, Nat Storkman, Flora Rosenbloom, Walter Rosenbloom, Joe Rosenbloom, Sadie Tonanblaum, Thelma Wolf and Helena Wolf.

Their First Son.

Right from Babyville has come a precious little bundle to the home of Mr. and Mrs. Arthur Lester Hill, No. 4511 Melbourne avenue, Hollywood, the little boy, William Lester, having already become the center of an admiring circle of relatives and friends, especially to the grandfathers, Lester J. Hill and William Hoegee of Hollywood, for whom the tiny chap has been named. Mrs. Hill was formerly Miss Ruth Hogee, popular society bud of Hollywood.

A Joint Celebration.

At the home of Miss Frances Parsons, No. 5617 La Marada avenue, Hollywood, the hostess and Miss Edna Williams held a joint birthday celebration on Saturday afternoon, attended by Misses Helen Russell, Helene Stull, Olive O'Reilly, Mae Foss, Mary Faulds, Jennie Maxey, Elizabeth Ward, Claire Wilson, Alice Bell and Mrs. Scott. Covers were laid at a table prettily adorned in yellow chrysanthemums, the favors being also of the same tones.

In the East.

Miss Leila Burgess, of No. 2909 West Seventh street, who went to New York and Atlantic City in company with her mother several weeks ago, is at present being entertained by friends in Kansas City where she was educated. Madame Burgess has been home at least a fortnight.

Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughs, colds and irritations of the throat and lungs.—[Advertisement.

THE offices in the Haas Bldg., Seventh and Broadway, are beautiful and the prices so reasonable.

FARMERS' SPECIAL.

First of Santa Fe's Agricultural Excursions for Landseekers Reaches Southern California — Here Friday.

Aboard a special train, 140 eager landseekers descended upon Southern California yesterday, with C. L. Seagraves, general colonization agent of the Santa Fe, at their head. The party arrived at San Bernardino last evening, after spending some hours in the country about Victorville. Some time will be spent at Riverside today, and then the party will go on to San Diego.

Arriving here at 1 o'clock Friday afternoon, the party will devote three days to the orange belt and the San Fernando Valley. Arrangements are being made for automobiles for several tours. The visitors will leave at 8:45 o'clock Sunday night for the San Joaquin Valley.

With soil and other agricultural experts accompanying the party, the landseekers are making a leisurely tour of the Santa Fe lines. They come here after seeing the farming development of West Texas. At every stop there are arrangements to not only show the excursionists the land and its tilling, but to have them talk with men who are acquainted with actual conditions.

The party composes the first of the Santa Fe's so-called "farmers' specials." It is planned to bring at least two other parties from the East to the Coast this fall.

QUIZZING OFFICIALS.

Grand Jury Spends Day in Looking Into Affairs of County Officers. Report Due Today.

Questioning of various county officials regarding matters pertaining to different departments was continued yesterday by the grand jury, which continued its session throughout the day and will be called again today. Deputy District-Attorney Tracy Becker is conducting the interrogations. Dist.-Atty. Woolwine declared that the special prosecutor who will receive a good portion of the mysterious $5000 appropriation has not been named. It is possible that today will bring forth the report of the grand jury.

TOGETHER LET US GO

Downtown to Inspect Olive Gray and Other Exquisite Tints; also Things Chic and Charming.

Now is the time to buy:

New maple syrup at that fine grocery store on mid-Broadway where what they say about quality always proves to be true. When they aver that the taste is truly royal, it is certain to be fit for the palate of a king. I wonder if kings do have exacting taste? Anyhow, hot biscuit and maple syrup will prove good enough to suit an exacting American citizen.

Include in the fall stock for the emergency shelf a dozen or so cans of that new soup, which is ready-made. In the assortment of this new brand is found the real Scotch broth, made from mutton stock. This is unusual.

Cheaper than it would be possible to buy the muslin and make them at home, are the sheets and pillow case in the household linen sale of that Broadway house which is hale and hearty and always having something attractive in its everyday advertising.

Practical Suggestion.

The Good Housekeeper rubs a little paraffine on the heels and toes of the new stockings and finds that they wear much longer because of this preventive treatment.

∴

Roselle Jelly.

For the lady who asked how to make roselle jelly, that essentially California product, I will answer by telling the just-how employed by the Good Housekeeper. From the roselles she detaches the green husks, then washes the "flowers" in warm water several times to make certain that no sand adheres. Placing the clean flower-fruits in a preserving kettle, she barely covers them with water. After boiling for about twenty minutes, the juice is passed through a colander and then through a sieve. An equal part of sugar is added and the mixture placed on the fire again to boil about twenty minutes, or until it "jells" in cold water. Place in glass and seal or cover with paraffine. This makes a firm, rather tart jelly, excellent for use with meats. If so desired, other fruits may be admixed with the roselle.

∴

Taller, Tallest.

The modish girl of the season has grown remarkably tall. Several inches have been added to her feet and many times several to her head. It is thus: Last summer she wore the no-heeled sport shoes with her sweater and golf corduroy skirt. Now she is wearing the very highest French heels. Whereas, she was wont to don a slouchy hat of the sports variety, pulled low over her eyes, she now disports a "stove pipe." Thus has she set at naught the old biblical saying that it is impossible to add one cubit to the stature. Armed with an edict of fashion, she is likely to defy any dictum, however well established in the public mind.

∴

Not in Haste to Bustle.

One of the noted French couturiers proposes bustles. I doubt if even in this age of hurrying changes in modes, women will be in haste to adopt these excrescences. Still—who can predict? In a single day the "never" of fashion becomes the "ever" of the styles.

∴

'Ear! 'Ear!

Necklaces fastened into each earring and girting the dimpled chin are the latest gem manifestation of fashion. So very oriental, or rather Egyptian-looking are these, that they really should be worn only by girls of the Cleopatra type.

∴

War Brides Veils.

"War brides" is the name of one of the new veils. Of course, it is bordered deeply and rather mournful looking, as anything possessed by war brides should be. By the way, have you fully realized how careful we should be about the selection of veiling? The very slightest variation in mesh makes such a difference. I have seen a girl who was perfectly modest becomes, upon donning a certain sort of mesh in veiling, a brazen minx—in appearance. I wonder if more mesh could transform the conduct?

∴

Blouses Militaire.

The first of the truly military in blouses will be on sale during the coming week in that big store on lower Broadway. I heard a girl say yesterday: "They always have the best values and the latest fads in blouses there," naming this very store. The military blouses are of taffeta in either blue or black and they have the tight-up under the chin collars, fastened with buttons, and those buttons brass! Just too clever and becoming are these!

∴

Boots of Blue.

As in keeping with the fad for navy blue or other dark shades of blue in tailored suits, come the boots of blue kid, many of them in the new and becoming gypsy cut. These boots make the foot look slim, and since there is no concealing the shape of the foot, from toe to above the ankle, with the present shortness of skirts, one must look well to the appearance of the shoes. There is, in fact, no avoiding shoe extravagance, at present, for one should really have a pair of shoes or boots to correspond in style and in color with each suit or frock. And even if this were not exacted, how tempting are the shoes of now! One is stricken with that "must-have" feeling upon beholding each and every style and shade.

∴

"B. V.s" in Black Laces.

At that "B. V." store on mid-Broadway—yes, you do know, too—it stands for "better values," and is the store of brotherly love!—well, as I was about to say, they have wonderfully good values in laces at all times, and this week there are several specials which it will pay to see, if laces are among your wants. Black particularly this week.

∴

Light on a Vain Subject.

I have seen that vanity lamp advertised in eastern magazines and here it is in one of our stores on lower Broadway! It is a lamp—electric, of course—which may be stuck up just anywhere. In case you wish to see to powder the left side of your face up goes that lamp, beside your dressing mirror! Then, when you begin to wonder whether the curls on the top of your head show the pinning-on, you stick that accommodating lamp at the very highest point of the mirror frame and thereby you can see the top of your jaunty head. If you wish to read by it, you tilt it to reading angle and if you are in a piano-playful mood, you may place it just where its rays will illumine your music page. Oh, it is the most helpful lamp you ever saw and this week it is to be had at a most accommodating price.

∴

Such a Big Story!

"The Story of Forty-six Stories." That is what I would call it if asked to name that very original advertisement with which a big furniture store on Broadway seeks to impress the reader's mind with the bigness of its building. Really, one never does fully realize the size of a store when it is all spread out, but were it piled up one would be impressed, as the eye is by that picture. Forty-six stories is some store. How would you like to be obliged to climb to the very forty-sixth to reach your breakfast table, say? Or to find your bed after a long day downtown shopping, and an evening dansant? But you do not have to climb those stories if you are in the buying humor and buy at that big furniture store. There are elevators to carry you to every furniture department, and the prices are none of them forty-six stories high.

Welcome.

MAWRUSS AND ABE BRING JOY.

All - too - human Partners Back at Mason.

Play has a Glad Message for Theater-goers.

Cast Does Very Acceptable Work in Piece.

BY HENRY CHRISTEEN WARNACK

Our old friends, Potash and Perlmutter, came to the Mason last night to stay for a week and it is a lusty joy to welcome them.

This is one of the few new theatrical ventures to have survived the past year in New York and to have done better than a normal business on the road.

It deserves its good fortune for many reasons, not the least of which is that its rich mirth is not at the expense of those characters whose childishly complex natures are the subjects of its humor. In its laughter there is no offense, because the play in all of its treatment is fair to everybody concerned.

Abe and Mawruss are so tremendously human that no audience can resist them. They are impulsive, emotional, suspicious and generous, frank and secretive, miserable and happy all in a minute, stopping their fights to embrace and ending an embrace in order to break into some fresh disagreement.

None of their quarrels goes an inch below the surface, for, as Mawruss explains to Rosie, Abe's wife, what goes on between partners is one thing and dealing with the public is another. Mawruss wouldn't even allow his partner's wife to talk about Abe.

Mawruss jumps all over the little book-keeper for sending the wrong bill to the wrong man and then raises his wages $3 a week by way of apology. Later, both partners face bankruptcy to go on the boy's bond when a Russian secret service agent tries to extradite him that he may be tried in Petrograd for a political crime he never committed. This is the serious part of the plot and is just heavy enough to hold the interest of the audience and to serve as a background for the loads of fun which make up the body of the piece.

SHARP TOUCHES.

When the two partners mistake the pompous book agent for the rich banker and crowd him with 50-cent cigars, never giving him a chance to state his business, they are acting just about as 98 per cent. of the people in this world would act, and when they mistake the richest man of their race for a nobody, because of his modest appearance, they make another mistake that is not in the least uncommon.

To show the banker that their hearts are right, they offer to pay at least $20 on the attorney's fees, and then they learn that the men whom the banker has retained to defend the young Russian receive exactly $1000 a day. This is a fine contrast between the schedules on which the two worlds are run.

This really isn't one world, you know. It is at least a thousand, and the terms are different in every one, although the principles are the same in each. Most people are so blinded by the difference in terms that they lose sight of the sameness in principles and that is why it is so hard for us to get along with one another when we step over into the other fellow's world.

Every story for the stage needs a love motif. No matter what else a man does or how else he is rewarded, he is not acceptable as a hero until he has been led to the altar. Love has been set aside as the and great seal of happ

When Montague Glass finds the married partner Mawruss a Ruth Goldman, the expert designer not only obeys the rules of construction, but gives the touch that makes it lovely.

It is all very well to have the Russian refugee marry daughter of Abe, but enough. This, at best, appeals as a boy and girl affair, all of these grown-up and nothing short of the Mawruss would ever satisfy.

THE PLAYERS.

Besides, Lottie Kendall is any Ruth Goldman could and more than any Mawruss ever hope for. She is just says she is, a "peaches Goods would sell themselves tie Kendall on the premises has nine-tenths of the feminine portion of the cast, tunate that she can carry such grace.

Jules Jordan is an Abe so much realism that he he might play the part well without knowing and Lew Welch is a lavish interpretation. There when both principals are a but their roles call for high Their feet were never paths of peace.

Moreover, this is one of the plays that is good no matter it or how they do it. present cast has so many features that, on the whole, formance is highly pleasing.

Hudson "Fifty-Four" A Masterpiece

The Latest Model of the Powerful "54"

We consider the Hudson "54" the greatest touring car of its type ever built. And thousands of users agree.

It was a great car when it first came out, but a far greater car today. Scores of improvements have been made in the past four years.

This is a Hudson masterpiece. It has been perfected to the farthest point.

It has proved itself in millions of miles of touring, and in many a coast-to-coast trip.

It has won first prize against 24 rivals for efficiency and economy.

It is big, powerful and roomy—135-inch wheel-base. Its fuel consumption is amazingly low. No roads or hills can conquer it.

It's a car you would be content with for a trip around the world.

It is also the car for men who want roominess, power and distinction. There is no car built at any price any more impressive.

Howard E. Coffin is the designer.

The "54" is one of the finest of the Hudsons. And the Hudson is now the largest-selling quality car in the world.

We have a few of these Hudson "54's" ready for immediate delivery. Price, $2500, f. o. b. Los Angeles

DOC WHITE DEPOSED AS MANAGER OF TIGERS.

Nipped.

NO GAMBLING AT TIA JUANA.

Operation of Mexican Race Track is Under Ban.

Col. Cantu's Concession is Worthless.

Plans Under Way to Build a Monte Carlo.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Oct. 18.—The Mexican Department of Foreign Affairs directed Ramon P. De Negri, Mexican Consul-General here, today, to notify San Franciscans who are said to have backed financially the construction and maintenance of a race track at Tia Juana, Lower California, that the Mexican authorities would not permit the operation of a race track or any other form of gambling.

"I have heard that A. B. Spreckels is one of the men interested in the Tia Juana project," said Consul De Nigri today. "If I find this information to be true, I shall inform him that Gen. Carranza will not permit the track to operate. The Mexican Consul at San Diego has received similar instructions."

A. B. Spreckels admitted today that he was interested in the project, but said that he had not heard of Gen. Carranza's reported objections.

"I am not the principal stockholder," he said. "We got permission from the government of Lower California. More than $250,000 will be spent on the plant. Alberto Madero, a brother of former President Francisco I. Madero, also is interested in the track."

Consul De Negri said that, according to his information, the race track concession was granted by Col. Esteban Cantu, self-styled dictator of Lower California. Cantu is granting such concessions freely, De Negri said, but without any authority or legal right to do so.

The consul further stated that plans to build and operate a gambling resort along the lines of Monte Carlo also were under way.

PLAYER BREAKS NECK TACKLING.

[BY A. P. NIGHT WIRE.]

MOSCOW (Idaho) Oct. 18.—Floyd Gilbert, captain of the Grangeville High School football team, died at a hospital here today from a broken neck sustained in a game at Nez Perce Saturday.

Hamilton Patterson,

Commonly known as "Ham" former first baseman for Vernon and now newly-appointed manager of the team.

"Canned."

VERNON LEADER RECEIVES HIS NOTICE OF RELEASE.

Though Announced in "The Times" More than a Week Ago, the Firing of the Tiger Chieftain After an Unusually Successful Season Comes as Rather a Surprise. Ham Patterson Named as the New Manager.

As PREDICTED in The Times eight days ago, Doc White was yesterday deposed as manager of the Vernon Tigers, receiving his five days' notice of release while still in San Francisco.

The indictment against White, as far as any explanation can be dug up, is that he did not infuse the club with a fighting spirit. That he allowed cliques to spring up in the club and did not deal firmly enough with them.

Ham Patterson will succeed White, it is said.

FOUR BASKETBALL GAMES THURSDAY.

Thursday night four practice basketball games will be played on the Los Angeles Athletic Club courts. The club teams, under the leadership of Coach Klawans will meet four teams from Manual Arts High.

HOW GOOD IS FRED KELLY AS A FOOTBALL PLAYER?

BY JOE PUNT.

HOW good is Fred Kelly, fullback? That is the question agitating a good many minds at the present time.

We all know how good Fred Kelly, hurdler, is. He has shown his magnificent stern to so many would-be champions and run in world's record time so often that nobody has to argue about his ability.

But on the gridiron it is different. Fred seems to be a possible star, or a whole constellation, all by himself and yet he never has shone to advantage on the gridiron.

In the first place, Fred was handicapped by the fact that he never tried to play football until last fall. His inexperience placed him at a disadvantage.

But he has everything in the way of natural resources that a football player should have. He is big. He is strong. He is a natural athlete. He is the fastest man in a football suit in the country.

Last year Fred ran rotten interference. He also tackled poorly. He could not buck the line. But his wonderful speed made him the most feared man on Southern California's gridirons for, once loose, the man didn't live who could catch him.

In addition to his ability to sweep around the ends, Kelly became proficient at intercepting forward passes and time and again got away for long runs by such means.

But with all his ability to advance the ball, Kelly could not be classed as a star, because of his woeful weaknesses. Foster and McClung of Occidental, Finch and Bogue of Whittier and even Elmore of U.S.C. were better men than he.

This year Kelly should be a wonder. It is his last public appearance, as he will be ineligible after February. He has the same weight and more speed and in addition, with coaching, should have overcome his faults, which stuck out so glaringly last year.

Unfortunately in Saturday's game Kelly was booted out by the officials, through his mix-up with Guisto, before he had a chance to show anything.

This is Kelly's last chance. If he has learned to overcome his faults he will be the most brilliant star Southern California football has ever seen.

As a high hurdler, Kelly is without a peer. It may be that the same can be said of him as a football player before many weeks more.

Fred Kelly.

FASTEST BOAT ON COAST NOT ENTERED IN RACES.

BILL RUESS has a most decided peeve and refuses to be comforted. He is disgusted with the world in general and with the Regatta Committee of the Panama-Pacific Exposition in particular.

And as the result of all this peeve and mental anguish, Bill has refused to enter his Mitchell, the fastest motor boat in Southern California, in the big meet.

She is built for the rough waters such as are encountered in San Francisco Bay, and has made as high as forty-five miles an hour in several spins. With Joe Fellows, her designer, at the wheel, or for that matter with Bill himself, she could show her heels to just about everybody.

But the things that have made Bill sore are as follows: There are cups up as prizes instead of money. The committee offered transportation for eastern boats, but refused to pay the freight on the Mitchell. And worst of all, the card has been cut until only two races are left in which the boat could be entered. Hence the peeve.

CANADIAN WINS AVIATION TROPHY.

TRAVELS FOUR HUNDRED AND FIFTY MILES IN FIVE AND A HALF HOURS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

TORONTO, Oct. 18.—Thos. Macaulay, Canadian born trainer of Canada's naval aviators, today made seven continuous round trips from Toronto to Hamilton, totaling 442½ miles, in five and a half hours, thus gaining the Curtiss trophy and its cash prize of $1000 emblematic of championship of America.

Macaulay's trips were made with three passengers in his flying boat. Each of the round trips of sixty-one miles was made in forty-nine minutes or less.

YOST SMILING.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

ANN ARBOR (Mich.) Oct. 18.—Coach Yost of the Michigan football squad was smiling today. His team of substitutes beat Case Saturday and seven cripples who were kept out of the game on account of injuries were out for practice today. The limping squad composed of Dunne, Staatz, Maulbesch, Smith, Calvin, Bastian Reimann, will be in shape to take the field against the Michigan Aggies next Saturday. The team was given light work today, but Yost will begin speeding up tomorrow in order to get the kinks out of the crippled regulars.

Slim Love Holds Coast Batters to Lowest Percentage.

ACCESSORIES TO BE A FEATURE.

At Broadway Automobile and Flower Show.

Hamburger's Complete Line to be Shown.

Glenn Martin to Exhibit Military Aeroplane.

One of the big features of the great Broadway Automobile and Flower Show, which is to open next Saturday night, will be the accessory exhibits. The show promises to eclipse anything ever attempted in the automobile show line on the Pacific Coast. The floral features alone will represent thousands of dollars and the most comprehensive automobile exhibit ever staged in the West is assured, but the accessory exhibits will offer incomparable novelties.

HAMBURGER'S DISPLAY.

Among the leading accessory exhibitors will be the extensive Hamburger's display. For several years the great Los Angeles department store has made a feature of the automobile accessory department and the store is known from Coast to Coast as headquarters for motorists' supplies. The finest lines of tires, oils, robes and accessories on the market are represented in the Hrmburger stock and will be shown at the Broadway Automobile and Flower Show.

The Harry A. Miller Manufacturing Company will exhibit for the first time in any automobile show. The new Miller carbureter, Harry Miller's high-speed alloyanum pistons and rings will be shown, together with pistons of other metals used in the fastest racing cars ever seen in action in America.

AIR CRAFT.

Glenn Martin announced last night that he would exhibit as a special feature of the show, one of the new military aeroplanes, which he is building for the government. This aeroplane exhibit will be but one of the many special features, which will make the Broadway Automobile and Flower Show the greater motor salon ever staged in the West.

NATIONAL SIX.

Hawley, King and Company are exhibiting a six-cylinder National car and the Oakland in four and six-cylinder models. Manager Reeve Gartzmann exhausted all resources in the effort to obtain one of the new twelve-cylinder National highway models for this show, but the factory was unable to supply it.

"I regret very much that we cannot show the new 'twelve' at this time," said Mr. Gartzmann. "When I was in the East recently, the factory told me they would do everything they could toward providing us with a car. I told them the Broadway Automobile and Flower Show would be the greatest thing of the kind ever held on the Coast. I could have had a car with one of the experimental motors in it, but I preferred that Southern California motorists see the same car that will be on the market or accept the disappointment."

PACKARD CLASS.

Two cars and a stripped chassis will comprise the offering of Earle C. Anthony, Inc., Packard and Reo distributor, but his exhibit will make up in interest what it lacks in size.

A shipment just received from the Packard and Reo factories has made possible Anthony's interesting exhibit. The Packard twelve-cylinder car which Anthony will show, is the first regular demonstrator which he received last week. It is the first car out of the regular Packard "Twin-Six" production to reach the coast. The original Packard "Twin-Six" demonstrator, which Anthony shared with the San Francisco Packard dealer, was one of twelve made by hand in the Packard factory and sent out prior to the commencement of regular factory production of the new cars. Those who have ridden in the new car, say it is even smoother in operation, owing to its machine-made motor, than was the original car and it develops even more power than did the first demonstrator.

DEMONSTRATIONS.

"We are really handicapped in exhibiting in a show," declared Packard Sales Manager E. E. Caister yesterday. "The Packard 'Twin-Six,' save for its motor, is practically a duplicate of the Packards of the past. It is in performance on the road that the wonderful qualities of the car are impressive, and to see the car standing on the floor gives one no idea of the completely new riding sensation of the Packard 'Twin-Six.' However, we will be only too glad to book demonstration rides in the new car for the week following the show, and those who are interested in the 'Twin-Six' will confer a favor on us by letting us arrange with them for a ride after the close of the show."

FED BACKER PASSES AWAY.

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 18.—Robert B. Ward, head of bread-baking companies bearing his name in many cities, and widely known as a leading figure in the Federal Baseball League, as the president of the Brooklyn club, died tonight at his home in New Rochelle, after a brief illness, at the age of 63 years.

Mr. Ward, a lifelong fan, became one of the chief financial supporters of the Federal League at the instance of its president, James A. Gilmore, early in 1914. He was chosen vice-president of the league, then organized the Brooklyn club, and with his brother, George F. Ward, built Washington Park, the home grounds.

Mr. Ward was taken ill with rheumatism last Tuesday, and complications hastened the end. He is survived by his widow, who was Miss Mary C. Brening of Pittsburgh, four daughters and five sons.

BRANDSTETNER'S SUDDEN LEAP INTO THE CALCIUM

BY JOE PUNT.

EVERYBODY stand back and take a look at this guy. Tough, isn't he? Sure he is.

He is the Occidental fullback and his name is Brandsetner. He has been varsity fullback for three years and yet he is little known to fame.

The reason is that Brandy's whole existence until this year has been for the purpose of making yards for Occidental and fame for Sid Foster and Sam McClung.

Brandstetner is the best interference runner in Southern California. He is short, stocky, fast, and full of fight, and can stand more punishment than the average tackling dummy.

The reason the Occidental back field has been feared for the past two years is that Brandy has been bowling over would-be tacklers by the score and therefore allowing Foster and McClung to get away to a good start.

Not that Foster and McClung would have been very rotten without Brandy. But if they are good players without him, they are great players with him.

Brandstetner got to be so good at running interference that it never seemed to enter into the quarterback's head to call on him to carry the ball. In the Pomona-Occidental game last year he gained well every time he carried the ball, but he only carried it five times.

This year somebody suddenly discovered Brandy. They put him to throwing forward passes and now he throws them better than anybody on the team.

They started to make a line-bucker out of him, and behold, he rammed through the Sherman line two weeks ago like a regular Drury Wieman. He was the only Occidental man who could gain through the Indian line.

Then they put him back at safety position on defense, to run back punts, and he developed into a swerving, smashing runner, with a piston-like straight-arm that made him the star of the Sherman-Occidental game.

He even rose to such a pinnacle of fame that when Capt. McClung left the game at the end of the first half Brandy was made field captain.

There have been better line plungers than Brandy and many more spectacular players, but when it comes to downright worth Brandstetner is the most valuable player on the Occidental team.

Brandstetner.

COAST SLUGGERS FIND SLIM HARDEST TO HIT.

WITH only one week left to the Pacific Coast League season of 1915, Slim Love of Los Angeles stands the best chance of leading the regular pitchers of the league in holding opponents to low batting averages.

Johnson of Vernon and Steen of San Francisco are up around the top, but neither has had enough work to be rated as a regular and take the honors away from Love. For twenty-eight weeks of the season Love held opponents to an aggregate batting average of .219. Fanning of San Francisco and Ryan of Los Angeles are in a neck-and-neck race for second honors among the regulars, each having held opponents to a .237 average.

Piercy is Vernon's best bet, having held opponents to a .240 average. Lush is Portland's best bet, .246. Lefty Williams leads the Salt Lake pitchers, holding opponents to a .247 batting average, and Klawitter tops the Oakland pitchers, having been hit at a .254 clip.

More hits have been made off Spider Baum of San Francisco than off any other pitcher in the league. Opponents have rapped Baum safely 359 times. Second on the list comes Lefty Williams, who has been hit safely 351 times, and then comes Klawitter, who has allowed opponents a total of 349 hits.

The following figures show the total "at bats," total hits and aggregate batting averages of all opponents against each pitcher for the first twenty-eight weeks of the season, up to October 11:

WHAT THE QUAIL AND DUCK HUNTERS TELL US.

EVERYONE continues to be delighted with their luck and duck season is still as good as it was the opening day. Limits, of both duck and quail, are not curiosities, but as common as jitney busses. While no detailed reports have been received from the lakes, it seems that sport is good on them, while the club keepers claim this to be the best season ever.

E. L. Hedderly and Heinie Pfirmann had little difficulty in getting the quail limit at Newberry Park in the Calabasas country.

Tom Bundy and Tom McFarland spent a day at the West Shore Gun Club and say that there were so many ducks on hand that they took their choice, and only shot at the white-breasted ones.

Fred H. Solomon is back from a successful hunting party at the Canejo Recreation Club, where he acted as host to a quintette of friends. The party brought home eighty ducks and plan to repeat the outing next week-end.

Harry Dane had good luck in the Elsinore country. Many are camping there.

Elmer Riggins and Fred Adams of the County Clerk's office bagged the quail limit at Chatsworth.

Mr. and Mrs. E. E. Ekdale made the duck limit at the Willow Gun Club, while James A. Hoblit got the law's amount of quail at Moore Park, near Calabasas.

L. H. Davis and C. C. Copley killed the quail limit at San Jacinto, while Dr. Fred J. Fitzgerald and P. E. Peterson did the same in the Perris Valley.

Heinie Pfirmann recommends the country about Sunset Beach as the greatest duck region in this neck of the woods. He should know, since he has shot there twice already.

Many shooters are rejoicing over the fact that the Dominguez Gun Club has reduced its rates to $2 a day.

The Calabasas country seems to be good for quail. Dr. W. L. Cooper is one of the several score getting the limit there.

W. H. Cline, Jr., got the quail limit at Oceanside and Gordon McLean and Paul McIntyre at Pedley.

Jack Brown, H. Anderson and Fred Gruell got their quail in the Calabasas region, together with several doves and rabbits. E. A. Jones and Dave Adams made the limit in Mint Canyon.

STUTZ THROUGH WITH RACING.

PRESIDENT OF COMPANY SAYS CAR CAN HARDLY ASK FOR MORE HONORS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

INDIANAPOLIS, Oct. 18.—The sturdy Stutz, the leading contender against foreign-made cars throughout the United States during the present year on various tracks and road courses from New York to California, is through with the game. The announcement was made here today at the Stutz factory that the racing sport will be discontinued not only temporarily but indefinitely. Harry C. Stutz, president of the company, said:

"We have won practically everything there is to win. We have won the road championship twice. We have now added the speedway title; we have broken road race records; we hold the road race championship; we have broken all records from 100 miles up to 350, and we have set a new world's mark for racing. We can hardly ask for any more honors than these."

L. A. HIGH PLAYERS WORKING HARD.

FAULTS OF LONG BEACH GAME BEING ERADICATED BY COACH.

Coach Featherstone's Cliffdwellers are having the work of their life this week learning team work and being schooled on how to handle the ball. Last week's game with Long Beach brought out many faults which Featherstone is bound to eradicate before next Friday, when the Hollywood organization will be played.

1916 OLDSMOBILE

The Quality Small Car

The body is solidly built, luxuriously finished and permanently silent. Strips of anti-squeak felt distributed at all friction points—between the sills and the frame, along the entire face of the dash where it joins the body and where the metal panels are fastened to the ribs—eliminate all noise.

At $1,095 Model 43 sets a new pace. In materials, workmanship, equipment and all mechanical features it is fully up to the high standards of its distinctive predecessor, Model 42, and at the same time it is bigger, roomier, more comfortable, better appearing, smoother riding, and priced $190.00 lower.

Our demonstrator will call at your residence or office.

KISSELKAR

"Every Inch a Car."

At the Broadway Automobile and Flower Show, October 23rd-30th, Boston Store Building (opposite City Hall), we will be located in Space 26, second floor, and will have ready for your inspection the complete line of new KISSELKAR models.

One and all, the Kissel models are revelations in style and beauty. In endurance and performance; "up to snuff" in every respect, from every standpoint. You'll like them; come and see if you don't.

The ALL-YEAR Car

will be especially featured. This notable Kissel invention of the season—whose Detachable Top arrangement provides an open car when it's warm and pleasant, a closed coach when it's chilly or wet, readily and quickly interchangeable—comes to you this year improved and perfected in design.

There are three KisselKar chasses, the new 32-Four, the 36-Four and the 42-Six. Touring Cars range from the 5-Passenger 32-Four at $1050 to the 7-Passenger 3-door 42-Six at $1750; Roadsters from the 4-Passenger 32-Four at $1050 to 42-Six at $1650; ALL-YEAR Cars from the Roadster Coupe 32-Four at $1450 to the 7-Passenger Sedan 42-Six at $2350. You must also see the line of Kissel Trucks, from the 1500-lb. capacity at $950 to the 6-ton at $4350. All prices F.O.B. Factory.

Come to the Auto Show and stop in and see us at Space 26, second floor. We'll be at your service.

RUGBY ENTHUSIASTS ARE TO GO NORTH NEXT WEEK.

ANYBODY can say what he wants about Rugby, but he has to lay off her champions. They are of dyed-in-the-wool variety and deserve nothing but praise.

Before Rugby was taken up by the colleges and high schools of California, old men got out on Saturdays and exposed their wrinkled legs to show the youth of the land how the game was played. They stuck with it until they saw the game that the American had laughed at crowd football against the wall.

Now, when Rugby is down and out, the young Americans who took it up are working their fool heads off nights after work to keep it alive. They are even going so far as to devote their only day off—Sunday—to it. That's spirit.

Ahead of them lies their hardest work. They play Stanford a week from Tuesday and Santa Clara the following Saturday. It is their big week. The game with Stanford is to be at Ewing Field in San Francisco, and is to be one of Rugby's banner events. So the warriors down south are getting groomed up. On Tuesday, November 2, they will play an all-northern team at the exposition grounds.

There will be practices at the Los Angeles Riding Club tonight and Friday night. Then there will be a whole Sunday of Rugby.

There are some thirty fellows who belong to this squad of the loyal legion. Most of them are young men just out of high school or college. Some of them are still in high school and have refused point blank to play the old game. All of their practice is done by electric light. It spoils two evenings at least a week and sends them to work tired the next day. That's what they think of Rugby.

Their leaders are Pat Higgins and Narlian. Both are for Rugby first, last and all the time. Among the players is Mow Mitchell, the greatest first five Stanford produced. With him are such men as "Dutch" Blair, captain at Manual; Frampton Blake and "Red" Wilson.

Others of note are Walton, old L.A. A.C. captain; Harris, Saunders, Walters, Sterry and Blake.

Stanford is planning some reception for the men from the south. While they are in the north it will be Rugby week. "Pat" Higgins pledges his word that the boys will give a good account of themselves.

Down the Stretch.

RECORD-BREAKING MEET TO BE THIS MORNING.

Horses to Step Against Time at Exposition Track. First Race to Begin at Ten O'clock — No Admission to be Charged — Bon Courage to Try to Beat His Own Mark.

TWO new entries signed up at the last minute for the record meet to be held at Exposition Park this morning. Bon Courage, a four-year-old chestnut gelding, owned by W. A. Clark, Jr., and driven by Ted Hayes, is out to beat 2:12¾ trotting, and promises to give a neat exhibition. Bon Courage has already grabbed several titles.

The other late entry is Zamrect, who is in for the 2:30¼ trotting event. Zamrect is owned by J. J. Fitzgerald, and will be driven by L. B. Baker.

E. J. Delorey, starter of the day, says that there are many fine horses entered, and the morning will be one full of thrills. The Savage stables of Minneapolis, Minn., should furnish some first-class exhibitions, while W. G. Durfee's horses will be on hand and driven by R. W. Macey.

No admission will be charged, and the first race will be started at 10 o'clock sharp. The officials are: Judges—Dr. A. D. Hubbell, William Lousten and J. S. Dickinson; timers—Frank Williams, D. A. Nicholson and L. E. McClelland; starter—E. J. Delorey.

The entries are:

To beat 2:20 pacing—Drift Patch, b.s.; sire, Dan Patch; dam, May Drifton; owner, M. W. Savage; driver, R. W. Macey.

To beat 2:20¼ pacing—Agnes Patch, b.f.; sire, Dan Patch; dam, Heloise Grattan; owner, M. W. Savage; driver, R. W. Macey.

To beat 2:16¼ trotting—Mary E. Patch, b.m.; sire, Dan Patch; dam, Prelissa; owner, M. W. Savage; driver, R. W. Macey.

To beat 2:09¾ pacing—Power Patch, b.s.; sire, Dan Patch; dam, Effie Powers; owner, M. W. Savage; driver, R. W. Macey.

To beat 2:25¼ pacing—Baronteer Todd, b.s.; sire, Todd; dam, Bon Bon; owner, Joe Torrey; driver, J. Torrey.

To beat 2:17½ trotting—The Lark, b.m.; sire, Carlokin; dam, Subeta; owner, W. G. Durfee; driver, W. G. Durfee.

To beat 2:30 trotting—Carleta, b.f.; sire, Carlokin; dam, Alexandria; owner, W. G. Durfee; driver, W. G. Durfee.

Hermes, b.c.; sire, Carlokin; dam, Miss Quealey; owner, W. G. Durfee; driver, W. G. Durfee.

Miss Barry, b.f.; sire, The Bondsman; dam by Sidney Dillon; owner, Frank Malcolm; driver, W. G. Durfee.

To beat 2:25 pacing—Rico, ch.c.; sire, Manrico; dam, Pavlowa B.; owner, W. G. Durfee; driver, W. G. Durfee.

Judith Patch, b.f.; sire, Dazzle Patch; dam, Hal Raven; owner, M. W. Savage; driver, W. G. Durfee.

To beat 2:30¼ trotting—Zamrect, blk.f.; owner, J. J. Fitzgerald; driver, L. B. Baker.

To beat 2:12¾ trotting—Bon Courage, ch.g.; owner, W. A. Clark, Jr.; driver, Ted Hayes.

RAIN AT CHICAGO.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CHICAGO, Oct. 18.—Amidst a downfall of rain and in a veritable sea of mud, the rejuvenated University of Chicago eleven held a scrimmage with the freshmen today. The ground was so soft and the ball so slippery that it was difficult for the players to keep their equilibrium and to keep from fumbling the ball.

The freshmen were using plays sprung by Purdue last Saturday. The ball was given to the yearlings after each play, the varsity's task being to break up the new formations.

The Chicago scouts who saw the Purdue-Wisconsin game last Saturday have nothing but praise for Purdue, claiming the score does not disclose the full strength of the boilermakers.

BOSTON TAR BABY WINNER.

SAM LANGFORD OUTPOINTS JIM JOHNSON.

Battler Clips Tham on the Jaw in the Fourteenth Round and Knocks Him Down, but Most of the Time Johnson is Wabbling Around in a Daze.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

DENVER, Oct. 18.—Sam Langford, the Boston tar baby, was given the decision over Battling Jim Johnson, the Tennessee giant, at the N.A.C. tonight, at the end of fifteen of the most furious rounds ever witnessed in this part of the country. The decision was greeted with applause.

Johnson outweighed the tar baby about forty pounds. In the fourteenth round, after coming out of a clinch, Johnson landed a hard right hand smash to the point of Langford's jaw, putting Sam on the canvas. He rolled around, grabbed the ropes, staggered to his feet, and went into a clinch as the gong rang.

With this exception, Langford outpointed his heavier opponent throughout the entire bout. Johnson showed that he was one of the gamest big men seen around this part of the country in years. Time after time Langford would rock the giant's head with hard right smashes to the jaw, and Johnson would wabble around the ring like a tree in a storm. Both men received hard punishment throughout the bout and George English, the referee, at times worked as hard as both men, prying them apart in clinches.

There were about 2000 people present and they left the arena praising the ebony heavyweights for their great performance.

JUNIOR COLLEGE TO PLAY NORMAL.

BOTH TEAMS NEW AT GAME; BIGGEST AFFAIR OF SEASON FOR THEM.

An even and exciting contest is promised for tomorrow afternoon on the L. A. High Field when Los Angeles Junior College and the Normal School meet in a gridiron argument. Both teams are rather inexperienced and this is the first year that either school has placed a squad on the field. Although Normal lost to Hollywood and Junior College did not vanquish L.A. High, both teams made a strong showing and it seems that tomorrow's game will be exceptionally closely matched. The game is the biggest event of the year for both institutions.

L.A.A.C. TO HAVE TWO BALL TEAMS.

"Ownie" Bird, baseball manager of the Los Angeles Athletic Club, has announced that he will put two teams in the field. Wednesday evening at 7:30 the first meeting will be held and all aspirants for team positions are urged to show up.

Spriggan, 2:03 1-4, is going back to California so as to have a long spell of home training before meeting Peter Scott in the $20,000 race in November as a part of the fall race programme at San Francisco exposition.

SEVEN YALE ELEVENS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW HAVEN (Ct.) Oct. 18.—An hour's signal rehearsal was ordered today for the Yale football squad. Seven elevens reported and special attention was paid to the tackling, which has been poor. End "Bush" Allen and Tackle "Chub" Sheldon were detained by recitations. Blodgett played right end and Schmidt left tackle. In the absence of Harry le Gore, Neville was at half-back. Otherwise the eleven maintained its line-up of last Saturday, which is expected to be retained against Washington and Jefferson next Saturday. Jim Sheldon, who was dismissed from the game Saturday, was at right guard again and it was said tonight that Referee Bankart and Umpire Okeson admitted that a mistake was made in disqualifying him and in penalizing Yale sixty-five yards.

CRIPPLES AT HARVARD.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

CAMBRIDGE (Mass.) Oct. 18.—All of the Harvard regulars who played against Virginia, Saturday, with the exception of Joe Gilman, left tackle, were out on Soldiers' Field this afternoon. The coaches had the satisfaction of seeing a troop of cripples out to witness the practice. Within another week the Crimson likely will have its full playing strength. The return of Parson, the 1914 varsity tackle, indicated a considerably stronger rush line than that which played against Virginia. Gilman was allowed to take the day off, but is all right, while Soucy, who banged his knee Saturday, was out, although not dressed to play.

TIGERS LOGGY.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

PRINCETON (N. J.) Oct. 13.—Princeton began today the working preparation for the Dartmouth game next Saturday. The afternoon's workout was devoted to an effort on the part of Rush to remove from the minds of his charges any overconfidence that may have resulted from the large score of the Lafayette game.

The day's practice was one of the most disappointing of recent times. With nearly all of the stars taking part in the scrimmage, the regulars required very nearly half an hour, with continuous possession of the ball, to score on the second team. The offensive power of the line was at a low ebb and very seldom could the backs get their plays well started before some ambitious scrub nailed him. Finally Shea managed to shoot off tackle for the dash that scored.

CORNELL BEEFY.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

ITHACA (N. Y.) Oct. 18.—With only four days of real work awaiting them before the trip to Cambridge, where they will play Harvard on Saturday, the Cornell football squad entered upon the usual routine practice this afternoon. All the important players were pronounced in good condition by the coaches, except Bailey and Welles, tackles. Jameson and Gillies are coming along so well that no anxiety is felt over the condition of the first two men. In Jewett and Fischer, Cornell has two good substitutes for the tackle position, but if Jameson continues to get back his true form, there will be no need for substitutes against Harvard. At present it would appear as if the Ithacans would line up against the Crimson a rush line which from tackle to tackle, weigh 193 pounds on the average.

GLOOMS BEAT IT.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

URBANA (Ill.) Oct. 18.—The dark clouds which overhung the camp of the Illini all last week, culminating when Ohio held Zuppke's champions to a tie, began to clear away tonight. The most encouraging sign was the reappearance of Harold Pogue, fresh from a trip to Youngstown, O., where he was treated by "Bonesetter" Reese. Pogue was greatly improved and it is regarded as certain that he will be able to play against Minnesota with much prospect that he will be used against Northwestern next Saturday.

"Potsy" Clark limbered up on the running track and is also carded to return to the game soon, probably against Northwestern.

Maxwell

The Lowest "After Cost" Car

IN YEARS gone by automobile manufacturers were satisfied if they could produce an automobile which would run without trouble. Economy of operation was forgotten. The car which would operate without frequent breakdowns was the car that had "the call."

Today, there are many cars which will give steady month in and month out service without frequent trips to the repair shop. The Maxwell is famed as such a car, but in addition to this the Maxwell is breaking all records for low "after cost" or low upkeep.

The Maxwell earned a victory over 40 other cars in an impartial test made by the Yale University, Sheffield Scientific School. In the test made by the Yale professors, the Maxwell averaged 33.2 miles to a gallon of gasoline at 19.8 miles an hour, with a correspondingly low record for consumption of lubricating oil.

Its light weight, and the increased efficiency of the 1916 Maxwell result in making the Maxwell the record car for low "after cost."

The Maxwell

has lowered *all economy records* for:

1st—Miles per set of tires.
2nd—Miles per gallon of gasoline.
3rd—Miles per quart of lubricating oil.
4th—Lowest year-in-and-year-out repair bills.

Immediate deliveries are now possible for the first time this season.

See them at the Broadway Automobile and Flower Show,
Boston Store Bldg. (opposite City Hall,)
Oct. 23rd to 30th inc.

LORD MOTOR CAR CO

11th and Hope Sts.

New "Nobody Home" sparkler.

Ida Van Tine, who has taken Winnie Baldwin's place in the Morosco Theater's happy musical comedy offering.

At Orpheum.

MELODY ACTS ATTRACTIVE.

Cecil Cunningham and Local Girls Please.

General Tone of Bill's not up to Standard.

Stage Gossip and Chatter of the Film World.

BY GRACE KINGSLEY.

The Orpheum bill this week is nearly as long as Hamlet and in spots almost as sad. Were it not for the holdovers there would be good reason for believing that the standard of Los Angeles' foremost vaudeville house had fallen somewhat.

There are, however, some saving graces among the new acts. One of these is Cecil Cunningham of the baby stare, the golden hair and melody melange. Miss Cunningham has a delightful voice, and also, she has a pleasing personality of such subtle quality that even as you stop to analyze it, it "has" you. Her act would be greatly improved by being crystallized into some distinctive class of turn, rather than depending on the diffuse effects she now gains.

However, one or two of her songs are capital, particularly the humorous "At the Keystone Comedy Ball," which has a lot of "pep" and is one of the best that has been put over in vaudeville in quite some time. Her "ragging" of "Annie Laurie" is also very amusing.

Alice Lyndon Doll, assisted by Mary Campbell and Jane Shaw, give a pleasing musical offering. They appear in full stage drawing-room setting, and the whole act makes a pretty stage picture. The girls play three pianos in concert, and their voices are pleasing. The act might be improved by the introduction of a song or two of a crisp comedy nature, which would lend to it a little needed "pep."

"Home Again," offered by the four Marx brothers, ought to be. It is a musical comedy tabloid of thin quality. Except for one or two good jokes which scintillate amid the lack-luster character of the rest, the comedy has about as much point as a billiard ball. The musical numbers are good, however, the voices being of pleasing quality. The house seemed to be pleased with Arthur Marx's discovery that comedy can be wrung even from a harp, but he pulled some rough stuff in his dancing number that should be cut in the first-class houses.

Brown and McCormack are two nifty boys who open the show in a neat dancing and acrobatic turn.

Wilson and Lenore wear open-face clothes, but hardly live up to them in their singing, yodelling and whistling turn. The man comedies, but does not score strongly, with it. The girl is pretty and of winning personality, but has little to do.

Pipifax and Panlo present an eccentric acrobatic turn of the vintage of 1890.

The holdovers, Nina Payne and Joe Niemeyer, in their songs and dances, and Frank Milton and the De Long sisters, in "The Terminal," are the best offerings on the bill.

Magic Ring.

The Ring family must be possessed of the magic ring, so lucky and popular are all its members. Miss Blanche Ring is being fought over in the courts by two big theatrical managers, and she also has received an offer from another magnate for next year. Frances Ring received an offer to go east to appear in a big dramatic production next year; Julie Ring is getting a big salary on the Orpheum circuit. Charles Winninger, Blanche Ring's husband, is rapidly coming to the fore as a star comedian, and Thomas Meighan, Frances Ring's husband, who is receiving a big salary with the Lasky company in pictures, has just turned down an offer from Cohan and Harris. And Charlotte Greenwood declares herself "lucky by marriage."

Likes Us.

Fanny Ward, who is to appear in a new Morosco play, and also in pictures for the Lasky company, says she is a confirmed westerner, and doesn't care if she never sees New York again. She says she thinks little old New York is all crumbling into the subway, anyhow.

Realistic Stuff.

The films are arrogating to themselves more and more the office of didactic work. Among the most striking scenes ever shown on the screen are pictures filmed in certain hospitals, which are a part of "Damaged Goods," to be presented at Quinn's Superba next week.

Marked Down.

Queenie Williams, ingenue soubrette of the Pollard Opera Company, which heads the Hip bill this week, is one of the best-known beauties that ever played along the Coast in musical comedy. This will be the first time she has ever been seen in Los Angeles for less than $1.50 per look.

GET TEN BEAUTIES ON THE BIG BEAR.

Ten luscious trout are on display at the Tufts-Lyon Company. They were caught by Messrs. Westerwelt, Campbell and Thatcher in Big Bear Lake.

WAVE BATTER TO FIRST.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH]

CHICAGO, Oct. 18.—Bill Brennan, chief of the Federal League staff of umpires, was in Chicago today and said he would suggest a new rule on base on balls at the annual meeting of the Federal League officials.

Brennan's idea is to wave the batter to first base without the formality of pitching four balls.

"My idea," said Brennan, "is to permit the man to go to first whenever the opposing pitcher has been ordered to walk the man at the plate. There are some objections to be offered. The pitcher might make a wild heave or he might stick one over the plate by accident in losing control. This is not often the case, however, so the idea of walking the hitter is, in my opinion, a good one."

FREDDY WELSH ASKS FOR FIGHTS.

PREPARES TO BOX FOUR BEST LIGHTWEIGHTS BEFORE HE RETIRES.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW ORLEANS, Oct. 18.—Harry Pollock, manager of Freddie Welsh, lightweight champion, today wrote local Promoters Tortorich and Burns, as well as all sporting editors, that he was willing to send Welsh against four of the best lightweights, after which Welsh will retire. After making no demands for a purse, he says:

"Freddie Welsh, the world's lightweight champion, is going to retire. Before Welsh takes this important step in his career he is willing to fight four championship battles, to a referee's decision. He will box these four matches, providing, of course, that he keeps on winning, before the close of the present boxing season—say the Fourth of July, next. That gives him practically eight months, an average of one championship match every two months."

Welsh considers that there are four lightweights active in the game today who are worthy and entitled to consideration.

PASTOR'S HORSE DOES THE TRICK.

[LOCAL CORRESPONDENCE.]

REDONDO BEACH, Oct. 18.—When E. Sandman, aged 70, and retired, purchased a horse from a Gardena minister last week, he stated a few minutes after buying the animal that "yonder horse will break my neck, if I ain't careful."

Last night, while he was driving out to the Redondo Villa tract, where he owns a ranch, the animal became frightened, jumped a high bank and threw the old gentleman out.

Motorists passing by discovered Mr. Sandman and brought him to the Redondo Hospital, where an examination disclosed three ribs broken and a lung punctured. All of his front teeth were knocked out, also.

He is not expected to recover.

WOMAN KILLED AT WILMINGTON.

RUN OVER BY PICTURE AUTO AS TWO CARS CRASH AT CURBING.

[LOCAL CORRESPONDENCE.]

WILMINGTON, Oct. 18.—Mrs. Anna Bursell, aged about 40 years, residing at No. 448 West Fourth street, Long Beach, met with a fatal accident in Wilmington late this afternoon in an automobile wreck. She was taken to Long Beach in an ambulance, but died before reaching the hospital.

The machine, occupied by Mrs. Bursell, had just been started on the turn from the curbing, where it had been standing, when a big touring car occupied by members of the Universal motion-picture concern, and driven by W. J. Finley, hit the smaller machine, turning it over. The front wheel of the big car ran over Mrs. Bursell, the rest of the party escaping injury.

Finley resides at No. 330 South Flower street, Los Angeles. He asserts no signal was given when the other car turned in front of him. He put on brakes and says the woman jumped.

Finley was taking Officer Dorothy of the flagship Farragut to the vessel. The latter had pay checks for seamen. Finley says he was traveling about ten miles an hour. He and other members of the Universal company were taken to the San Pedro police station.

CATTLEMAN DIES OF SUFFOCATION.

FIGHTS FIRE IN FOOTHILLS NEAR PORTERVILLE AND IS OVERCOME.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

PORTERVILLE, Oct. 18.—W. D. Ewer, cattleman of Milo postoffice, sixteen miles east of here in the foothills, was suffocated while fighting fire on the Blakely & Hill cattle ranch six miles east of Springville late this afternoon.

Ewer, with five other men who were at Springville, answered a call for help from the Blakely property. After half an hour of work, when the flames had been partly subdued, Ewer was missed, and he was found lying several rods distant from the main fire, unconscious. He died a half-hour later.

Ewer was formerly from Southern California, and, in company with a brother, Frank Ewer, owned a ranch in the foothills. He was 45 years of age.

SERIOUSLY ILL.

[LOCAL CORRESPONDENCE.]

VENICE, Oct. 18.—A. R. Fraser, popularly known as the "father of Ocean Park," is seriously ill at his home here at Lake View avenue and Ocean Front. Mr. Fraser, who built Fraser's pier at Ocean Park and is reputed wealthy, was stricken with paralysis two days ago and has been suffering since. Mr. Fraser has been an important factor in the development of the bay district and controls much property here.

Santa Monica.

DEMANDS COVER BE LIFTED OFF.

Santa Monica City Council "Taxpayers" Grilled.

Water Bonds' Election is Set for Christmas Week.

Woman Suffers Breakdown Over Her Arrest.

[LOCAL CORRESPONDENCE.]

SANTA MONICA, Oct. 18.—Taking exception to an anonymous communication over the name of the "Taxpayers' League," in which city officials here were charged with "reckless expenditure of public money," the City Council passed a resolution today calling upon O. L. Louden, president of the organization, and Harriet Bowles, secretary, to substantiate the charges.

The resolution asked the complainant to state when and where the meeting of the organization was held at which the city officials were condemned. The Council also asks that they advise the body as to the names of the members and officers of the league and who voted in favor of the resolution.

The resolution recites the charges made against members of the Council and asks for a bill of particulars upon which the charges are based. A call is also made upon the "members who are cloaking themselves behind the so-called 'Taxpayers' League' to come out in the open and prove the charges or stand self-condemned before a fair-minded citizenship as having unwarrantedly and dishonorably attacked public officials."

Copies of the resolution will be forwarded to Mr. Louden and Miss Bowles.

DATE OF ELECTION.

In response to a communication to the City Council today from Mayor Dudley, the Council passed a resolution setting the date as December 21, for an election to decide if the city would issue bonds for $660,500 for the purchase of the four water plants now serving the city.

The values placed upon the water plants of companies now supplying the city by the State Railroad Commission are: Santa Monica Water Company, $402,500; Irwin Heights Water Company, $75,000; the Water Company of Ocean Park, $75,500; City Water Company of Santa Monica, $107,500.

NERVOUS BREAKDOWN.

Upon the statement of a physician that Mrs. Matt Wolfskill, arrested Saturday on a charge of driving an automobile while intoxicated, was suffering a nervous breakdown, Justice Crawford continued the case today until tomorrow morning at 10 o'clock.

When the time for the hearing came this morning, Justice Crawford issued a bench warrant for the appearance of Mrs. Wolfskill. An officer was sent to the Edmund Hotel, where Dr. E. E. Selleck informed him that Mrs. Wolfskill was not physically able to appear in court.

Mrs. Wolfskill, it is alleged, was driving her car along Oregon avenue and in passing the City Hall swerved her machine so that it crashed into the automobile of Chief of Police Randall.

The case attracted considerable attention, especially as Mrs. Wolfskill reported to the police the next morning that she missed jewelry valued at $5500. The local detectives of the police department are working on a clew furnished by Mrs. Wolfskill as to the probable disposition of the jewels.

The Wolfskills are well known in Southern California, having large landed interests between Sawtelle and Los Angeles. They are owners of the Wolfskill ranch.

WALNUT THIEVES

[LOCAL CORRESPONDENCE.]

WHITTIER, Oct. 18.—It was "walnut day" in Judge A. B. Taylor's court today, when no less than six men were arraigned for stealing walnuts. Three of these, Jose Rocha, Cruz Leon and Jose Norcegeas, were bound over to the Superior Court; one, Burt Cornett, was given a fine of $10; one, a mere lad, was turned over to the Juvenile Court; and lastly, Joe Ordman was remanded to the County Jail for later hearing. The walnut thieves have been unusually numerous this month and the local officers have made a number of arrests for this crime.

EIGHT KILLED IN AEROPLANES.

NORTH ISLAND AVIATORS DROP TO DEATH IN ARMY FLYING SCHOOL.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

SAN DIEGO, Oct. 18.—Instructions ordering Lieut. Walter R. Taliaferro, the army aviator who was killed last Monday while flying, to attend the court-martial of Lieut.-Col. L. E. Goodier, Sr., which began in San Francisco today, were received by the young birdman twenty-four hours before his death. He would have been one of the most important witnesses, it is said. He was one of the oldest and most efficient aviators of North Island.

A complete probe of the aviation school affairs and management at North Island is predicted by army men during the court-martial of Col. Goodier, charged with altering charges preferred against Capt. Arthur S. Cowan, head of the aviation school. Capt. Cowan, Capt. Townsend F. Dodd and Lieut. Byron Q. Jones, Roy C. Kirkland and Robert H. Willis, Jr., of North Island, are at San Francisco as witnesses.

The following army aviators have been killed while flying in aeroplanes from the North Island school: Lieut. Rex. Chandler, April 8, 1913; Lieut. J. D. Park, May 9, 1913; Lieut. Moss Love, September 4, 1913; Lieut. H. M. Kelley, November 24, 1914; Lieut. E. L. Ellington, November 24, 1914; Lieut. H. B. Post, February 9, 1914; Lieut. J. Gerstner, December 21, 1914; Lieut. W. R. Taliaferro, October 11, 1915.

Lieut. L. E. Goodier, Jr., of the North Island camp, a son of Col. Goodier, was seriously injured some months ago while flying at North Island.

BLACKBIRDS A NUISANCE.

[LOCAL CORRESPONDENCE.]

COVINA, Oct. 18.—Blackbirds in uncounted thousands are responsible for irritable trouble calls every night after 5 o'clock from the region served by the Home Telephone Company between Covina and Puente. Punctually about thirty minutes before sundown the cloud of birds comes in from the grain fields, where they have been feeding during the day, on their way to sleep in the orange groves. They make a half-way roost on the telephone wires, bending them down and crossing the service with the wires of the telegraph system. Manager Wright of the company has tried setting flaming flags on the poles, but the birds strip the threads from the cloth and make nests of it, he says. His latest plan is to organize a shotgun brigade.

Imperial Valley.

CLAIMS FILED ON OIL LANDS.

Imperial Valley Exploited for Amber Fluid.

Blow-hole "Color" Attracts Hundreds of Filings.

Large Blocks of Desert to be Put to Test.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

EL CENTRO, Oct. 18.—Filings upon 16,000 acres of desert land west of the irrigated area and extending from the Mexican line to the Salton Sea were recorded today as oil and placer claims. At 8 o'clock this morning, when the Recorder's office opened, a representative of a group of well-known San Diego men was waiting and filed seventy-five claims of 160 acres each.

A short time later Fred Place, secretary of the Valley Chamber of Commerce, filed upon seventeen quarter-sections, being followed a little later by W. H. Barnum, No. 312 Scripps Building, San Diego as agent for three groups of eight persons each. Later in the arfernoon A. E. Pemberton of Brawley and John B. Curley of Imperial each recorded filings to 320 acres as agents for two groups each.

Several score persons who went out into the desert Sunday and today made locations, but have not yet filed their claims. Interest in the valley is keen; there are skeptics who ridicule and enthusiasts who predict a new era in development. Parties to go out and locate are being made up. Other men are showing oil samples and offering to locate for various sums.

SAND DUNE SHOWING.

That there is oil in section 23, township 11 south, and range 10 east in a sand-dune blow-hole there is no doubt, but there are mutterings of a "plant." Notwithstanding, there are plenty who are willing to file on a long chance that paying quantities of a good-grade oil may be obtained. The common greeting is, "Hello, got your oil claim yet?"

The San Diego group filed upon 1200 acres in the San Felipe district, fifteen miles northwest of Brawley, in the vicinity of the Curley hole. Filings are also heavy in the Coyote Wells country west and northwest of Dixie Land.

The record shows that on October 2, before the "find" was announced, John C. Graham of El Centro, as agent, filed upon thirty-three quarter-sections in township 16 south, range 10 east. Another group, with Earl C. Pound, former Irrigation District director, as agent, filed upon 3500 acres south of the Graham claims in the Yuha country in June, according to the record.

Announcement of the filings by the San Diego group has increased interest and some scoffers have taken a serious attitude toward the reports. Col. L. S. McLure of Twenty-fourth and A streets, San Diego, was named as locator.

LIST OF FILINGS.

Filings were made for the following: Harry L. Titus, secretary of the Spreckels interests; C. C. Valle, former County Physician of San Diego county; John Forward, Jr., president of the Union Title Company; C. A. Richardson, president of the D. C. Collier Company; Nat R. Titus, who obtained the right of way for the San Diego and Arizona Railroad; R. J. Goodwin; William Clayton, vice-president of the Spreckels interests; F. H. Mead, County Physician of San Diego county; Frank Robinson, court reporter of San Diego county; James D. MacMullen, manager of the San Diego Union; Claus Spreckels, H. C. Gordon, P. H. Goodwin, N. M. Goodwin, E. N. Goodwin, L. S. McLure, Ella T. McLure, F. M. Tibbitts, Read G. Dilworth, Dan Rogan, C. C. Valle, Nat Rogan, R. H. Ellis, E. C. Hickman, C. W. Fox, Paul Valle, H. E. Anthony, J. E. Edgermayer, Mort Brown, R. Delecaire Foster, H. C. Oatman, J. C. Hizer and R. H. Goodwin.

DIES AT FULLERTON.

[LOCAL CORRESPONDENCE.]

FULLERTON, Oct. 18.—D. H. Griffin, aged 62 years, a well-known resident of this section for eleven years, died here Sunday morning at the home of his son, A. E. Griffin. Mr. Griffin has held a responsible position with the West Coast Oil Company for many years. While in Anaheim Saturday afternoon he had a stroke of paralysis from which he did not recover. He leaves a wife, son and daughter here.

BREAKS HIS LEG.

[LOCAL CORRESPONDENCE.]

OCEANSIDE, Oct. 18.—The left leg of C. M. Peters of Long Beach, an employee of the State Highway near Oceanside, was broken this afternoon when he jumped from an auto truck in front of a passing automobile, driven by Wylie Ambrose of San Luis Rey, to pick up a shovel.

OPPOSING TICKET AT SEAL BEACH.

NEW CANDIDATES PROPOSE TO FIGHT OPEN TOWN MOVEMENT.

[LOCAL CORRESPONDENCE.]

SEAL BEACH, Oct. 18.—That the election called to decide the question of incorporation will be a bitter contest was shown today when a new ticket of candidates for office was put into the field.

In the latest ticket Ira D. Patterson, Delbert C. Reader, Robert D. Richards, Merrill L. Russell and John C. Ord are named for Trustees, W. Floyd Stevens as Clerk, and Julia E. Herbst as City Treasurer. Mr. Ord was named on the original ticket petitioned by sixty-six voters of the community six weeks ago.

Those who support the original ticket claim that the new one was arranged by a resident who does not care to pay city taxes on his large holdings. The candidates on the new ticket assert that the ones first named for office are planning to make an "open town" of Seal Beach and they are bound to defeat the alleged scheme. As there are but 130 voters in the city, the election promises to be spirited.

EPHESIAN LECTURE.

In the series of Ephesian lectures at the Y.W.C.A., Rev. James A. Francis will speak this morning at 11 o'clock on "The New Power." The last lecture of the series will be "The New Task," to be given next Tuesday evening.

BRENTWOOD PARK

When the plans already formulated are executed, the present beauty of the residential tract will be greatly enhanced.

The natural result will be an increase in prices.

"War-Brides" and "War-Babies" of Wall Street

That we are living in a fool's paradise of prosperity is the ominous verdict of some observers after studying the abnormal industrial conditions produced in this country by the European war.

In THE LITERARY DIGEST for October 16th, the subject of Wall Street's fever of speculation in war-stocks, facetiously nicknamed "War-Brides" and "War-Babies," is covered in much detail. While the article relates tales of fortunes made over night, it also shows the other side of the picture and the financial risks and dangers incurred by the present speculative craze in war-stocks.

This number of THE LITERARY DIGEST is a particularly interesting one, and among other features that will be received with eager interest by the hundreds of thousands of men and women who depend upon this foremost weekly for world-news, are:

Is Freedom Coming to Russia's Jews?

Being Translations from Russian Newspapers Which Seem to Predict the Long-awaited Victory for Jewish Equality

America's Diplomatic Victory
Woodrow Wilson for Woman Suffrage
What is the Cause of Germany's Present Submarine Mildness?
The Cause and Cure of Fatness (Illus.)
Taking Kipling to Task
Teaching Religion by the Gary Plan
Stealing $1,000,000 in Wheat
Plans for a Big American Navy
Germany Calm Before the Western Storm
Telephoning Across the Sea by Wireless
A Glass-Famine in Britain
Hindenburg in Wood and Iron
Peace Memorial of the German Professors
The Poem of a Soul Regenerate
On Both Sides of the Allied "Drive"
How the Movies Made a Thief

Many Photographs and Cartoons

THE LITERARY DIGEST is the most widely read non-fiction weekly magazine published anywhere in the world. Since the war began its circulation has immensely increased until at the present time nearly 1,500,000 men and women, representing practically every business, profession and occupation, read it weekly. In two hours busy people can obtain a well-rounded perspective of the world's progress during the preceding week in every line of endeavor that interests mankind.

FUNK & WAGNALLS COMPANY (Publishers of the Famous NEW Standard Dictionary), NEW YORK

a triumph for Asphalt-base crude

The Jury of Awards at both the San Francisco and San Diego Expositions found an oil made from asphalt-base crude highest in lubricating efficiency. That oil was Zerolene.

The fact, too, that such unbiased authorities as a U.S. Naval Engineer, engineers of the Packard and Ford Motor Companies, and others, have also gone on record in favor of oils made from asphalt-base crude—in accord with the decision of the Exposition juries—proves that Zerolene is made from the *right* crude, and made *right*.

WAR SHARES AGAIN ACTIVE.

HIGHER PRICES REGISTERED BY MANY ISSUES.

United States Steel Touches its Best Figure Since 1910 on Small Individual Sales—Final Hour of Trading Brings the Most Vigor into the Market.

[BY A. P. NIGHT WIRE.]

NEW YORK, Oct. 18.—Higher prices were registered by a majority of the better known stocks today, with renewed activity in war specialties, but trading lacked much of its recent vigor until the final hour, when United States Steel became the central feature, rising 3⅛ to 85⅝, its best price since 1910. This was achieved by purchases of individual lots running from 1000 to 6000 shares. Gains in the war group were general, but extremely variable. New records were made by Bethlehem Steel, which rose 11 points to 495, Willys-Overland, 10 to 258; Studebaker, 5⅝ to 167⅝; American Steel Foundries, 5⅝ to 70⅝; United States Industrial Alcohol, 7½ to 107½; Central Leather, 1 to 55¼. Liggett & Myers, one of the tobacco issues, also shares in this distinction, advancing 2½ to 245. In addition to these records, sharp gains were made by Bethlehem Steel preferred, General Motors, Maxwell common and second preferred, General Electric, Crucible Steel, Virginia Coal, Iron and Coke, and several of the metals shares, notably American Smelting. Canadian Pacific led the rails, rising 4 points to 169, with marked strength in St. Paul, Great Northern, Baltimore and Ohio, Erie, New Haven and some of the southern group. Harriman and the coalers were up 1 to 2 points, but lost some ground later, profit taking making for some irregularity at the active close. Total sales amounted to 930,000 shares. Some stiffening of rates on London and Paris, with a shading of time money quotations, were among the other favorable developments of the day. Bond quotations were higher, despite an increase of European selling. Total sales, par value, aggregated $3,970,000. United States bonds were unchanged on call.

Bond Sales Compared.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

NEW YORK BUREAU OF THE TIMES, Oct. 18.—Following is comparison of today's stock and bond sales:

COMPARISON OF BOND SALES.

Total sales, October 18, 1915	$ 3,906,000

LOS ANGELES STOCK EXCHANGE.

Union Provident Sells Firm—Irregular Trading Among the Mining Issues—Bonds Evidence Improvement.

There was little activity on the local board yesterday, and trading was confined almost exclusively to the mining issues. Fessenden Gold was much stronger, and gained nearly two points before the close. Big Jim was up, and closed firm at .29. On the contrary, Gold Range and Lucky Boy were very weak, the former in particular slumping badly. Twenty shares of Union Provident sold for 58.50, and 1000 shares of National Pacific brought .01¾ on an off-board sale. Home Telephone securities continue rather unsteady, little demand being manifested for the preferred, and the common selling at 19.50. The bond list has shown improvement of late, and both the first mortgage and the refunding bonds of the Los Angeles Railway Company are rapidly rising to price levels current before the financial depression set in. Other high-grade securities in frequent call are Home Telephone refunding 5s, Pacific Light and Power 5s, Pacific Electric 5s and Union Oil 5s.

LOCAL CLOSING. STOCK QUOTATIONS.

COMMERCIAL.

Los Angeles wholesale apple dealers were taxed to capacity yesterday taking care of the demand for the fruit in anticipation of today, National Apple day. All the largest dealers reported their sales averaged four times a normal day's business.

Grapes were more expensive on the local market yesterday, and an even stronger market is expected in the near future. Malagas and Muscats are now bringing 85 cents a lug, and Tokays have been advanced to $1.35 a lug. Black Hamburgs and Cornichons are common at 75 and 90 cents a lug, and Moroccos are unchanged at $1.00 a lug. Freestone peaches have acquired further strength, and are now commanding a price of 85 cents a lug. Pomegranates are more numerous, and persimmons are gradually increasing in quantity.

Among the vegetables few changes were noticed. Horseradish is more expensive at 17 cents a pound, and tomatoes are firm at 50 to 60 cents a lug. All varieties of green beans are in plentiful supply, and dry pinks are selling to the trade at $4.65 a hundred pounds. There is a large amount of common lettuce on the market, and cabbage is also easier.

Eggs took a sudden jump upward on the Produce Exchange yesterday, and a new price of 42 cents a dozen for case count was registered. According to several of the more prominent produce brokers eggs should go even higher, as the supply of fresh stock at present is considerably below requirements. Compared with last year, the available supply of fresh eggs is far from normal, and storage stocks have in consequence been drawn on freely. In San Francisco fresh extras advanced to 49 cents, with butter at 27, and cheese firm at 17. For the first time in several months there were no cheese arrivals recorded yesterday. Receipts were made up of 130 cases of eggs, 28,820 pounds of butter, 5893 sacks of potatoes, 1597 sacks of onions, 98 sacks of beans, 40 sacks of sweet potatoes, and 16,918 boxes of apples.

LOCAL PRODUCE MARKET.

Prices Current.

EGGS—Fresh ranch, case count, 42; candled, 44@46; northern fresh extras, f.o.b. San Francisco, 49.

ARMERS TURN WHEAT LOOSE

CEIPTS ARE EXTREMEL ARGE IN THE NORTHWEST.

Bulls Find it Hard Work to the Tide and Prices Drop off rly Two and a Half Cents. orts are Reported as Liberal. Also Lower.

[BY A. P. NIGHT WIRE.]

ICAGO, Oct. 18.—Huge receipts nneapolis, Duluth and Winnipeg a promised continued heavy move- in the Northwest throughout the did a good deal today to depress wheat market here. Prices closed ttled, 2@2⅛ to 2⅛@2⅜ net lower, .06⅛@1.06⅜ for December, and @1.07⅜ for May. Other specu- articles, too, showed losses— ⅝ to 1⅛; oats, 1⅛ to 1⅜@1½, provisions 2½ to 22½. Wheat headed down grade right at the and failed to make a decided at any subsequent time. What reaction from the lowest level day took place in the wheat t, and appeared to be due to the s of gain in the United States supply. The seaboards sent that 1,000,000 bushels had been sed for export, but that almost ntire amount was from Manitoba. receded in value as a result of eak in wheat. Oats followed the lead of other grain. Cash houses ed freely. Commission houses to the bear side of the provision

C. F. & I. Election.

[BY A. P. NIGHT WIRE.]

DENVER, Oct. 18.—The stockholders of the Colorado Fuel and Iron Company held their annual meeting here today, and re-elected directors, selecting J. B. McKenna general manager of the company, and W. B. Dickson of Montclair, N. J., as members of the board. These two, with D. H. Taylor, elected to the directorate several months ago, succeeded L. M. Bowers, George J. Gould and E. T. Jeffery, resigned. Subsequently the directors re-elected the company officers, headed by J. F. Welborn, president.

BONDS EXTENDED.

[BY A. P. DAY WIRE.]

NEW YORK, Oct. 18.—The Reorganization Committee of the Missouri Pacific Railway today announced a further extension of time for depositing stocks and bonds of the companies to December 15.

OFFICER ASSAULTED.

[LOCAL CORRESPONDENCE.]

WHITTIER, Oct. 18.—While attempting to arrest a party of drunken Mexicans yesterday, Deputy Sheriff Robert Way was set on by a powerful member of the group and received some blows that laid the veteran officer of Whittier up for temporary repairs. Officer Harry Gordon, who had already arrested one of the fighting group and landed him in a waiting auto, came to Way's aid just at the right time to prevent more serious results.

DISCUSSES THE LAW.

[LOCAL CORRESPONDENCE.]

REDLANDS, Oct. 18.—The voters of Redlands heard a convincing statement of the dangerous principles of the nonpartisan law this afternoon when Senator John W. Ballard of Los Angeles, Spoke at the Contemporary Club House at 3 o'clock. His talk was given under the auspices of the citizenship section of the club, but was made an open meeting in order that all of the women of the city, and also the men, might hear a calm and clear exposition of the purposes of the law.

Drama.

(Continued from Sixth Page.)

Orient. Several of the dances were evolved by her and have never before been seen in Los Angeles.

"Evidence" treats of a modern subject in a modern way. A woman, innocent of any wrong-doing, is twice found by her husband in compromising situations with another man, and because of the husband's belief in circumstantial evidence, cannot convince him or the world of her innocence.

The bright act of Porter Norton and company contains equal parts of mirth, music and magic and all three divisions found favor with the audiences yesterday.

Brownley Johnson wins repeated applause with his rope stunts.

A hit is scored by Brown and Patty in their singing and dancing number entitled, "The Last Night at the Banquet."

Juggling Wilbur has some novel feats that he "puts over" in a humorous way, while the Hebrew monologue of Sam Herman keeps the house in a constant chuckle.

"Mission Play."

The towns and cities of Southern California, as far north as Santa Barbara and as far south as San Diego, are arranging for special days of their own on which they will send their people to pay farewell visits to the "Mission Play" at San Gabriel. The remainder of the present month, November, will be given over to these pilgrimages. The great pageant drama will close its season December 4, and it then will begin its big tour.

Geisha Dancers.

The Cherry Dance Party, composed of fifteen charming Geisha girls, who are to appear at the San Francisco exposition, will give an entertainment at the T.M.A. Hall, No. 231 South Spring street, tonight and tomorrow night.

The charming Japanese girls dance the Geisha dances of their native land, and are quaint and delightful.

Hippodrome.

The Pollard Opera Company, presenting the highly amusing musical comedy, "A Millionaire for a Day" is the star feature at the Hippodrome this week. Queenie Williams and Teddy McNamara play the leading roles and are supported by a large cast that puts the laugh in laughter, and makes the show one long reel of fun.

The Stevens Troupe in their act introduce some new and exciting tumbles. They feature a tiny mite of a tumbler whose suppleness in so small a frame is to be marvelled at.

The story of a woman's cleverness is pictured in the sketch "Outwitted," and Minnie Victorson, the woman, plays her striking part with grace and ease, while Edgar Forest, the crook, brings out well the realities of his part.

Thrills are furnished the audience by Jack La Vier, the flying monologist, who deals in a lot of unconceited chatter, while he swings from a trapeze.

Orville Reeder renders a medley of harmony on the piano; Will Mahoney, the nut, gives his unhuman imitations in his clever way and causes many laughs.

John West and company introduce his singing wolf, that "loves" the blast of a horn. Motion pictures finish the bill.

Tally's Broadway.

Marie Doro in "The White Pearl," at Tally's Broadway, is a very pleasing picture. Miss Doro photographs unusually well, with a personality that "gets over," according to some mysterious law which causes some personalities to "register" in the films, while others do not.

The photoplay is obviously built to give Miss Doro a chance to be pretty and alluring and "cute" in all the ways for which she is famous.

Nevertheless, there is great charm and some thrill in the plot, which leads Miss Doro to Japan, and makes her cuddle up in the arms of a Buddha (having previously eaten the fruit laid before him for sacrifice!) and be mistaken for a goddess long expected by the Japanese. She is finally sold into the captivity of geisha girl life, whence the villain tries to steal her, but from which, of course, the noble hero (with his hair parted in the middle) rescues her.

The opening scenes are not so good as the later ones due to the fact that they were hastily retaken following the fire which destroyed the original film. One amusing "break" on the part of the directors is the fact that in the wreck scene, the water on deck must have been supplied by a force-pump since it is several feet above the ocean level and the ocean itself is calm.

Clune's Auditorium.

The inside workings of a gun factory, a wireless room on a steam yacht, a United States cruiser—these are a few of the things which are depicted this week at Clune's Auditorium Theater. "Via Wireless," a picturization of the drama of the same name by Paul Armstrong and Winchell Smith, produced under the direction of George Fitzmaurice, introduces some new stunts in cinematography.

For instance, while the heroine is cruising in her father's palatial steam yacht, the yacht strikes a mine, and the story seems ended right there. But the heroine finds herself trapped in the wireless room. She sends out the S.O.S. call and is rescued by a cruiser.

The stars in the photoplay are Bruce McRae, who plays the lieutenant, and Gail Kane, lovely daughter of a most estimable gentleman engaged in the genteel occupation of manufacturing big guns.

The second installment of the Stefansson arctic pictures completes the programme. Fred LeRoy Granville, the cameraman who made the pictures, will step onto the Auditorium stage tomorrow evening and tell some of his experiences.

Clune's Broadway.

"The Dust of Egypt," showing at Clune's Broadway, is a thoroughly delightful photoplay, with Edith Storey and Antonio Moreno featured.

Miss Storey is an Egyptian princess who comes to life after having been a mummy for 3000 years. She is a glorious young pagan. When she is catapulted into the twentieth century and finds herself amid bewildering surroundings the comedy is most amusing.

Some Pathe war pictures complete the bill.

World's Fair to Close

The Panama-Pacific International Exposition at San Francisco Will Close in Forty-Eight Days

Have You Seen It?—If Not Make Your Plans Now!

The Times has made final arrangements for the sixth and last excursion under its management to San Francisco and the Fair, with a special side trip through the Santa Cruz Mountains to see the Giant Redwood Trees near Santa Cruz. If you cannot arrange to go with the Times party, go to the Fair anyway.

Sparkling color and incomparable architecture in the Court of the Universe.

An educational and inspirational scene in the heart of the World's Fair.

The price of each regular coupon ticket issued by The Times, which includes first-class transportation, Pullman berths, meals en route, admission to the grove of Giant Trees, auto transfer in San Francisco, accommodations and all first-class meals at the Inside Inn during the stay of the party, and gate admissions to the grounds each day at the Fair, is $42.50.

Sleepers, 25c—for children of 1 to 6 years, sleeping garments of flannelette, all made with feet—only a quarter.
(Basement Store)

At the City Hall.

HUMANE BOARD CLEANS HOUSE.

INSPECTORS AND SECRETARY ARE DISCHARGED.

Men Who Brought Charges and Were Suspended are Reinstated, While Temporary Victors in Contest for Control of the Commission Lose Their Jobs.

Yesterday was house-cleaning day for the Humane Animal Commission. H. S. Fowler, inspector, and known for years as the "czar" of the department, was dismissed, after the commission refused to consider his resignation, and with him went Mrs. E. M. Waddell, secretary of the commission, and Fred Wilson, who has been implicated with Mr. Fowler in the charges preferred by Inspectors C. C. Bryan and Walter Nanny. The dismissals are in effect today, and Inspectors Nanny and Bryan, who were suspended two months ago when they brought charges against Mr. Fowler, are reinstated.

The charges brought against Mr. Fowler by the other inspectors, who were vindicated yesterday, were specific on instances of petty graft and irregularity, and their story indicated that for years Mr. Fowler and Mrs. Waddell have been running the whole department to suit themselves, and the commission and other employees have been powerless to do anything that was not to the liking of those in control.

After Inspectors Bryan and Nanny were suspended they engaged an attorney to protect their interests, and while the attorney was writing them letters about mandamus proceedings and appeals to the Council, the five-day limit for appeal expired, and the inspectors who were reinstated yesterday lost their legal claim to their salaries during suspension. It is likely, however, that Commissioner Nickerson, who opposed the former action of the board in sustaining Mr. Fowler, will introduce a resolution to compensate the reinstated inspectors for their work while they were suspended.

In view of the action of the board yesterday, it is not likely the resolution calling for the abolition of the Humane Animal Commission will receive a majority vote in the Council if it is presented today. Members of the Council said, however, that if the deposed secretary of the commission seeks reinstatement through the Civil Service Commission they will favor abolishing the position.

INACCESSIBLE.
NEW HIGH SCHOOL SITE.

Approval of the site bought by the old Board of Education for the new $500,000 high school will be refused by the Public Works Committee and the Council until some provision is made for the opening of streets to the site. This was the statement of Chairman Topham of the Public Works Committee yesterday, after a conference with the City Engineer's office and another visit to the site.

According to Councilman Topham, the site is in some respects ideal, but the sixteen acres that were bought for $5000 an acre stand isolated. There is no car line within two or three blocks and the nearest through street is more than a half-mile away. Moreover, when members of the committee went to visit the site they found they could not get on the ground by aeroplane unless they went through private property.

The site lies between Pico street and Wilshire boulevard, on the line that was the west boundary of the city before the Palms district was annexed. A strip to the south and east of the site belongs to the Pacific Electric, while a large acreage to the west is owned by the Rimpau estate. These interests will be asked to dedicate ground for two streets running through from Pico street to Wilshire boulevard.

LET 'EM RAVE.
QUESTION IS, WHERE?

Street speaking along East Fifth street threatens to bring financial ruin to property owners and leaseholders and the Council is called on to make the soap-box "orators" move on immediately. The Public Welfare Committee listened to vigorous protests from property owners and leaseholders yesterday, and the committee decided that changes shall be made, but what the changes will be is another question. Each member of the committee favors "free speech" when it harms no one, but the committee is unanimous in the belief that the particular class of "free speech" that flourishes nightly along East First street is undesirable in a rooming-house district or any other place when peaceable citizens want to sleep.

"Why not put them all down around the Plaza and let them talk all night if they want to?" was Chairman Lindsey's suggestion. Other members of the committee said the speakers could not go there. The Fifth-street protestants were unable to offer any suggestions to the committee other than that street speakers would do less harm at night in front of a bank building than in front of rooming-houses.

The committee decided to take a week to hunt for a solution of the problem and the police department will be asked to help.

NEWSIES TO BE HEARD.
ON QUESTION OF NOISE.

Plans for a public hearing for the newsboys of Los Angeles before the City Council were discussed by the Public Welfare Committee yesterday and the question of putting the soft pedal on the "loud and strident noises" incidental to their merchandising methods will be considered again next Monday.

"I think the best way to handle those kids is to recognize they are business men of Los Angeles and treat them as such," said Councilman Conwell. "We are a cosmopolitan and a metropolitan community and noise is one of the things that necessarily goes with a hustling, bustling population of over a half a million. Those boys have more good sense than some people give them credit for and I believe if we get them in here they will listen to reason."

The committee decided to ask the circulation managers of the local newspapers to confer with the committee next Monday and at that time the public hearing plan will be discussed in detail.

BACK TO THE MAYOR.
BOOSTS AND PROTESTS.

The Mayor's request that the Council order all municipal boards and commissions to hold their meetings at the City Hall will go back to the Mayor today with a bale of correspondence on the subject, and the Mayor will be asked to go over the petitions for and against his proposition and make further recommendations. The Mayor's suggestion was referred to the Public Welfare Committee several weeks ago and the committee asked the various departments to say whether they are willing to comply with the proposal and, if not, why not?

Most of the boards and commissions that hold meetings in more or less obscure offices removed from the seat of city government object to any change because their records are all kept at their present offices.

The South Park Improvement Association presented a resolution to the Council, favoring the Mayor's proposition and saying that if all boards were required to meet at the City Hall the public would have an opportunity to learn what the various departments are doing.

CHIEF PROTESTS.
PREFERS OLD SYSTEM.

The Chief of Police appeared before the Finance Committee yesterday with the information that the new card index system for keeping records of arrests has been tried and found wanting. He asked permission to throw about $1000 worth of equipment in the scrap heap, including a $300 billing machine and enough cards and filing cabinets to hold a year's business.

The Finance Committee decided the system is worth a more thorough trial and Councilman Wright was named a committee to visit the Police Station with a representative of the efficiency department to see if the new system can not be made to work as designed.

Chief Snivley also asked the Finance Committee to provide another $1000 for clothes for prisoners working along the Arroyo Seco. He explained this is rough work on shoes and overalls and if the prisoners are to be kept at work they must at least be clothed.

GRADES AT HARBOR.
COUNCIL ON THE GROUND.

Members of the City Council went to the harbor yesterday to look over the territory included in the Knob Hill district, where expensive changes in grade have been ordered. Numerous protests against some of the changes have been filed with the Council and the Public Works Committee turned them over to the committee of the whole before taking final action.

The changes, as adopted by the Council from the surveys of the City Engineer, are made largely to conform with the grade of the new Harbor boulevard and, excepting in one or two instances where the changes are excessive, the Council will make no deviation from the plans. It was explained to the residents of the district that the boulevard improvement will add materially to the value of the harbor district and it is essential that proper connection be made with the new thoroughfare.

Most of the protests were from property owners on streets where there is no change of grade, who objected to having their sidewalks and curbs torn up. They were assured that the protests were filed under a misapprehension, as there is no intention to disturb existing improvements where there is no change in grade.

At the harbor complaint was made to the Council because there is no deputy prosecutor there. Police Judge Crawford has declined to issue complaints and it is necessary to bring prisoners to the city for trial. Two men had to be taken to the University Police Station from the harbor yesterday. Inconvenience in civil matters is also caused by lack of a deputy constable in the harbor district. To serve an attachment it is necessary to pay mileage for a Los Angeles deputy to go to the harbor and serve papers.

MAY TRY MOTORS.

The Council Finance Committee is considering a suggestion from the City Engineer to rent two motor trucks for street flushing. This, the City Engineer says, will assist in carrying out the plan for doing all the street flushing between 1 a.m. and 6 a.m., and a trial of two trucks for two months, at a cost of about $1200, will demonstrate whether the use of trucks is cheaper than horse power. City Engineer Hamlin says there are thirty-one teams now engaged in flushing the streets from 9 p.m. to 6 a.m. This practice has resulted in many automobile accidents and the night flushing has been suggested as an important feature in the "safety first" campaign.

Offer for Bonds.

Members of the Public Service Commission and the Finance Committee of the Council will meet today to consider proposals from local financiers who want to buy a small part of the water bond issue. Members of the commission said yesterday that inasmuch as the last sale of bonds has furnished all the money needed for the power plants at present, they do not favor any sales of small amounts that may jeopardize the sale of the remainder of the issue at a later date.

War on Municipal Dirt.

The Mayor's clean-up campaign around the City Hall was inaugurated yesterday when a gang of trusties from the City Jail applied a coat of whitewash to the side of the north City Hall Annex building, across the alley from the old hall. The City Hall proper will be the next point of attack, the Mayor said, and he proposes to give the old building a good scrubbing, outside and inside, with a gang of trusties wielding the scrub brushes until the building is as presentable as it can be made.

At the Courthouse.

M'ALEER CASE IS SUBMITTED.

JUDGE HAS DEMURRER UNDER ADVISEMENT.

Decision on Whether the Ouster Suit will be Thrown Out of the Court will be Made in Few Days, and if There is Trial it will be Held Within Month.

The ouster proceedings involving the office of registrar of voters which came before Judge P. R. Parker of Mono county, sitting in Extra Sessions, yesterday on demurrer and a motion to strike out were argued by the opposing attorneys, W. J. Ford for Thomas McAleer, and John Beardsley, A. B. Shaw and David Evans, representing David B. Lyons, the appointee of the Supervisors.

Mr. Ford took the broad ground that Mr. McAleer had the right to occupy the office until that office is abolished, or until he is removed in the manner contemplated by the charter. He held that the charter provisions are mandatory. He also contended that Mr. McAleer's transfer was legal, that at the time he was appointed registrar by the Supervisors in November, 1914, he was merely transferred to an office with similar salary and duties, the name only being changed.

The other side argued that until the charter became effective there was no registrar of voters. The creation of the office called for new duties separate from the County Clerk. They contended that these duties were taken from the County Clerk and imposed on a new officer. It was held that the registrar and the deputy county clerks are in different classes and grades and that the duties and responsibilities are different.

Judge Parker took the issues raised under submission. He will give his decision in a few days. He informed the attorneys that if his ruling on the questions raised did not throw the case out of court they could select any day before November for the trial of the case on its merits, and they were assured that the case would have precedence.

Attorney Ford will prepare an application for a writ of mandate directing the County Auditor to issue a warrant to Mr. McAleer for the increased salary of registrar which was denied him when Mr. Lyons started his ouster suit.

LEGALIZED BIGAMY.
COURT IGNORES PAPER.

Valentine Stocks married Mary A. Stocks at Yuma January 28, 1909. They lived together until last May, when a dispute arose over property. The dispute also brought to light, it appears, that at the time of the marriage Mr. Stocks had a wife from the ties of which he was not legally free. Mrs. Stocks filed suit for annulment.

Mr. Stocks's attorney yesterday wanted to file a cross-complaint and an answer, but the latter was thrown into the wastebasket because it appeared that Mr. Stocks had gone to Arizona to marry his second wife when he was not legally free from wife No. 1, an interlocutory decree having been granted in 1908, and returned to California, which was in so many words, the court stated, legalized bigamy.

Mr. Stocks set up in his answer that he believed his second marriage was valid, notwithstanding the prior marriage. After the ties were severed in the first marriage he said he offered to remarry his second wife, but she refused. The court allowed him to file his cross-complaint.

WAS SHE WED?
NEW POINT RAISED.

The $500,000 breach-of-promise suit of Miss Maud Armfield, actress, against Bryant H. Howard, San Diego clubman, which will be retried in Judge Wilbur's court, promises to revolve around the interesting circumstance that at the time she alleges Mr. Howard promised to marry her she was the wife of Thomas F. Dunn. If this is shown at the trial Mr. Howard will be declared incompetent to enter into a marriage engagement.

The allegation is set up in the amendment to Mr. Howard's answer to Miss Armfield's suit by Attorneys S. E. Vermilyea and Hunsaker & Britt, filed with the court yesterday. The date of the alleged marriage is not given, but it is believed to have taken place between April 20, 1912, and July 1, 1912, either at Detroit, Mich., or Windsor, Ont. It is alleged that Miss Armfield lived with Mr. Dunn at Detroit and other places.

The alleged marriage to Mr. Dunn is denied by Attorney F. A. McDonald, counsel for Miss Armfield, who says there is no foundation for the claim. Miss Armfield, who married Mr. Howard and afterward obtained an annulment, in order, as she alleged, to save him from a bigamous act, obtained a verdict of $40,000 in the first trial of the sensational suit. The defendant's motion for a new trial was granted by Judge Wilbur on the ground that the damages were excessive.

FACES IT.
MAY CHANGE PLACES.

"You are charged with being the co-respondent; you are appearing now for the defendant and when the case is tried you will appear to defend your good name," Judge Monroe commented to Attorney S. A. D. Gray when the suit of A. C. Radcliffe against Blanche W. Radcliffe came before him on motions to dismiss the action, to strike out and for attorney's fees.

"I will appear in the preliminary stages," replied Attorney Gray, "but when the suit is tried I will be represented by W. Ona Morton."

Mr. Gray wanted the suit dismissed because it is now on appeal from Judge Monroe's judgment when he denied a decree. He said that the parties had made an agreement to live apart and go their own ways. The court held, however, that this agreement did not permit them to misconduct themselves. He overruled the defendant's demurrer to the complaint and denied the motion to dismiss the action. Attorney's fees will be fixed at the time of the trial.

STINGING.
REBUKES PROSECUTORS.

Because members of the District Attorney's staff have frequently, during the past few months, asked for dismissal of charges against prisoners on the grounds of insufficient evidence, Judge Craig yesterday morning delivered a stinging rebuke to that department when the case of Mrs. Allen M. Durston, charged with assisting Fay Detrich to mistreat Amy Campbell, a 13-year-old girl, was called.

Several continuances of the case had been granted and when the attorney for the defendant asked for immediate trial, the deputy District Attorney present made a motion to dismiss after a continuance had been refused. Insufficient evidence was assigned as the reason for such request. After declaring that the accused person should be given as speedy a trial as possible, he dismissed the case with the understanding that a subsequent complaint be issued. Mrs. Durston had barely left the courtroom before she was rearrested on additional information bearing on the Campbell girl's case.

"NEEDS DOCTOR."
HUSBAND ANSWERS.

Mrs. Elizabeth A. Cook asked the court for allimony and attorney's fees yesterday in her divorce suit against John W. Cook.

"She needs medical attention more than a divorce," declared Mr. Cook. The court ascertained that he owned property in which he had an equity of nearly $700. There and then it was deeded over to Mrs. Cook, Mr. Cook having come into court prepared evidently with that in view.

"She has property now," said the court, "and can pay her own attorney's fees."

INS AND OUTS.
ABOUT THE COURTS.

SUES FATHER. Alleging that statements against her moral character are malicious and false, Mrs. Stella Merriweather yesterday filed suit against her father, J. M. Low, for $15,000. The suit is based on a letter written by Low to his son, Alva Low, of Exeter, in which the father is alleged to have intimated Mrs. Merriweather was untrue to her husband and had an affair with a jitbus driver.

PLEADS NOT GUILTY. Ernest Koch, charged with assault and attempt to murder by Philip Walsh, was brought before Superior Judge Craig and pleaded not guilty. He was also charged with a burglary and made the same kind of plea. His alleged assault took place on September 1, when in company with Arthur Brown he is said to have threatened Walsh with shooting. His case was set for January 3.

DENIES EMBEZZLEMENT. Pleading not guilty to a charge of embezzlement from the Klein-Simpson Fruit Company, by which he was employed, Alfred West, brought before Superior Judge Craig yesterday, was arraigned for trial on January 6.

LOSES HIS SUIT. Because it is a thing the public must put up with and accompanies public improvements, L. B. Tuller of Pomona, who sought damages for the alleged depreciation of his property, due to the noise made by passing trolley cars, lost his suit against the Pacific Electric yesterday. After viewing the premises, Judge Wellborn gave judgment in favor of the corporation. An appeal will probably be taken.

GASHES OWN THROAT.

Edward Fleming, a middle-aged laborer, attempted to take his life at Jefferson street and St. Andrew's place yesterday by cutting his throat with a razor. The wound was dressed at the Receiving Hospital and the man will recover.

Try Murine Eye Remedy for Red, Weak, Watery Eyes and Granulated Eyelids.

The woman who never grew old

was Ninon de L'Enclos, the wonderful French beauty. She knew the value of good air, pure food, exercise and intestinal cleanliness, without which no one can be well or hold youth and vigor of mind and body.

Intesti-Fermin Tablets

contain the health preserving cultures of the Bacillus Bulgaricus and Glyco-Bakter, derived from sour milk ferments of Bulgaria—where many people live to be 125 years old.

They are strongly endorsed by leading members of the medical profession as an efficient, natural and drugless treatment for many disorders arising from intestinal poisoning caused by the increasing demands of our modern business and social life, and evidenced by headache, constipation, biliousness, indigestion, auto-intoxication, nerve and stomach trouble, and the many serious ailments of premature old age.

$1.00 per bottle—a week's treatment—ask for it today.

Call today for copy of "Premature Old Age—Its Cause and Prevention." By Dr. A. V. deSouza.

Loanable Funds for Local Enterprises

This Bank now has an ample supply of funds to loan on approved real estate.

Special preference is given applications for loans the proceeds of which are to be used in the development of local enterprises, since these contribute directly to the prosperity of our own community.

It is our policy to loan on First Mortgages, not to exceed 40 per cent of the appraised property valuation, and usually in amounts of from $1000 to $25,000.

Applications presented at our well-equipped Loan Department will receive careful attention and prompt action by the Bank's Loan Committee.
